Author: Erin Carkeet, Governance Officer

Responsible Officer: Anna Hebron, Group Manager People and Business Performance

Officer's Recommendation:

THAT letters of condolence be forwarded to the families of recently deceased persons from within, or associated with, the Lockyer Valley region.

RESOLUTION

THAT letters of condolence be forwarded to the families of recently deceased persons from within, or associated with, the Lockyer Valley region.

Moved By: Cr Hagan

Seconded By:

Cr Vela

Resolution Number: 20-24/0218

CARRIED

6/0

4.0 DECLARATION OF ANY PRESCRIBED CONFLICTS OF INTERESTS/DECLARABLE CONFLICTS OF INTEREST BY COUNCILLORS

4.1 Declaration of Prescribed Conflict of Interest on any Item of Business

Pursuant to Chapter 5B, Part 2 of the *Local Government Act 2009*, a councillor who has a prescribed conflict of interest in an issue to be considered at a meeting of a local government, or any of its committees must:

- (a) inform the meeting of the prescribed conflict of interest in the matter, including the following about the interest –
 - i. if it arises because of a gift, loan or contract, the value of the gift, loan or contract
 - ii. if it arises because of an application or submission, the subject of the application or submission
 - iii. the name of any entity other than the councillor that has an interest in the matter
 - iv. the nature of the councillor's relationship with the entity that has an interest in a matter
 - v. details of the councillor's and any other entity's interest in the matter; and
- (b) leave the meeting room, including any area set aside for the public, and stay out of the meeting room while the matter is being discussed and voted on unless the subject councillor has written notice from the Minister to participate in the matter.

4.2 Declaration of Declarable Conflict of Interest on any Item of Business

Pursuant to Chapter 5B, Part 3 of the *Local Government Act 2009*, a councillor who has a declarable conflict of interest in a matter to be considered at a meeting of the local government or any of its committees must inform the meeting about the personal interest in the matter, including the following particulars about the interests:

- (a) the nature of the interests
- (b) if it arises because of the councillor's relationship with a related party:
 - i. the name of the related party to the councillor
 - ii. the nature of the relationship of the related party to the councillor
 - iii. the nature of the related party's interest in the matter
- (c) if it arises because of a gift or loan from another person to the councillor or a related party:
 - i. the name of the other person
 - ii. the nature of the relationship of the other person to the councillor or related party
 - iii. the nature of the other person's interest in the matter
 - iv. the value of the gift or loan and the date the gift or loan was made.
- (d) how the councillor intends to handle the matter i.e. leave the meeting or proposes to stay in a meeting.

In accordance with section 150EQ of the Local Government Act 2009, Councillor Vela informed the meeting that he has a declarable conflict of interest in Item 15.1 'Lake Dyer Caravan & Camp Ground'. In relation to Item 15.1, the nature of the interest is that Councillor Vela advised that two of the shortlisted applicants "Donna Smith & Herbert Dunn" & "Debra and Paul Eveleigh" have been customers of Laidley Jewellers. Councillor Vela advised that he will leave the meeting room (including any area set aside for the public) while the matter is discussed and voted upon.

In accordance with section 150EQ of the Local Government Act 2009, Councillor Milligan informed the meeting that she has a declarable conflict of interest in Item 15.1 'Lake Dyer Caravan & Camp Ground'. In relation to Item 15.1, the nature of the interest is that Councillor Milligan advised that one of the shortlisted applicants "Debra and Paul Eveleigh" have been family friends of her son. Councillor Milligan advised that she will leave

the meeting room (including any area set aside for the public) while the matter is discussed and voted upon.

Moved By: Cr Wilson

Seconded By:

Cr Cook

Resolution Number: 20-24/0220

**CARRIED
6/0**

Executive Summary

In accordance with Section 204 of the *Local Government Regulation 2012*, a financial report summarising the progress of Council's actual performance against budget is to be presented to Council. This report provides a summary of Council's financial performance against budget for the financial year to 31 December 2020.

At 31 December, revenues are over target and expenditures are under target.

Proposal

Overview

Monthly reporting of Council's financial performance is a legislative requirement and reinforces sound financial management practices throughout the organisation. The following report provides a summary of Council's financial performance against budget to 31 December 2020.

Operating Revenue - Year to date target \$26.89 million Actual \$28.55 million or 106.17%

At 31 December 2020, overall operating revenue for the year to date is above target.

Rates and Utility Charges (Gross) are on target

Rates are on target with budget. The cashflow receipts from the rates levy has been closely monitored for delayed cashflows due to COVID. There has been little effect on the cashflows at this stage of the collection process with 95.91% of rates collected as at 8 January 2021.

Fees and Charges over budget by \$1.23 million

The favourable variances in fees and charges relates predominately to revenue received for the saleyard, an increase in the number of rate search fees, higher than expected income from plumbing and building fees \$0.31 million and development assessment income \$0.71 million. Revenue budgets will be reviewed as part of the December budget review.

Other Revenue over budget by \$0.19 million

Other Revenue is above budget due to the timing of rent income \$0.09 million, an insurance payment received for Plumbing \$0.03 million and a income tax equivalent adjustments from QUU.

Operating Expenditure - Year to date target \$25.91 million Actual \$25.08 million or 96.79%

At 31 December 2020, overall operating expenditure for the year to date is slightly below target.

Employee costs under budget by \$0.25 million

Employee costs are under budget due to vacancies and new positions that became available as part of the restructure still being recruited. Employee costs, including employee vacancy savings, will be reviewed for possible adjustments in the December budget review.

Goods and Services under budget by \$0.60 million

Goods and services are slightly under budget across several areas with the larger variances including fleet materials and services \$0.16 million, facilities operational and utility expenses \$0.10 million and civil operations materials and contracts \$.08 million. These variances are mostly the result of timing differences. Offsetting these underspends is an overspend on waste disposal contracts, \$0.12 million, which is to be investigated for a possible budget amendment in the December budget review.

Capital Revenue – Year to date target \$2.31 million Actual \$2.37 million or 102.81%

Capital grants, subsidies and contributions are slightly over budget at this time of the financial year due to capital contributions received for the capital program \$0.05 million and for civil operations \$0.03 million. Council is currently holding \$3.24 million in unexpended grant funds as a Contract Liability on the Statement of Financial Position which will be recognised in line with AASB 1058 as expenditure is incurred. Council continues to receive additional grant funding from the Federal and State Government as part of the COVID economic stimulus packages and the budget will be monitored and amended accordingly.

Capital Expenditure – Year to date target \$9.94 million Actual \$6.30 million or 63.35%

At 31 December 2020, Council has expended \$6.30 million on its capital works program with a further \$5.80 million in committed costs for works currently in progress.

The main expenditure is \$5.97 million within Infrastructure Group with a significant amount being capital expenditure on the renewal and upgrade of roads, bridges, parks, facilities and waste assets.

Additional detail is provided in the Capital Works Program within the attachment.

Statement of Financial Position

The Statement of Financial Position provides information on the breakdown of Council's assets and liabilities at a point in time. At 31 December, Council had \$33.01 million in current assets compared to \$13.39 million in current liabilities with a ratio of 2.46:1. This means that for every dollar of current liability, there is \$2.46 in assets to cover it.

Statement of Cash Flows

The Statement of Cash Flows provides information on the amount of cash coming in and going out. As at 31 December, there has been a net cash inflow of \$4.47 million with \$7.43 million inflow from operating activities; and a net cash outflow of \$2.23 million from investing activities including capital revenue and expenditure.

The Statement of Cash Flows is important as it shows the real movement in Council's cash balances, as opposed to the accounting movements shown in the Statement of Income and Expenditure. To maintain adequate working capital, it is estimated that Council needs around \$11.00 million cash at any one time. As at 31 December, Council's cash balance was \$30.78 million. \$3.24 million of this cash balance is unexpended grants funds and is restricted to be spent in accordance with the terms of the grant.

Options

THAT Council receive and note the Summary of Council Actual Financial Performance versus Budget to 31 December 2020.

Or

THAT Council do not receive the Summary of Council Actual Financial Performance versus Budget to 31 December 2020.

Previous Council Resolutions

Nil

Critical Dates

Nil

Strategic Implications

Corporate Plan

Leadership and Council

Outcome:

5.1 Undertake robust and accountable financial, resource and infrastructure planning and management to ensure affordable and sustainable outcomes for our community.

5.7 Compliant with relevant legislation

Finance and Resource

Monitoring of budgets and actuals will remain important if Council is to achieve the financial results adopted as part of the 2020-21 Budget, with any variations or anomalies to be investigated and action taken as appropriate. Financial impacts in relation to economic impacts because of the COVID-19 health pandemic will be monitored and reported to Council as information becomes available.

Legislation and Policy

In accordance with section 204 of the *Local Government Regulation 2012*, a financial report summarising the progress of Council's actual performance against budgeted performance is to be provided to Council.

Policy and legal implications will be addressed in future on matters that arise before Council.

Risk Management

Key Corporate Risk Category:	FE2
Reference and Risk Description:	Finance and Economic Decision making governance, due diligence, accountability and sustainability.

11.0 PEOPLE & BUSINESS PERFORMANCE REPORTS

11.1 Understanding Our Community

Author: Anna Hebron, Group Manager People and Business Performance

Responsible Officer: Anna Hebron, Group Manager People and Business Performance

Purpose:

The purpose of this report is to seek endorsement to explore ways to recognise the diversity of the Lockyer Valley community following a presentation to Lockyer Valley Regional Council (Council) on 15 December 2020 titled *Understanding Our Community*.

Officer's Recommendation:

THAT Council;

- 1. Display the three flags (National Australian Flag, Aboriginal Flag and Torres Strait Island Flag) in the Council Chambers and relevant public areas.**
- 2. Acknowledge Traditional Custodians at Council Meetings and other meetings as appropriate.**
- 3. Invite an appropriate person to provide a Welcome to Country at significant external events such as Citizenship ceremonies.**

RESOLUTION

THAT Council;

- 1. Display the three flags (National Australian Flag, Aboriginal Flag and Torres Strait Island Flag) in the Council Chambers and relevant public areas.**
- 2. Acknowledge Traditional Custodians at Council Meetings and other meetings as appropriate.**
- 3. Invite an appropriate person to provide a Welcome to Country at significant external events such as Citizenship ceremonies.**

**CARRIED
6/0**

Executive Summary

With a population of around 42 000 and an estimated 3135 businesses, the Lockyer Valley is a vibrant region supporting 'A Growing Lifestyle'. The region has a wide range of diverse businesses, with our greatest asset being our rural production capability. A key future challenge for the region is managing the expected population and residential growth and maintaining viable agricultural activities that have long served the valley. It is projected that by 2031 around 63 000 people will call the Lockyer Valley home.

In 2019 the estimated resident population was 41 731 people with an annual growth rate of 1.28% per annum. Those who identify as Aboriginal or Torres Strait Islander make up 3.9% of the population and 13% of the

Lockyer Valley community were born overseas. A significant portion of the community speak in a language other than English, as their primary language at home. More than 29 languages are used in the Lockyer Valley as the primary spoken language at home, with a small number of people not fluent in English.

There are many benefits from recognising the diversity of the community including to

- help community members feel safe and welcome
- supporting community growth and resilience
- increase engagement with the wider community
- support the longevity of the community
- boost economic prosperity and sustainability
- encourage a broader customer voice, and
- our employees feel valued and respected which increases participation and productivity.

These benefits are not only relevant to cultural diversity but also diversity in age, gender, religion, family status and disability.

Proposal

In addition to the measures undertaken to recognise the diversity of its community, it is proposed that Council:

1. Display the three flags (National Australian Flag, Aboriginal Flag and Torres Strait Island Flag) in the Council Chambers and relevant public areas
2. Acknowledge Traditional Custodians at Council Meetings and other meetings as appropriate
3. Invite an appropriate person to provide a Welcome to Country at significant external events such as Citizenship ceremonies.

11.2 Operational Plan 2020-2021 Second Quarter Performance Report, December 2020

Author: Madonna Brennan, Risk, Audit and Corporate Planning Advisor
Responsible Officer: Anna Hebron, Group Manager People and Business Performance

Purpose:

The purpose of this report is to provide a summary of Council's performance against the Operational Plan 2020-2021 for the period 1 October 2020 to 31 December 2020 (second quarter).

Officer's Recommendation:

THAT Council receive and note the second quarter performance update on the Operational Plan 2020-2021 for the period 1 October 2020 to 31 December 2020.

RESOLUTION

THAT Council receive and note the second quarter performance update on the Operational Plan 2020-2021 for the period 1 October 2020 to 31 December 2020, as attached to these Minutes.

Moved By: Cr Hagan

Executive Summary

The purpose of this report is to provide a summary of Council's performance against the Operational Plan 2020-2021 for the period 1 October 2020 to 31 December 2020 (second quarter).

Proposal

This report presents the second quarter performance report on the Operational Plan 2020-2021.

A majority of the operational plan deliverables are reported to be on track at this stage. However, a cautious approach with regard to achieving the scheduled timing and scope of some deliverables has continued to be reported this quarter. This is due to some deliverables potentially requiring rescheduling as a contingency to ensure external funded projects are delivered or as a result of the unknown future impacts of COVID-19.

Highlights of the second quarter report is the delivery of the external funded drought communities' program within the required timeframe and scope and the completion of the Detailed Business Case to advocate for improved water security and supply to the Region.

Strategic Implications

Corporate Plan

Lockyer Leadership and Council – 5.7 Compliant with relevant legislation.

Finance and Resource

The deliverables of the 2020-2021 Operational Plan are budgeted and monitored through the monthly performance reports to Council.

Legislation and Policy

Section 174(3) of the *Local Government Regulation 2012* requires the Chief Executive Officer to present a written assessment of local government's progress towards implementing the annual Operational Plan at meetings of the local government. These reports are required to be made at regular intervals of not more than three months.

Risk Management

Key Corporate Risk Code and Category: LCL1

Key Corporate Risk Descriptor: Legal Compliance and Liability

Compliance management – regulatory or contract compliance, litigation, liability and prosecution.

Lockyer Nature

Our natural assets are valued and protected to sustain our unique rural lifestyle.

3.1 Lockyer Valley's natural assets are managed, maintained and protected.

Reference	Operational Plan Deliverable 2020-21	Performance Indicator	Executive Leadership Responsibility	Action and Reporting Responsibility	Key Risk Category	Completion Date	Progress Indicators				Progress Comments
							Timing	Budget	Scope	Risk	
3.1.1	Deliver the Natural Resource Management Plan to enable a managed approach to maintaining and enhancing the region's natural resources. Implement the provisioned actions of the Natural Resource Management Plan for the 2020-21 financial year.	The Natural Resource Management Plan for the Region is completed. The provisioned actions of the Natural Resource Management Plan for the 2020-21 financial year are completed.	Group Manager Community and Regional Frequency	Manager Planning, Policy and Community Wellbeing	EC1 - Environmental and Community	31-Dec-20 (Plan) 30-Jun-21 (Action)	Resourcing expected	Operational budget within allocation	Benefits to be achieved	Identified risks being managed	The Natural Resource Management (NRM) Strategy was adopted by Council in January 2020. The more detailed NRM Plan was developed in consultation with the community and approved by Council in June 2020. The NRM Plan was then adopted by Council in June 2020. However internal Council consultation and broader community consultation were delayed due to COVID-19. A change of direction has resulted. To ensure Council have an adopted overarching Environment Strategy, documents which structure Council's strategic protection for the environment before other strategic documents are adopted. This Environment Strategy documents are adopted. The Environment Strategy will provide the basis of power and strategic direction for other environmental documents such as the NRM Plan and Catchment Action Plan. Therefore the NRM Plan project is currently on hold until the Environment Strategy has been drafted and is currently undergoing internal review. The draft Environment Strategy is scheduled to be presented for discussion at a Committee Workshop next quarter. Council and external stakeholders are continuing to work on one of the provisioned actions of Draft NRM Plan as outlined in the First Quarter report. 1. First action for the management program 2. Review the NRM environmental grants program 3. Review the NRM environmental grants program 4. Review and develop recovery management plans 5. Protect and promote old growth trees 6. Review and develop recovery management plans 7. Review and develop recovery management plans 8. Conservation incentives/Shareholding Program 9. Ecological Connectivity Plan 10. VINE Environmental Offset Policy
3.1.2	Deliver the Biodiversity Plan to enable a managed approach to maintaining the region's biodiversity requirements. Implement the provisioned actions of the Biodiversity Plan for the 2020-21 financial year.	The Biodiversity Plan for the Region is completed. The provisioned actions of the Biodiversity Plan for the 2020-21 financial year are completed.	Group Manager Community and Regional Frequency	Manager Planning, Policy and Community Wellbeing	EC1 - Environmental and Community	31-Dec-20 (Plan) 30-Jun-21 (Action)	Resourcing expected	Operational budget within allocation	Benefits to be achieved	Identified risks being managed	The draft Biodiversity Plan is currently under review by an internal stakeholder group to ensure the document is a formal to achieve the NRM Strategy and objectives and actual land under management during the next quarter. Presentation to Council workshop for discussion and report to Council for adoption.

11.3 Rationalisation of Council Land at 25 Frome Street, Laidley

Author: Caitlan Natalier, Coordinator Governance and Property
Responsible Officer: Anna Hebron, Group Manager People and Business Performance

Purpose:

The purpose of this report is to obtain a resolution to enable the sale of 25 Frome Street, Laidley and delegate authority to the Chief Executive Officer to identify and authorise the sale of other Council land in future as part of the Land Asset Rationalisation Project.

Officer's Recommendation:

THAT Council resolve to approve the sale of 25 Frome Street, Laidley described as Lot 8 on RP860774 in accordance with Chapter 6, Part 3 of the *Local Government Regulation 2012*;

AND FURTHER that Council resolve to delegate authority to the Chief Executive Officer to:

- (a) identify and authorise the sale of other Council owned land as part of the Land Asset Rationalisation Project; and**
- (b) take all steps necessary to effect the land disposals on terms satisfactory to Council.**

RESOLUTION

THAT Council resolve to approve the sale of 25 Frome Street, Laidley described as Lot 8 on RP860774 in accordance with Chapter 6, Part 3 of the *Local Government Regulation 2012*;

AND FURTHER that Council resolve to delegate authority to the Chief Executive Officer to:

- (a) identify and authorise the sale of other Council owned land as part of the Land Asset Rationalisation Project; and**
- (b) take all steps necessary to effect the land disposals on terms satisfactory to Council.**

Seconded By:

Cr Wilson

Resolution Number: 20-24/0223

CARRIED

6/0

Executive Summary

This report is presented to consider selling 25 Frome Street, Laidley and to delegate authority to the Chief Executive Officer to identify and authorise future Council properties for sale as part of the Land Asset Rationalisation Project.

Proposal

In September 2020 Council resolved to procure a real estate agent for a period of 12 months to sell Council properties. At the same time, Council identified seven properties to be marketed for sale.

Gatton Real Estate (the **Agent**) was appointed and marketing and tender processes for the sale of land have commenced. One property currently being marketed for sale is situated at 27 Frome Street, Laidley. This property contains a dwelling and is significantly impacted by the Moonie to Brisbane oil pipeline easement that runs through the Lockyer Valley.

The Agent has advised that buyers have expressed concern with the extent of the easement. The Agent has enquired whether the adjoining land to the west, at 25 Frome Street, would be available for sale either separately or together with 27 Frome Street, to increase the attractiveness of the property.

The land details for 25 Frome Street, Laidley are:

Area:	1,031m ²
Tenure:	Freehold
Improvements:	To be sold as vacant land.
Current Use:	Colourbond shed was constructed by Laidley Crisis Care with funding and is licensed for their storage use until 31 March 2021. Licence may be terminated earlier by Council by notice in writing and shed may be removed.
Zoning:	Urban Residential
Flood Risk	None
TLPI 2020 applies	No

The property at 25 Frome Street, Laidley has previously been identified by the Governance and Property team as suitable for sale, however was not originally proposed for immediate sale due to the shed being subject to a licence. As the licence is due to expire in March 2021, it is likely that if an offer is accepted the settlement of the sale contract would only occur once the licence has expired.

The recommendation in this report has been made to enable Council the flexibility to take advantage of any interest in both 25 and 27 Frome Street, Laidley being able to be purchased together by one buyer.

The recommendation also includes a delegation to the Chief Executive Officer to identify and approve any future properties for sale as part of the Land Asset Rationalisation Project to streamline the operational process.

Options

Option 1 Approve 25 Frome Street, Laidley for sale.

Option 2 Not approve 25 Frome Street, Laidley for sale.

Previous Council Resolutions

16 September 2020 Resolution 20-24/0141

Critical Dates

The current tender period for the sale of land closes on 19 February 2021.

Strategic Implications

Corporate Plan

Lockyer Leadership and Council

5.7 Compliant with relevant legislation

Finance and Resource

Costs can be absorbed within the existing capital budget allocation for the Land Asset Rationalisation Project. Price will be determined by the market through the tender process.

Legislation and Policy

Council must comply with Section 227 of the *Local Government Regulation 2012* before the property can be sold.

Risk Management

Key Corporate Risk Code and Category: LCL1 Legal Compliance and Liability

Key Corporate Risk Descriptor: Compliance management – regulatory or contract compliance, litigation, liability and prosecution

Consultation

Internal Consultation

The Community Facilities team has been consulted and has no objection to the sale of the property.

External Consultation

Laidley Crisis Care has been notified of the proposal to present 25 Frome Street, Laidley to Council for consideration for sale.

Cr Holstein arrived at the meeting, the time being 09:24am.

11.4 Request to Lease 41, 43 and 45 Railway Street, Helidon - Application of Section 236(1)(c)(iv) Local Government Regulation Exception

Author: Julie Millard, Property Officer

Responsible Officer: Anna Hebron, Group Manager People and Business Performance

Purpose:

The purpose of this Report is to consider a request for the lease of land described as Lot 1 on RP 23143, Lot 2 on RP 23143 and Lot 3 on RP 23143 by the owner of the adjoining Lot 2 on CSH2483 and comply with Council's statutory obligations under Section 236 of the *Local Government Regulation 2012*.

Officer's Recommendation:

THAT in relation to the request to lease Lot 1 on RP23143, Lot 2 on RP23143 and Lot 3 on RP23143 by the owner of the adjoining Lot 2 on CSH2483, Council resolve to:

- a) apply the Section 236(1)(c)(iv) *Local Government Regulation 2012* exception from tendering and offer a lease to the adjoining owner on terms satisfactory to Council; and**
- b) delegate authority to the Chief Executive Officer to negotiate satisfactory lease terms and do all things necessary to give effect to this resolution.**

RESOLUTION

THAT in relation to the request to lease Lot 1 on RP23143, Lot 2 on RP23143 and Lot 3 on RP23143 by the owner of the adjoining Lot 2 on CSH2483, Council resolve to:

- a) apply the Section 236(1)(c)(iv) *Local Government Regulation 2012* exception from tendering and offer a lease to the adjoining owner on terms satisfactory to Council; and**
- b) delegate authority to the Chief Executive Officer to negotiate satisfactory lease terms and do all things necessary to give effect to this resolution.**

Moved By: Cr Holstein

Seconded By:

Cr Vela

Resolution Number: 20-24/0224

**CARRIED
7/0**

Executive Summary

This report is presented for Council's consideration to comply with Council's obligations under Section 236 *Local Government Regulation 2012* and consider the adjoining owner's request to lease the land described as Lot 1 on RP 23143, Lot 2 on RP 23143 and Lot 3 on RP 23143 and situated at 41, 43 and 45 Railway Street, Helidon without inviting tenders for the lease.

Proposal

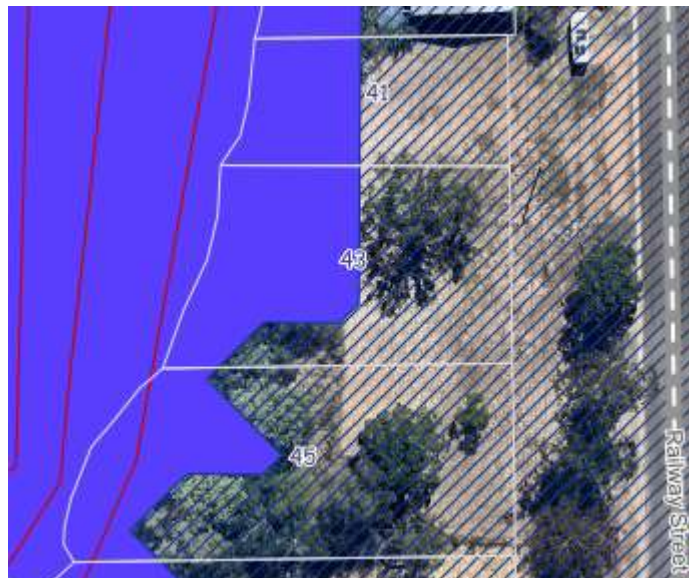

On 11 November 2020 Council received a request from the owner of 39 Railway Street, Helidon (**Adjoining Owner**) to lease land described as Lot 1 on RP 23143, Lot 2 on RP 23143 and Lot 3 on RP 23143 situated at 41, 43 and 45 Railway Street, Helidon (**Land**).

Council owns the Land. Council acquired the Land in 2001 after relocating five families whose houses were being undermined by the Lockyer Creek at Helidon. Council purchased the properties and removed the dwellings. The Land was then dedicated as open space and has remained vacant.

The Land details are:

Area	3,123m ²
Tenure	Freehold
Zoning	Open Space
Flood Risk	High Hazard and Investigation Area

-  High Hazard
-  Medium Hazard
-  Low Hazard
-  Investigation Area

TLPI 2020 applies Yes

An Aerial Plan showing the Land is **Attachment 1** to this report.

The Adjoining Owner's intention is to lease the Land for use as a vegetable patch and for the grazing of one horse. An annual rental of \$150.00 including GST has been offered however in order to comply with Section 236(3) *Local Government Regulation 2012* any lease of the Land will need to be for a rental that is at least equal to, or more than, the market value of the interest in the land.

Options

Strategic Implications

Corporate Plan

Lockyer Leadership and Council

- 5.2 Excellence in customer service to our community
- 5.7 Compliant with relevant legislation

Finance and Resources

There will be a cost to Council of up to \$1,650.00 to obtain a market valuation to determine the lease rental. An independent market valuation is required under Section 236 of the *Local Government Regulation 2012*.

The lease will be prepared by Council's Property Officer.

The Adjoining Owner will be required to obtain public liability insurance and be responsible for all lease costs including fencing, maintenance and lease registration fees.

Legislation and Policy

Council must comply with Section 236 of the *Local Government Regulation 2012* before a lease to the Adjoining Owner can be offered.

Risk Management

Key Corporate Risk Code and Category: LCL1 Legal Compliance and Liability

Key Corporate Risk Descriptor: Compliance management – regulatory or contract compliance, litigation, liability and prosecution

Consultation

Internal Consultation

The following business units have been consulted in the preparation of this report:

- Growth and Policy
- Development Assessment
- Community Wellbeing
- Finance
- Community Facilities
- Technical Services

The creek bank at the rear of the lots is susceptible to erosion. Appropriate conditions restricting grazing on the rear of the lots and prohibiting the removal of existing native vegetation will be considered for inclusion in the lease.

11.5 Request for Renewal of Trustee Lease over Lot 15 on RP 862336 - Beutel Road, Laidley Creek West

Author: Julie Millard, Property Officer

Responsible Officer: Anna Hebron, Group Manager People and Business Performance

Purpose:

The purpose of this report is to consider a request from the current Lessee to renew the Trustee Lease over Lot 15 on RP862336 situated at Beutel Road, Laidley Creek West and comply with Council's obligations under Section 236 of the *Local Government Regulation 2012*.

Officer's Recommendation:

THAT in relation to the request for a renewal of the Trustee Lease over Lot 15 on RP862336 by the current Lessee, Council resolve to:

- a) Apply the Section 236(1)(c)(iii) *Local Government Regulation 2012* exception from tendering and offer a new Trustee Lease to the current Lessee on terms satisfactory to Council; and**
- b) Delegate authority to the Chief Executive Officer to negotiation lease terms and do all things necessary to enter into a new Trustee Lease to give effect to this resolution.**

RESOLUTION

THAT in relation to the request for a renewal of the Trustee Lease over Lot 15 on RP862336 by the current Lessee, Council resolve to:

- a) Apply the Section 236(1)(c)(iii) *Local Government Regulation 2012* exception from tendering and offer a new Trustee Lease to the current Lessee on terms satisfactory to Council; and**
- b) Delegate authority to the Chief Executive Officer to negotiation lease terms and do all things necessary to enter into a new Trustee Lease to give effect to this resolution.**

Moved By: Cr Cook

Seconded By:

Cr Holstein

Resolution Number: 20-24/0225

**CARRIED
7/0**

Executive Summary

This report is presented for Council's consideration to comply with Council's obligations under Section 236 *Local Government Act 2012* and respond to the current Lessee's request for a renewal of lease over Lot 15 on RP862336 situated at Beutel Road, Laidley Creek West.

Proposal

The Lessee has been leasing Council managed land described as Lot 15 on RP862336 situated at Beutel Road, Laidley Creek West (**Land**) since 1 November 2015 for horse grazing.

The Land details are:

Area:	7.5 hectares
Tenure:	Reserve for Park and Recreation Purposes
Zoning:	Open Space and Reserves
Flood Risk:	Investigation Area

-  High Hazard
-  Medium Hazard
-  Low Hazard
-  Investigation Area

TLPI 2020 applies:	Yes
Environmental Overlays:	Moderate Ecological Significance Environmental Constraint – Water Salinity Area

An Aerial Plan showing the Land is **Attachment 1** to this report.

The Trustee Lease expired on 31 October 2020 and the Lessee is currently holding over on the same terms and conditions, which are as follows:

Lease Type:	Trustee Lease
Permitted Use:	Horse grazing

Current Annual Rental:	\$1,176.00
Payment Frequency:	Quarterly instalments
Annual Rental Increase:	CPI
Rental Arrears:	Nil
Lessee's Outgoings:	Fencing Insurance
Council's Costs:	Nil

Prior to expiry of the Trustee Lease, the Governance and Property team received requests from:

- the Lessee seeking a renewal of the Trustee Lease for a term of five years; and
- Council's Environmental officers to assess the suitability of the land for environmental purposes.

On 24 November 2020 a site inspection and investigation of the Land was conducted by Council's Property Officer and Catchment Project Officer. The Catchment Project Officer, in consultation with other environmental officers within Council, determined that there was no apparent damage occurring to the environmental values of the property and recommended that the leasing arrangement remain in place.

It is proposed a new Trustee Lease on similar terms is offered with the additional prescribed terms contained in Schedule 3 of the *Land Regulation 2020*.

Options

- Option 1 Offer a new Trustee Lease to the Lessee.
- Option 2 Invite public tenders for the lease of the Land to test market interest.
- Option 3 Refuse the Lessee's request.

Strategic Implications

Corporate Plan

Lockyer Leadership and Council

- 5.2 Excellence in customer service to our community
- 5.7 Compliant with relevant legislation

Finance and Resource

There will be a cost to Council of up to \$1,650.00 to obtain a market valuation to confirm the proposed lease rental. An independent market valuation is required under Section 236 of the *Local Government Regulation 2012*.

The trustee lease will be prepared by Council's Property Officer.

Legislation and Policy

The Lessee was awarded the initial lease of the Land following a public tender process. Council must comply with Section 236 of the *Local Government Regulation 2012* before a new lease to the current Lessee can be offered. The lease must also contain the prescribed terms set out in Schedule 3 of the *Land Regulation 2020*.

A Land Management Plan has also been registered over the Land and will need to be updated by Council to reflect the new trustee lease to comply with the Department of Resources *Land Act 1994 Policy*.

Risk Management

Key Corporate Risk Code and Category: LCL1 Legal Compliance and Liability

Key Corporate Risk Descriptor: Compliance management – regulatory or contract compliance, litigation, liability and prosecution

Consultation

Internal Consultation

The following business units have been consulted in the preparation of this report:

- Growth and Policy
- Development Assessment
- Community Wellbeing
- Finance
- Community Facilities
- Technical Services

The Catchment Project Officer recommends that the leasing arrangement continue with the Lessee to continue undertaking weed control and ensure that the native vegetation is not impacted by herbicide or the grazing activities.

Council's Senior Environmental Planner has advised the vegetation on the Land is protected by the Koala Conservation Planning Framework, the *Vegetation Management Act 1999* and the Natural and Environmental Significance overlay under the Laidley Planning Scheme 2003. The lease terms will require the Lessee to comply with all applicable laws.

Council's Planning Officer has advised that Lessee will need to obtain and comply with all necessary planning approvals for the grazing use of the Land.

External Consultation

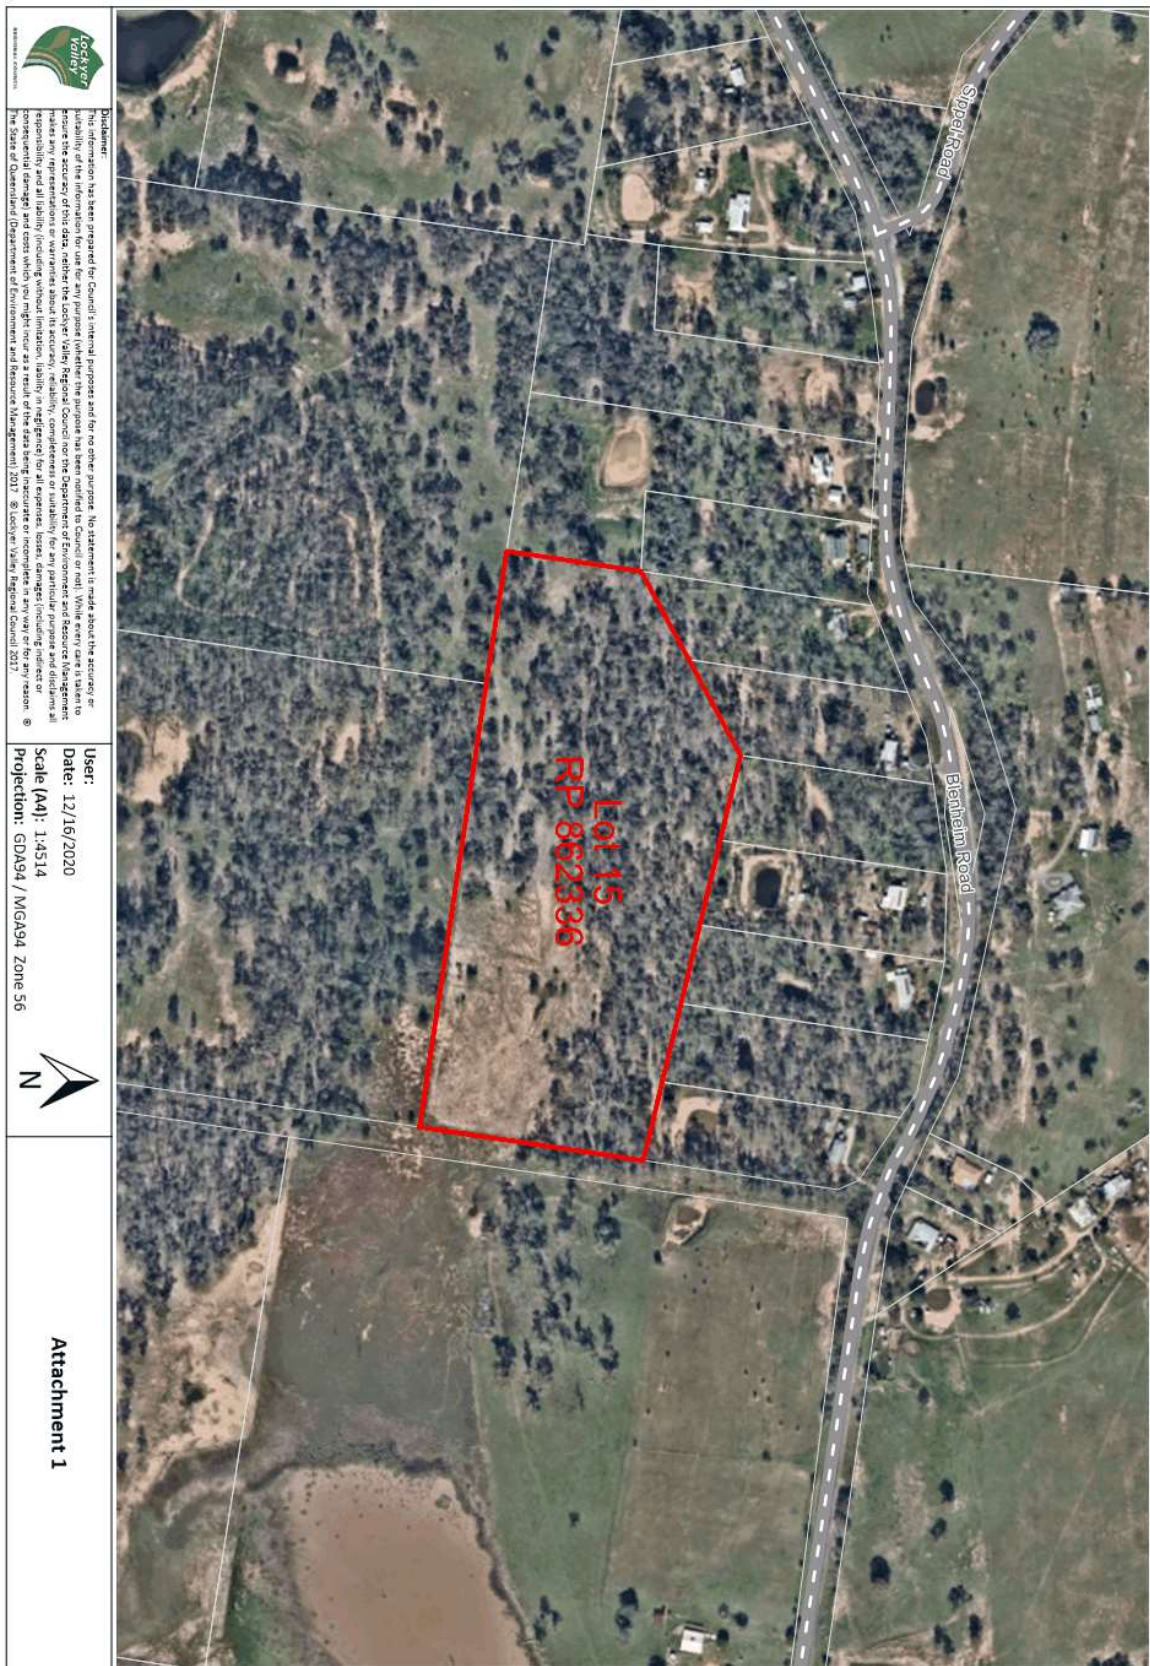

Not applicable.

Community Engagement

Not applicable.

Not Applicable.

VARIATION APPROVAL

A Variation Approval under the *Planning Act 2016* has been granted. The level of assessment and applicable codes for any development approval resulting from this approval are identified in the conditions.

FURTHER PERMITS REQUIRED

Not Applicable.

CURRENCY PERIOD OF APPROVAL

The currency period for the Preliminary Approval including a Variation Request to vary the effect of the *Laidley Shire Planning Scheme 2003* is five (5) years starting the day that this variation approval takes effect. (Refer to Section 88 “Lapsing of approval for failing to complete development” of the *Planning Act 2016*.)

The currency period for the Development Permit for Reconfiguring a Lot for Subdivision (1 Lot into 5 Lots) is four (4) years starting the day that this development approval takes effect. (Refer to Section 85 “Lapsing of approval at end of currency period” of the *Planning Act 2016*.)

ASSESSMENT MANAGER CONDITIONS

Preliminary Approval including a Variation Request to vary the effect of the *Laidley Shire Planning Scheme 2003*

NO.	CONDITION	TIMING
1.	The Rural Residential Zone, assessment tables and assessment criteria under the <i>Laidley Shire Planning Scheme 2003</i> shall apply to Lot 18 RP200060 also known as Proposed Lots 1, 2, 3, 4 and 5. These allotments are considered to be zoned Rural Residential under the <i>Laidley Shire Planning Scheme 2003</i> .	At all times while the approval is current.

Development Permit for Reconfiguring a Lot for Subdivision (1 Lot into 5 Lots)

NO.	CONDITION	TIMING
1.	Undertake the development generally in accordance with the approved plan. This plan will form part of the approval unless otherwise amended by conditions of this approval.	Prior to lodgement of a request for sealing of survey plan of subdivision.
2.	Maintain the approved development in accordance with the approved drawing/s and/or document, and any relevant Council or other approval required by conditions.	At all times.
3.	Pay all outstanding rates and charges applicable to the subject land.	Upon lodgement of a request for sealing of survey plan.
4.	Submit certification from a Licensed Surveyor or suitably qualified person that all works approved by the conditions of this approval have been constructed in accordance with the Approved Plans and relevant specifications. Note: Photographic evidence to be submitted of constructed works along with the certification.	Upon lodgement of a request for sealing of survey plan.

Plan Sealing Requirements

5.	All conditions must be complied with prior to the plan of survey being sealed by Council.	Prior to lodgement of a request for sealing of survey plan of subdivision.
6.	Submit an assessment to Council detailing the development’s compliance with each condition of this approval or agreed variation.	Upon lodgement of a request for sealing of survey plan.
7.	Provide certification from a Licensed Surveyor that the lots created accord with the approved plan.	Upon lodgement of a request for sealing of survey plan.

Alterations and/or Relocations

8.	Any alteration or relocation in connection with or arising from the development to any service, installation, plant, equipment or other item belonging to or under the control of the telecommunications authority, electricity authority or Council or other person engaged in the provision of public utility services is to be carried out with the development and at no cost to Council.	At all times.
9.	Replace existing Council infrastructure (including but not limited to any street trees and footpaths) to a standard which is consistent with Council's standards should this infrastructure be damaged as part of construction works.	At all times.
Public Utilities		
10	All utilities must be installed within the relevant utility corridor in accordance with the Institute of Public Works Australasia's standard drawing number RS-100 <i>public utilities typical service corridors and alignments</i> and RS-101 <i>public utilities typical service conduit sections</i> .	Prior to lodgement of a request for sealing of survey plan of subdivision.
11	Kerb markers must be installed to identify the location of cross road services e.g. water, electricity, telecommunications and gas as applicable.	Prior to lodgement of a request for sealing of survey plan of subdivision.
Location of Services		
12	Submit certification from a Licensed Surveyor or suitably qualified person that all services are located wholly within the lot it serves.	Upon lodgement of a request for sealing of survey plan.
13	Remove any services made redundant as a result of the development and reinstate the land.	Prior to lodgement of a request for sealing of survey plan of subdivision.
Electricity and Telecommunications		
14	Provide evidence (e.g. Certificate of Supply to Subdividers with agreement) demonstrating that electricity supply has been provided to each lot.	Upon lodgement of a request for sealing of survey plan.
15	Provide evidence (e.g. Certificate of Supply) demonstrating that telecommunications have been provided to each lot.	Upon lodgement of a request for sealing of survey plan.
16	Telecommunications conduits (ducts) and pits, including trenching and design, must be provided to service the development in accordance with the NBN Co installing pit and conduit infrastructure – guidelines for developers.	Prior to lodgement of a request for sealing of survey plan of subdivision.
Water and Wastewater		
17	Provide a Connection Certificate from the distributor-retailer, trading as Urban Utilities, that each allotment has been connected to reticulated water.	Upon lodgement of a request for sealing of survey plan.
Stormwater		
18	All works associated with this development must be undertaken without resulting in stormwater damage or nuisance to surrounding and/or downstream properties or infrastructure.	At all times.
Access		
19	Access to Lot 1 must be via Primrose Place only. No access is permitted from Staatz Quarry Road. Future purchasers are to be advised that no access will be permitted from Staatz Quarry Road.	At all times.

ADVISORY NOTES

- (i) A property note will be placed on Lot 1 that prohibits access from Staatz Quarry Road.
- (ii) Council will issue an Infrastructure Charges Notice. These charges are required to be paid prior to the sealing of the survey plan.
- (iii) All works associated with this approval may not start until all subsequent approvals have been obtained, and its conditions complied with.
- (iv) Any additions or modifications to the approved use (not covered in this approval) may be subject to further application for development approval.

(v) **Fire ants**

Biosecurity Queensland should be notified on 13 25 23 of proposed development(s) occurring in the fire ant biosecurity zone before operational works commence. It should be noted that works involving fire ant carrier materials may be subject to movement controls and failure to obtain necessary approvals from Biosecurity Queensland is an offence.

It is a legal obligation to report any sighting or suspicion of fire ants within 24 hours to Biosecurity Queensland on 13 25 23.

The Fire Ant Restricted Area as well as general information can be viewed on the [DAF website](#).

(vi) **Biosecurity**

Ensure all invasive pest weed species under the *Biosecurity Act 2014* are removed appropriately prior to removing trees on site.

Everyone is obligated under the *Biosecurity Act 2014* to take all reasonable and practical steps to minimise the risks associated with invasive plants under their control. More information on restricted and invasive plants as well as your general biosecurity obligation (GBO) can be viewed on the [Business Queensland website](#).

(vii) **Cultural heritage**

The *Aboriginal Cultural Heritage Act 2003* requires anyone who carries out a land use activity to exercise a duty of care. Further information on cultural heritage duty of care is available on the [Department of Aboriginal and Torres Strait Islander Partnerships](#) (DATSIP) website.

The DATSIP has established a [register and database](#) of recorded cultural heritage matters, which is also available on the Department's website.

Should any aboriginal, archaeological or historic sites, items or places be identified, located or exposed during construction or operation of the development, the *Aboriginal Cultural Heritage Act 2003* requires all activities to cease. Please contact DATSIP for further information.

Advice for Urban Utilities

On 1 July 2014, Urban Utilities became the assessment manager for the water and wastewater aspects of development applications. An application will need to be made directly to Urban Utilities for water supply connections for the proposed development.

RESOLUTION

THAT the application (MC2020/0036 & RL2020/0014) for a Preliminary Approval including a Variation Request to vary the effect of the *Laidley Shire Planning Scheme 2003* and Development Permit for Reconfiguring a Lot for Subdivision (1 Lot into 5 Lots) on Lot 18 RP200060 at 100 Staatz Quarry Road, Regency Downs be approved subject to the following conditions:

APPROVED PLANS

The following plans are Approved Plans for the development:

Approved Plans

Plan No.	Rev.	Plan Name	Date
-	-	100 Staatz Quarry Road, Regency Downs Lot 18 RP200060, prepared by the Applicant	Received by Council 23 June 2020

REFERENCED DOCUMENTS

Not Applicable.

VARIATION APPROVAL

A Variation Approval under the *Planning Act 2016* has been granted. The level of assessment and applicable codes for any development approval resulting from this approval are identified in the conditions.

FURTHER PERMITS REQUIRED

Not Applicable.

CURRENCY PERIOD OF APPROVAL

The currency period for the Preliminary Approval including a Variation Request to vary the effect of the *Laidley Shire Planning Scheme 2003* is five (5) years starting the day that this variation approval takes effect. (Refer to Section 88 "Lapsing of approval for failing to complete development" of the *Planning Act 2016*.)

The currency period for the Development Permit for Reconfiguring a Lot for Subdivision (1 Lot into 5 Lots) is four (4) years starting the day that this development approval takes effect. (Refer to Section 85 "Lapsing of approval at end of currency period" of the *Planning Act 2016*.)

Electricity and Telecommunications		
14	Provide evidence (e.g. Certificate of Supply to Subdividers with agreement) demonstrating that electricity supply has been provided to each lot.	Upon lodgement of a request for sealing of survey plan.
15	Provide evidence (e.g. Certificate of Supply) demonstrating that telecommunications have been provided to each lot.	Upon lodgement of a request for sealing of survey plan.
16	Telecommunications conduits (ducts) and pits, including trenching and design, must be provided to service the development in accordance with the NBN Co installing pit and conduit infrastructure – guidelines for developers.	Prior to lodgement of a request for sealing of survey plan of subdivision.
Water and Wastewater		
17	Provide a Connection Certificate from the distributor-retailer, trading as Urban Utilities, that each allotment has been connected to reticulated water.	Upon lodgement of a request for sealing of survey plan.
Stormwater		
18	All works associated with this development must be undertaken without resulting in stormwater damage or nuisance to surrounding and/or downstream properties or infrastructure.	At all times.
Access		
19	Access to Lot 1 must be via Primrose Place only. No access is permitted from Staatz Quarry Road. Future purchasers are to be advised that no access will be permitted from Staatz Quarry Road.	At all times.

ADVISORY NOTES

- (i) A property note will be placed on Lot 1 that prohibits access from Staatz Quarry Road.
- (ii) Council will issue an Infrastructure Charges Notice. These charges are required to be paid prior to the sealing of the survey plan.
- (iii) All works associated with this approval may not start until all subsequent approvals have been obtained, and its conditions complied with.
- (iv) Any additions or modifications to the approved use (not covered in this approval) may be subject to further application for development approval.
- (v) **Fire ants**
Biosecurity Queensland should be notified on 13 25 23 of proposed development(s) occurring in the fire

ant biosecurity zone before operational works commence. It should be noted that works involving fire ant carrier materials may be subject to movement controls and failure to obtain necessary approvals from Biosecurity Queensland is an offence.

It is a legal obligation to report any sighting or suspicion of fire ants within 24 hours to Biosecurity Queensland on 13 25 23.

The Fire Ant Restricted Area as well as general information can be viewed on the [DAF website](#).

(vi) Biosecurity

Ensure all invasive pest weed species under the *Biosecurity Act 2014* are removed appropriately prior to removing trees on site.

Everyone is obligated under the *Biosecurity Act 2014* to take all reasonable and practical steps to minimise the risks associated with invasive plants under their control. More information on restricted and invasive plants as well as your general biosecurity obligation (GBO) can be viewed on the [Business Queensland website](#).

(vii) Cultural heritage

The *Aboriginal Cultural Heritage Act 2003* requires anyone who carries out a land use activity to exercise a duty of care. Further information on cultural heritage duty of care is available on the [Department of Aboriginal and Torres Strait Islander Partnerships](#) (DATSIP) website.

The DATSIP has established a [register and database](#) of recorded cultural heritage matters, which is also available on the Department's website.

Should any aboriginal, archaeological or historic sites, items or places be identified, located or exposed during construction or operation of the development, the *Aboriginal Cultural Heritage Act 2003* requires all activities to cease. Please contact DATSIP for further information.

Advice for Urban Utilities

On 1 July 2014, Urban Utilities became the assessment manager for the water and wastewater aspects of development applications. An application will need to be made directly to Urban Utilities for water supply connections for the proposed development.

Executive Summary

This report considers a development application (MC2020/0036 & RL2020/0032) for a Preliminary Approval including a Variation Request to vary the effect of the *Laidley Shire Planning Scheme 2003* and Development Permit for Reconfiguring a Lot for Subdivision (1 Lot into 5 Lots) at 100 Staatz Quarry Road, Regency Downs. The following table summarises the application details.

APPLICATION SUMMARY	
Applicant:	Aprillia Pty Ltd C/- Elite Town Planning
Proposal:	Preliminary Approval including a Variation Request to vary the effect of the <i>Laidley Shire Planning Scheme 2003</i> and Development Permit for Reconfiguring a Lot for Subdivision (1 Lot into 5 Lots)
Properly Made Date:	23 June 2020
Street Address:	100 Staatz Quarry Road REGENCY DOWNS
RP Description:	Lot 18 RP 200060
Assessment Type:	Impact
Number of Submissions:	2
State Referral Agencies:	Not Applicable
Referred Internal Specialists:	<ul style="list-style-type: none"> • Development Engineer • Building Certifier • Plumbing Inspector
DA Stage	Part 5: Decision

The application has been assessed in accordance with the requirements of the *Planning Act 2016*. The development complies with the applicable assessment benchmarks, subject to reasonable and relevant conditions.

Proposal

The application seeks approval for a Preliminary Approval including a Variation Request to vary the effect of the *Laidley Shire Planning Scheme 2003* and Development Permit for Reconfiguring a Lot for Subdivision (1 Lot into 5 Lots) at 100 Staatz Quarry Road, Regency Downs. The application proposes to vary the *Laidley Shire Planning Scheme 2003* to apply a Rural Residential zone.

The following table describes the key development parameters for the proposal.

RECONFIGURING A LOT	DEVELOPMENT PARAMETERS
Number of Proposed Lots	5
Size of Proposed Lots	Lot 1: 4020m ² Lot 2-5: 4005m ²
Easements	Nil
Covenants	Nil

Site Details

SITE AND LOCALITY DESCRIPTION	
Land Area:	1.9995 Hectares
Existing Use of Land:	Vacant
Road Frontage:	Staatz Quarry Road: 99m Primrose Place: 184m
Significant Site Features:	No existing buildings, sparsely vegetated

Topography:	Flat – gentle slope down towards Staatz Quarry Road
Surrounding Land Uses:	Residential

Background / Site History

There are no existing planning approvals over the subject site. A formal prelodgement meeting was not held in relation to the proposal. Although a meeting was held with officers on 15 June 2020 to discuss the proposal in principle.

ASSESSMENT:

Framework for Assessment

Categorising Instruments for Statutory Assessment

For the *Planning Act 2016*, the following Categorising Instruments may contain Assessment Benchmarks applicable to development applications:

- the *Planning Regulation 2017*
- the Planning Scheme for the local government area
- any Temporary Local Planning Instrument
- any Variation Approval

Of these, the planning instruments relevant to this application are discussed in this report.

Assessment Benchmarks Pertaining to the *Planning Regulation 2017*

The following Assessment Benchmarks from the *Planning Regulation 2017* are applicable to this application:

PLANNING REGULATION 2017 DETAILS	
Assessment Benchmarks:	<ul style="list-style-type: none">• State Planning Policy (Water Quality, and Natural Hazards, Risk & Resilience)
SEQ Regional Plan Designation:	Rural Living Area

State Planning Policy

Water Quality

The proposed development will not result in six or more lots. Assessment against this State Interest is not required.

Natural Hazards, Risk & Resilience

The subject site is located within a Flood hazard area – Local Government flood mapping area. No assessment against this State Interest is required as the subject site is not located within Council's *Temporary Local Planning Instrument 01/2019 (Flood Regulation)*.

South East Queensland Regional Plan

The subject site is located within the Rural Living Area under the SEQ Regional Plan. There is no minimum lot size prescribed for the Rural Living Area. The SEQ Regional Plan supports growth within this area for Rural

Residential purposes. The proposed development is therefore considered to be consistent with the SEQ Regional Plan.

Assessment Benchmarks Pertaining to the Planning Scheme

The applicable planning scheme for the application is *Laidley Shire Planning Scheme 2003*. The following sections relate to the provisions of the Planning Scheme.

Planning Scheme:	Laidley Shire Planning Scheme 2003
Zone:	Rural Landscape
Consistent/Inconsistent Use:	Not Applicable
Assessment Benchmarks:	Planning Scheme

Desired Environmental Outcomes

The Desired Environmental Outcomes (DEOs) are:

- Environment
- Economic
- Community Well-Being and Lifestyle

Environment

The subject site is not located within an area of ecological significance. The subject site is very sparsely vegetated with limited vegetation. Therefore, it is considered the development will have limited impacts upon any fauna or flora habitat areas. The site is not identified as being susceptible to land degradation. The site is not identified as a place of cultural heritage significance. Future development of the proposed lots would be generally for residential purposes, which is considered, in this instance to have limited impacts to the environment.

Economic

The subject site is not identified as Good Quality Agricultural Land (GQAL), nor is the subject site located in close proximity to GQAL. The surrounding area generally consists of residential uses predominantly dwelling houses. The further development of this property for residential purposes is considered acceptable and will not preclude the further development of industry/business opportunities, as industry/business opportunities are unlikely to be consistent with the area.

Community Well-Being and Lifestyle

The subject site has convenient access to existing roads and services. Staatz Quarry Road and Primrose Place, which the lot has frontage to, are both constructed to a bitumen sealed standard. Water, electricity and telecommunication infrastructure is available within the area to service the property.

The subject site is located within an area zoned as Rural Landscape. This area is generally characterised by lots approximately one hectare to two hectares in size. To the east lot sizes increase substantially up to 40 hectares in size. The area is generally not used for rural purposes and is generally utilised for residential purposes as well as stables. Approximately 700m to the south is the current extent of the rural residential area with lot sizes ranging from 4000m² to 8000m². Immediately to the west of the site is a small commercial centre which includes a tavern, convenience store and other small commercial tenancies. Approximately two

kilometres to the north is the Lockrose residential area, which includes a primary school and lots approximately 4000m² in size.

Under the most recent SEQ Regional Plan 2017, the designation of the subject site and surrounding catchment area was changed from the Regional Landscape and Rural Production Area to the Rural Living Area. This indicates the intent by the State Government for this land to be further developed for Rural Residential purposes. Council has not yet undertaken structure planning within this catchment area which would take into account the values and constraints and existing infrastructure of the area, as well as informing the built form and character of the area (i.e. minimum lot size).

The variation request of this land to apply Rural Residential zone provisions is considered to be a logical expansion of the Rural Residential area, given its close proximity to existing Rural Residential development, the commercial centre and Lockrose to the north. However, the development must be undertaken in a manner that does not compromise the future development of the area or prevent future development of the area in an orderly, logical and efficient manner.

In this situation, the subject site is located on the edge of the catchment area, has two road frontages – Staatz Quarry Road and Primrose Place, and is not constrained by any overlays (i.e. flooding, vegetation, bushfire, slope). Further development of this lot for rural residential purposes (subdivision) is therefore not considered to compromise the future development of the catchment area given that all lots meet the minimum lot size for the Rural Residential area and all lots are regular in shape and have direct frontage with no lots being a rear access handle allotment.

Staatz Quarry Road is a higher order road being a rural collector road with Primrose Place being a rural access road. As Council is yet to undertake structure planning for the area, it is considered that access to Staatz Quarry Road be limited given its road classification and the likelihood for the road to become a main access point for the catchment area. Structure planning will further inform the road classification for the area and whether additional accesses are recommended. As all lots can obtain access from Primrose Place, it is recommended that a condition be imposed that does not permit access to Staatz Quarry Road. This will ensure the function and safety of Staatz Quarry Road is protected.

On this basis, it is considered that the subject site is suitable to be developed for Rural Residential purposes as outlined above. The lot size and shape facilitates the highest and best use for Rural Residential purposes that could be achieved, even after taking into account any potential structure planning for the area. The lot size, shape and location with two road frontages means that the lot can be realised for rural residential living without the need to rely on the development of surrounding properties. Further the development of the lot as proposed will not compromise future development in the surrounding area for rural residential living. However, it should be noted future development within the catchment area may need to be limited until such time as structure planning is undertaken to inform development of the area, if similar circumstances to the subject site are not able to be demonstrated. This is to ensure future development is not compromised and the development of the area achieves a logical, orderly and efficient development pattern that provides for appropriate connectivity.

The proposed development is for Rural Residential purposes and will not impact upon Laidley's role as the main township. The subject site is not impacted by any natural or other hazards.

There are no existing footpath connections within the area. Therefore, it is not considered reasonable in this situation to impose requirements to construct a footpath for the development. Further, as there is no existing footpath within the area, there would be no pedestrian connectivity provided.

The application has been assessed against each of the matters above and found to be generally consistent with each DEO.

Assessment Benchmarks – Planning Scheme Codes

The application has been assessed against each of the applicable codes and found to be compliant with or can be conditioned to comply. The pertinent issues arising out of assessment against the codes are discussed below:

Preliminary Approval – Variation Request

The Preliminary Approval is to apply the Rural Residential zoning and its provisions (i.e. Table of Assessment) as identified under the *Laidley Shire Planning Scheme 2003* to the subject site. As outlined above, it is considered that in this instance the land is suitable for Rural Residential development, which includes applying the minimum lot size of 4000m².

Zone Code

Residential Areas Code

The development of the site for Rural Residential purposes is considered to be the logical extension of the existing Rural Residential area. The development is able to connect to physical infrastructure including water, roads, telecommunications and electricity as this infrastructure already exists within the area. No further expansion or new infrastructure is required to facilitate the development.

The development will not impact upon Good Quality Agricultural Land. The development will not impact upon any natural or culturally significant assets. The subject site is not impacted by any values or constraints.

Rural Areas Code

The Overall Outcomes of the Code include:

- *‘Protected from fragmentation and ad-hoc development resulting from reconfiguring of lots’.*

The subject site is surrounded by rural zoned land which are generally of a similar size and shape. In this instance, the subdivision of this land is considered to be the logical progression of the rural residential area to the south. Further, the subdivision is located in a defined and logical expansion area between the rural residential zoned land to the south and the Lockrose rural residential area to the north. The proposed development will not result in fragmentation of the rural land as it is unlikely that the site will be used for rural uses such as agricultural or grazing given its size and the fact it is not Good Quality Agricultural Land (GQAL). The development is also unlikely to preclude future development of the site as it is considered the proposal is the highest and best use of the land given its location and access to services.

- *‘Residential (including Rural Residential) development occurs where there is no adverse impact on Good Quality Agricultural Land’.*

This Overall Outcome contemplates that Rural Zoned land may, in certain circumstances, be developed for rural residential style living. The proposed development will not impact upon Good Quality Agricultural Land (GQAL), as the site is not identified as GQAL nor is it located in proximity to GQAL. The subject site is unlikely to be developed for rural purposes. This further supports the Variation Request to apply Rural Residential zone provisions to this site.

Development Codes

Reconfiguring a Lot Code

There is no existing pedestrian or cycle facilities within the area at this time. The proposed development also does not result in the extension of or creation of any new roads. Therefore, it is not considered necessary to require any footpaths to be provided as part of the development. Further the resulting development is for five lots, therefore it is not considered necessary for public open space to be provided as part of the development.

The subject site is not identified as being impacted by flooding. Standard conditions have been recommended to ensure the development does not cause stormwater damage or nuisance.

All lots meet the minimum lot size of 4000m² and minimum frontage of 34m. Conditions have been recommended requiring all lots to be connected to electricity, telecommunications and water.

Adopted Infrastructure Charges Resolution

Infrastructure charges are payable in accordance with the following table:

LOCKYER VALLEY REGIONAL COUNCIL				
Charge Type	Description	Demand Units	Rate	TOTAL
PROPOSED DEMAND				
Charge	New Allotment	5	\$12,500.00	\$62,500.00
TOTAL PROPOSED DEMAND				\$62,500.00
EXISTING DEMAND				
Credit	Existing Allotment	1	-\$12,500.00	-\$12,500.00
TOTAL EXISTING DEMAND CREDIT				-\$12,500.00
TOTAL PAYABLE				\$50,000.00

Options

Option A: Approve the development subject to reasonable and relevant conditions

Option B: Approve the development in part subject to reasonable and relevant conditions

Option C: Refuse the development

Critical Dates

A decision on the application must be made by Council by 3 February 2021.

Strategic Implications

Corporate Plan

Lockyer Planned 4.3 – A development assessment process that delivers quality development that is consistent with legislation, best practice and community expectations.

Finance and Resource

There could be a financial implication should the decision be contested in the Planning and Environment Court.

Legislation and Policy

The application has been assessed in accordance with the requirements of the *Planning Act 2016*. Legal implications arising from the recommendation provided in this report are that the applicant and/or submitter/s may appeal the decision to the Planning and Environment Court.

Risk Management

The application has been assessed in accordance with the *Planning Act 2016*. Any risks have been mitigated through reasonable and relevant conditions.

Consultation

Internal Consultation

The application was internally referred to Council's Building and Plumbing, and Development Engineering sections. No issues were raised. Standard conditions in relation to public utilities and stormwater were recommended by the Development Engineering section.

Community Engagement – Public Notification

The application was publicly notified for 33 business days from 21 October 2020 to 4 December 2020 in accordance with the requirements of the *Planning Act 2016*. Two (2) properly made submissions were received.

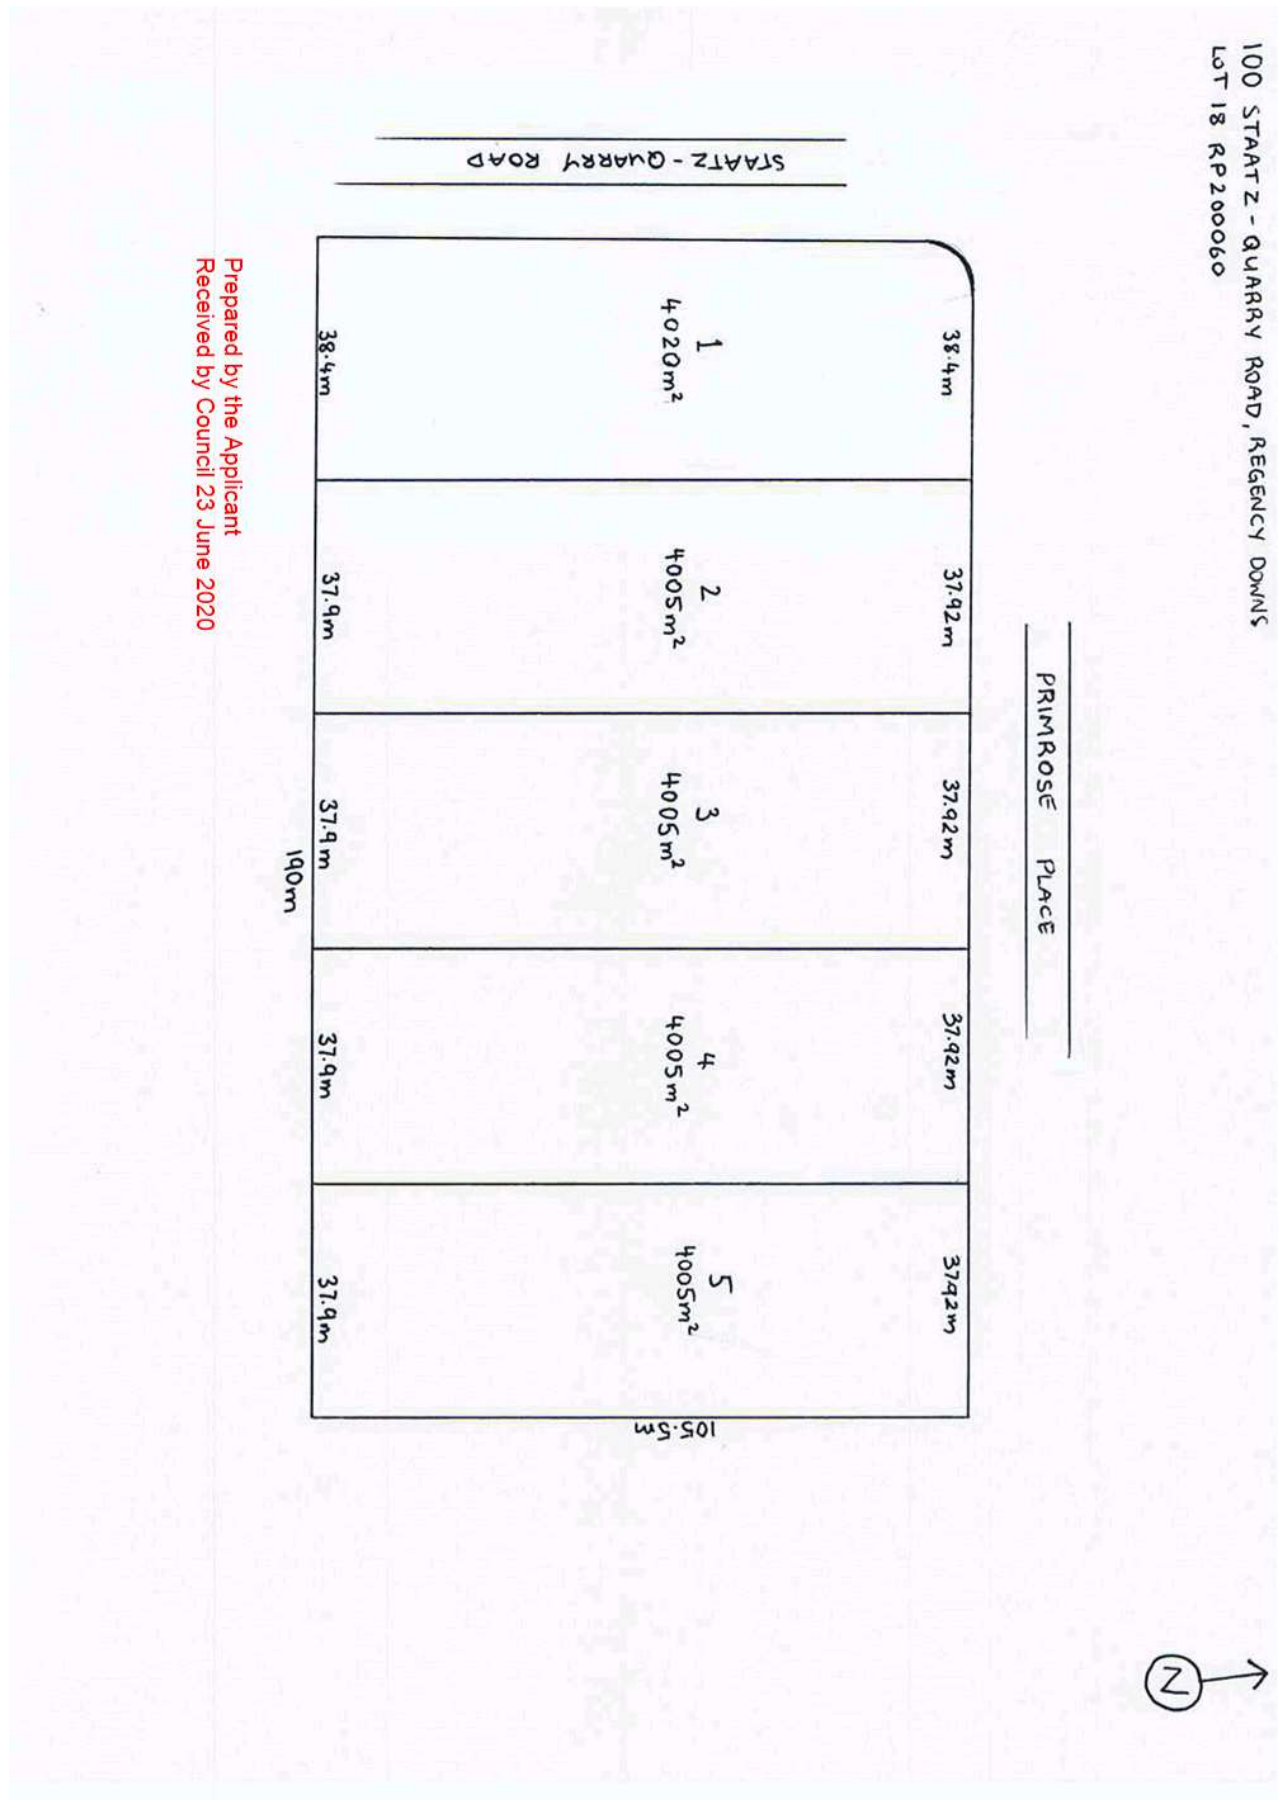

The following table provides a summary and assessment of the issues raised by submitters.

ISSUES	COMMENTS
A submitter raised concerns about addressing of the lots as there is sufficient numbers for 3 lots but not 5 lots. The numbers down the road are 8, 10, 12.	Council addresses properties in accordance with the Australia / New Zealand Standard AS/NZS 4819:2011 – Rural and Urban Addressing. Council has the ability to use suffixes where necessary (i.e. 2a, 2b). There are no issues with these additional lots being numbered. This will not require the renumbering of any other existing lots within the street.
The development will bring extra people, how will these be accommodated in and on these lots. This will make Primrose Place very busy and noisy.	<p>The proposed lot sizes are of sufficient size and a suitable shape to cater for future residential development which would include a Dwelling House, ancillary outbuildings and on-site effluent disposal system.</p> <p>The proposed lots will be developed in the future for residential purposes which is not considered to be a significant noise generator compared to the current situation. The development will result in additional traffic movements. However, there are no concerns with the standard of construction of Primrose Place which is considered to be sufficient to cater for the increased traffic.</p>
A mob of kangaroos currently congregates on the subject site. This has created an environmental corridor. The large open areas allow for the flow of movement through these properties for native	The subject site is not identified as an Area of Ecological Significance under the <i>Laidley Shire Planning Scheme 2003</i> . The proposed development will result in large style allotments being a minimum of 4000m ² therefore there is the potential for space to be available to

animals.	facilitate fauna movement.
The subject site has in the past not been developed with a house due to soil testing results. The property would be suitable for a park and an asset to the community.	<p>The subject site is currently vacant; however, Council has no records as to why this site has never been developed for residential purposes. The application was internally referred to Council's Plumbing section and no issues were raised with regards to soil type for an on-site effluent disposal system. The subject site is also not identified as being contaminated land. The existing soils are not seen as an impediment for the site to be developed for rural residential purposes.</p> <p>The proposed development is for rural residential development. The use of the property for a park is not considered to be warranted nor necessary. Further Council is currently developing a regional park for the area in Kensington Grove.</p>

Responsible Officer: Amanda Pugh, Group Manager Community & Regional Prosperity

The purpose of this report is to seek Council's endorsement of the responses to the Review of the Public Library Grant and First 5 Forever Methodologies Consultation Paper November 2020.

THAT with respect to the State Library of Queensland's November 2020 Consultation Paper for the Review of the Public Library Grant and First 5 Forever Methodologies, Council endorse the responses to discussion questions.

THAT with respect to the State Library of Queensland's November 2020 Consultation Paper for the Review of the Public Library Grant and First 5 Forever Methodologies, Council endorse the responses to discussion questions, as attached to these Minutes.

Moved By: Cr Hagan **Seconded By:** Cr Wilson
Resolution Number: 20-24/0227

CARRIED
7/0

The State Librarian and Chief Executive Officer, Vicki McDonald, wrote to Council seeking feedback to the triennial review of the Public Library Grant and First 5 Forever Methodologies. There are five areas for consultation including:

- Impact of COVID-19 on library service operations
- Digital inclusion
- Public Library Grant methodology
- First 5 Forever methodology
- Formula for calculating direct allocations to councils.

This is an opportunity for Council to consider the methodologies in the context of our planning as well as the impact of COVID-19 while also considering the keys issues and opportunities for achieving the Queensland Public Library Standards and Guidelines. Responses are to be provided to the State Library by Friday, 5 February 2021.

Lockyer Valley Regional Council Libraries receives funding from the State Government via the annual Public Library Grant and First 5 Forever funding. This funding is administered through two Service Level Agreements (SLAs) which outline the obligations of each party. Council is also obligated to strive to meet or exceed the

management and operational practices associated with the Queensland Public Library Standards and Guidelines featuring four standards, with service delivery targets for Operations, Collections, Facilities and Usage.

The five areas for consultation have specific discussion questions, with response shown below.

1. Impact of COVID-19 on library service operations
1.1. What is the impact of COVID-19 on funding available to support your library service?
<p>Council has been cautious regarding budgeting given the impacts of COVID-19, which resulted in a reduced budget for the 2020/21 financial year. Council anticipated a decrease in library income due to the library being closed for the period and a slower return of customers. As with other Council departments, library operations were modified to reduce operational expenses in line with the 2020/21 budget. It is anticipated that Council's operational budget will continue to be assessed.</p> <p>There have been some perceived savings due to reduced programming resulting in a reduction of casual staff requirements, however online sessions resulted in at least two staff members being required for the filming etc. When face-to-face sessions return, additional staff will also be required for contact tracing and checking in attendees for this purpose. COVID-19 has seen some additional costs due to the need for Perspex screens, wipes, sanitizer and other hygiene items.</p> <p>Council is hopeful that there is an increase in COVID-19 related stimulus packages relating to job creation and economic recovery however these will unlikely have an have an impact on library funding and/or support.</p>
1.2. What is the impact of COVID-19 on meeting the four standards within the Queensland Public Library Standards and Guidelines (Operations, Collections, Facilities and Usage)?
<p><u>Operations</u></p> <p>Opening hours – The libraries were closed to the public for three months due to COVID-19 and have reopened with reduced hours from June 2020. This has impacted on visitor numbers, loans and programming.</p> <p>Public Internet Access - During the closed period of March to June, internet access was not available at any library facility however WiFi access was maintained for users outside the library building.</p> <p>Staffing – Initially the impact of COVID-19 resulted in other facility staff being redeployed to the library and all casuals were maintained on average hours. Since the library has reopened, staffing levels have reverted to pre-COVID-19 levels. COVID-19 requirements including quarantining and contact tracing is very labour intensive but is essential to keep facilities open.</p> <p>Programming – Programming was suspended and has recommenced with school holiday activities in January. Other events and activities (programming) will recommence in February which will impact on staffing due to the demands of contact tracing and social distancing. The recommencement will be a slow and careful approach.</p> <p><u>Collections</u></p> <p>Collection usage has been impacted by COVID-19. Loans of physical collections have dropped and our eResources increased. This has resulted in a reallocation of the library collections budget to meet the customer needs. It also means that the usage of the collection per capita measurement was not met. The standard is between 5.0 to 8.0 loans per capita whereas our total usage was 2.92 for 2019-20. This measurement is normally underachieved by the Lockyer Valley however in 2018-19, our usage was 3.84. We expect that these measurements will be affected for at least the next 12 months as visitation has been impacted and the demand on the eCollection continues to rise.</p> <p>As seen in our annual statistical report and monthly reports, collection usage was impacted and is slowly starting to recover. There are concerns that some collections and library resources (DVD collection, magazines, newspapers) may not recover to pre-COVID times due to customers finding alternate access either through our eResources (eMagazines, eMovies), purchasing physical resources or other streaming services like NetFlix. This will continue to be assessed by the libraries team.</p> <p><u>Facilities</u></p> <p>Meeting rooms were unavailable during the initial stages of the lockdown and reopening because they were</p>

used for staff from other facilities within Council and/or quarantined items. These are being brought back online, however limitations have been placed on capacity.

Usage

All four measures of usage – membership, visitation, program attendance and customer satisfaction – have been impacted by COVID-19. New memberships and membership activity have decreased. Visitation to the library has not quite recovered yet and programs are slowly being re-introduced at a reduced capacity. Online activities were popular initially, however had a reduced impact the longer the pandemic continues.

1.3. What opportunities do you see for library services to assist in community and economic recovery?

Libraries contribute by providing a safe space within the community free of charge.

Discussions are being held with some smaller groups that are struggling with the COVID-19 requirements (contact tracing etc) and library staff are working through options to support these groups by providing them with a space to host their events while contact tracing is completed by Library staff. This will support the social and culture recovery allowing for community members to gather again.

During the COVID-19 closure, library staff participated in a couple brainstorming sessions for social, digital and community participation. Results included expanding library collections like the seed library with a gardening/cutting group, and our leisure and craft section with smaller social groups including the wool (knitting/crochet) group. Other ideas include regular board games/card games groups that will be held in the library spaces.

The reintroduction of library programming will also assist the community with confidence with the new COVID-norm.

2. Digital Inclusion

2.1. What are the challenges in addressing digital inclusion in your community?

There are many challenges affecting digital inclusion in our community including accessibility, literacy, socio-economic disadvantage and understanding. Staffing skillsets and confidence also provides a challenge in providing digital training as training requirements do not align with the lesson plans available. Small group training is also a challenge as every learner has different skills, knowledge and training needs, and social distancing will be a challenge. We are looking forward to providing tech lessons again from February and have some innovative ideas to support the digital inclusion in our community including using technology to assist some of these challenges (camera that can read a device screen, pointers etc).

2.2. What are the barriers to meeting the Standard for operations – Public Internet Access target within the Queensland Public Library Standards and Guidelines

Lockyer Valley Libraries recently installed Hublets at both the Gatton and Laidley Libraries. These 12 devices, in addition to the 11 existing public access machines, means the library service now exceeds the Public Internet Access targets within the standards and guidelines. When public access machines are due for replacement, an assessment will be undertaken to determine whether PCs or Tablets are more suitable for the community.

3. Public Library Grant methodology

3.1. What are the benefits and limitations of the current population-based formula for calculating direct allocations to councils?

The benefits of the current population-based formula include allowing library services to pre-plan what funding will be provided. The weightings seem to work for a library service of our size. Allowing funding to be allocation to a Library Priority Project for wider service improvement is also beneficial and something we pursued in the over the last few years.

Some limitations with the population-based formula include the inability to address the needs of certain sections of the community or factor in other ratings (Socio-Economic Indexes for Areas – SEIFA) resulting in some part of the community receiving little targeted support, and other areas (including 0-5 and seniors) being heavily targeted/promoted via priority funding.

3.2. What other services, including professional development programs, can State library provide to support achievement of the four standards within the Queensland Public Library Standards and Guidelines (Operations, Collections, Facilities and Usage)?

A formalised Standards and Guidelines review program would be beneficial to smaller library services. This

program should be designed with a self-review and external feedback process as well recognising standards already achieved while supporting libraries to plan their direction in meeting and working towards best practice as a library service. (Similar to the MAGSQ Standards Review Program.)

The leadership provided by the State Library over the past 2 years has been extremely valuable, however additional PD/information to develop a better understanding of the role State Library has in the context of a local government would be appreciated.

Another service that would be useful to libraries would be the reintroduction, or the establishment and coordination of interest groups where library staff can meet/zoom and focus on engagement. Focus groups could include programming and ideas for our Indigenous community, people who have English as a Second Language and other community engagement/advocacy areas.

3.3. State Library undertakes a variety of advocacy initiatives each year on behalf of the public library network. Can you identify any state-wide advocacy activities that would benefit your library service (e.g. a state-wide marketing campaign promoting the benefits of libraries)?

A state-wide marketing campaign would be a fabulous initiative. These programs should be about connecting/reconnecting with libraries and explaining the services available. This would help increase the level of membership across the state which would benefit the entire community.

3.4. Both the Public Library Grant and First 5 Forever methodologies include annual competitive grant pools. What are the benefits and limitations of this model? Would you support another model such as grants alternated year on year (e.g. Strategic Priorities one year and First 5 Forever innovation the following year, providing you with more time to implement and acquit projects)?

We have been successful with both Strategic Priorities Funding and First 5 Forever innovation funding. Alternative years would be preferred or alternating Microgrants and larger grants would be great. That way, we could focus on a larger Strategic priority project while undertaking a smaller microproject for First 5 Forever. As a small service, the same staff are involved in every grant project and alternating would ensure the enthusiasm for the project is maintained.

Some of the state-wide initiatives, e.g. Play Based, has been useful, however as a library service that had recently purchased some play items, we are now finding we have too much and it would have been great if we could have had this funding reallocated to meet some other local needs. An example of a local need for us would be some 0-5 age-appropriate IT or STEM resources.

As a service, we are concerned by some funding being taken from the total allocated for state-wide initiatives or projects without local consultation. Some projects have been affective (Stories for Little Queenslanders, Kanopy) and other projects missed the mark locally (junior library card) where additional consultation with libraries would have been beneficial. (e.g. Most smaller libraries are unable to print card numbers on the junior library cards. These will likely sit on a shelf for a few years now unless a better option is found.)

3.5. Do you support the ability to use some funding tied to collections for other priority areas that assist you to meet the standards for Operations, Facilities and Usage, such as currently available to Independent Libraries for Priority Projects? If so, what aspects of your library service require additional support?

Yes, we support the ability to use some funding for Priority Projects however feel that the percentage should capped to a max of 20% per year over the SLA agreement period ensuring the collection remains the priority for this funding.

Technology projects and self-service functionality would be an area that requires additional support. It would also be beneficial to reallocate some of the funding for succession planning. Currently, our library staffing does not meet the standards regarding qualified librarians, however, if supporting staff to undertake formal LIS qualifications was a priority project this may help us achieve the standard.

4. First 5 Forever methodology

4.1. What are the benefits and limitations of the current population-based formula for calculating direct allocations to councils for First 5 Forever funding?

The population-based formula does not consider the full needs of the community.

- Is AEDC data being consulted and funds allocated to more vulnerable or risk communities?

- Are other child support service locations being considered for that community e.g. Maternal health nurses, other child-based support groups etc?

Programs/Outreach

- The funding does not necessarily allow for a dedicated staff member for F5F to delivery all the programs as well as attend outreach events to promote the program.
- The funding has been inconsistent resulting in staff working in contract positions. There is often not enough time from funding announcement to the start of the program for recruitment of staff.

A challenge for us has been to ensure we have the F5F trained staff in the right locations on the right days to allow for consistent F5F messaging and promotion.

4.2. What challenges, if any, have you faced in terms of meeting the eligibility requirements of the First 5 Forever funding guidelines?

Children's space enhancements and IT that supports F5F programming has been exempt from the funding guidelines. It would be fabulous if these can either be reconsidered or alternatively be offered as a one-off fund re/allocation over the SLA period.

4.3. Public library delivery of First 5 Forever programs has matured since its inception in 2015. Can you suggest any changes to the current methodology to increase innovation or deeply local program delivery, either through changes to direct funding or centralised support?

Direct funding is important as it allows libraries to ensure the F5F program is deeply local. Some centralised funding / purchasing makes sense, however not all libraries need large "Errol the frog" cut-outs or large stickers. Consultation should be undertaken with each library prior to items being ordered on our behalf or simply sent out. Some state-wide initiatives are still sitting on shelves or desks waiting for the appropriate activity to ensure the best outcomes.

4.4. Does State library's current offer of centralised early literacy services, including the website, professional development, state-wide research, marketing collateral and play based resources, meet your needs?

Some current offers have met our needs, others have missed the mark.

- SLQ professional development opportunities have met our needs.
- Play based resources resulted in most libraries having the same play-based resources because every library looked at the same catalogue. The lump sum funding required a fast spend and, in our case, has resulted in impulse buying. The second stage was more structured, and staff considered how the resources would work with the programming. It would have been great if we could have applied for this funding rather than having it allocated. We now have storage and/space issues because of larger resources purchased.
- The drop-box for library marketing collateral needs to be further explored. This website is often restricted and not all staff members who need access have access.
- Centralised collections including Literacy, Community Languages and Audiobooks are important to us and are used to support our community. The usage of these collections is lower than other collections but meet the needs of some of our community members.

5. Formula for calculating direct allocations to Councils

5.1. What are the benefits and limitations of a model that considers regional remoteness and socio-economic disadvantage, as well as population size?

Taking into consideration regional remoteness and socio-economic disadvantage is important and helps make the funding allocation relevant to the community it is supporting.

5.2. Are there any other factors that should be considered in the grant formula?

The Standards and Guidelines as well as the signed SLA are important and should also be used as criteria for the funding.

Libraries who are late in sending in the required reporting should have their funding held back. We work hard to get this information in on time, however outcome reports are often incomplete or delayed because some libraries have not completed their reports. These reports are the equivalent to an acquittal report. This in turn, delays our ability to benchmark against other services to determine our strengths and weaknesses for the past period.

Critical Dates

One response from each Council is required via SurveyMonkey by Friday, 5 February 2021.

Strategic Implications

Corporate Plan

Lockyer Community 1.2 – Council optimises the use of its open spaces and facilities by improving access to and the quality of the facilities for individuals and groups for cultural, recreational and community activities.

Finance and Resource

Grant funding received from the State Government via the Public Library Grant and First 5 Forever funding is vital to the continued operation of the libraries. A reduction in this funding will result in an impact to the libraries collections, services and programs delivered or future budget implications.

Funding	2020-21	2019-20	2018-19
Public Library Grant (library collections)	\$179,065	\$175,297	\$171,327
First 5 Forever	\$26,286	\$26,286	\$26,286
Microgrants - Strategic priorities	Not yet available		\$3,000
Microgrants - First 5 Forever	\$8,800	\$9,300	
First 5 Forever - Strategic priority			\$30,000
TOTAL	\$214,151	\$210,883	\$230,613

Legislation and Policy

The *Libraries Act 1988* details that Library facilities are a function of local government under the provisions of the *Local Government Act 2009*.

Risk Management

Business Continuity and Systems (BC1) - Provision of core services now and into the future

Consultation

Portfolio Councillor Consultation

Mayor Tanya Milligan and Cr Michael Hagan are aware of this review.

External Consultation

The Queensland Public Libraries Association (QPLA) was consulted to clarify some questions.

13.0 INFRASTRUCTURE REPORTS

No Infrastructure Reports.

14.0 ITEMS FOR INFORMATION

GENERAL BUSINESS

THAT Council receive and note the following items for information:

14.1 - Minor Community Grant Program Recipients - December 2020

14.2 - Urban Utilities Monthly Report - November 2020

14.3 - Annual Valuation Effective 30 June 2021

14.4 - Quarterly Investment Report - October to December 2020

14.5 - Outstanding Agenda Action Items Review

14.6 - Group Manager, People and Business Performance Monthly Report - December 2020

14.7 - Group Manager, Community and Regional Prosperity Monthly Report - December 2020

14.8 - Group Manager Infrastructure Monthly Report - December 2020

Moved By: Cr Holstein

Seconded By:

Cr Hagan

Resolution Number: 20-24/0228

CARRIED

7/0

14.1 Minor Community Grant Program Recipients - December 2020

Author: Kerri MacMahon, Executive Coordinator, Mayor and Deputy Mayor
Responsible Officer: Ian Church, Chief Executive Officer

Purpose:

The purpose of this report is to inform Council of the recipients of financial assistance under the Minor Community Grants Program for December 2020.

This document is for Council's information only.

Executive Summary

In December 2020, the three requests for assistance under the Minor Community Grants Program were received. All applications are assessed by the Minor Community Grants Committee against the program criteria. The three requests received were successful in their application.

The Minor Community Grants Program Committee meets on an as needs basis to review requests.

Proposal

The Minor Community Grants Program is for financial contributions of up to \$1,000 for organisations and individuals seeking support for projects or activities which contribute to the Lockyer Valley community.

The recipients of assistance under the Minor Community Grant Program for December 2020 are:

Applicant	Purpose	Amount
Class 3S Gatton State School	for outdoor seating	\$500
Lockyer Valley Arts Society Inc	towards relocation of kiln to Kensington Grove	\$400
Rotary District 9630	Bronze Sponsorship 2021 Conference	\$1,000

14.2 Urban Utilities Monthly Report - November 2020

Author: Vickie Wieland, EA to Chief Executive Officer
Responsible Officer: Ian Church, Chief Executive Officer

Purpose:

Council has received an update from Urban Utilities (UU) Board which provided highlights from their Board Meeting for the month of November 2020.

<p>This document is for Council's information only.</p>
--

Executive Summary

Lockyer Valley Regional Council maintains an ongoing working relationship with UU on both operational and strategic aspects of water and sewerage provision. This report is an update on matters of significance with respect to UU for Council's information.

Urban Utilities is:

- A statutory body, created on 1 July 2010 as a result of Queensland Government changes to the way water is managed in South East Queensland.
- Owned by the Brisbane and Ipswich City Councils, and Lockyer Valley, Scenic Rim and Somerset Regional Councils and governed by an independent Board.
- Tasked to deliver drinking water, recycled water and sewerage services to the cities and townships within the boundaries of these five local government areas.
- Responsible for delivering water to customers, collecting, transporting and treating sewage, as well as charging and billing for water and waste water services for customers in the Brisbane, Ipswich, Lockyer Valley, Scenic Rim and Somerset local authority areas.

Foundational Success

Pricing

In response to COVID-19, the Board made the decision to freeze water and sewerage pricing, excluding bulk water charges, until 31 December 2020. This was to provide relief at a time of economic uncertainty for many customers.

Following consideration by the Board's Finance and Pricing Committee earlier this month, the Board considered and reconfirmed a pricing policy decision that had been agreed to in May 2020.

This decision was carefully considered, balancing the current economic and social conditions, customer impacts, forgone revenue and impact on shareholder returns.

The new pricing structure, which will take effect from 1 January 2021, is available on the Urban Utilities website.

Developer Standard Connection Contract Approval

This month, the Board approved a procurement decision for the delivery of construction works and other related services for standard water connection approval applications.

This outsourced operating model gives customers with small-scale developments an efficient, reliable and low-effort option that is generally more affordable than having to lodge a non-standard application.

The Board approved the appointment of a preferred contractor to conduct these services and works.

Internal Audit Services

Following consideration by the Audit and Risk Committee, the Board approved the appointment of an internal audit service provider to deliver audit services from 1 July 2021.

By way of background, under the *Financial Performance Management Standard 2009*, all statutory authorities must establish an internal audit function to carry out its assurance activities.

Network Selective Inspective Program

As required under the *South-East Queensland Water (Distribution and Retail Restructuring) Act 2009*, this month, management presented a recommendation for the continuation of the Selective Inspective Program. This program provides Urban Utilities with the powers to identify illegal connections and discharges to the sewerage network.

The successful program reduces the likelihood of dry and wet weather overflows into private property and the environment and helps to maintain the integrity of our sewerage network.

The Board approved an extension of the Selective Inspective Program for a six-month period from 1 January 2021.

Capital Structure Review

The Board received an update on the work being undertaken by Barrington Treasury Services (BTS) on the capital structure review.

The Board received the draft report from its external consultants, together with a discussion paper by management on key considerations in determining a prudent capital structure. The Board considered and provided preliminary feedback on the proposed course of action and has requested the external consultants to provide a summary of clear recommendations and parameters for consideration.

Expansions and Adjancies

Following the last Board meeting, a further discussion was held on expansionary business opportunities, specifically, opportunities that deliver social, economic and financial value. These include, but are not limited to, biosolid pelletisation to incineration, co-digestion, customised asset solutions for large commercial customers and off-grid and residential solutions.

These opportunities leverage the core capabilities of our business and deliver a number of benefits, including landfill avoidance, value creation from renewable energy, new revenue streams, fewer microplastics entering our waterways, a reduction in our forward capital expenditure and the ability to use latent network capacity.

The Board noted that progress is being made across a range of these opportunity areas and that the time to commercialisation ranges from one to five years.

Developer Services Report Update

This month, the Board received an update on developer activity across their service territory over the past year. Key highlights include:

- Approximately 1.587M people are serviced across Urban Utilities' geographical area;
- Areas experiencing growth above projected rates include inner Brisbane, Springfield-Redbank, Ipswich, Priority Development Areas (Bowen Hills/Hamilton) and Ripley Valley;
- For the 12 months to 31 August 2020, there were 9,382 new dwelling approvals, a slight decrease of 3.8% from the previous year;
- There was a slight decrease in the overall number of residential lots registered – 7,907 down from 7,991;
- There was a slight increase in unit and townhouse lots registered – 4,011 from 3,788; and
- There was a slight decrease in applications for Service Advice Notices and Non-Standard Connections.

Energy Procurement

Management provided an update that the procurement of energy supply has been completed in recognition that current contracts expire on 31 December 2020.

As energy remains one of our main cost drivers, UU have ensured that through this procurement process, they have achieved commercially competitive terms while also balancing the need for the use of renewables.

Constructive Culture

Operational and Field Employee Enterprise Agreement

The current Operational and Field Employee Enterprise Agreement has a notational expiry date of 30 April 2021. As required under this agreement, management must, in good faith, commence discussions for a replacement agreement at least six months prior to expiry.

Given the current agreement resulted in significant transformation of how we operate in the field, it is not proposed that material changes be made. Rather, they will seek to extend the life of the agreement by way of a variation. This will allow management to focus on emerging issues and ensure compliance with any legislative provisions or important case decisions since the current agreement was approved.

The Board approved this approach.

As this is the last update for this year, UU wishes you a safe and relaxing Christmas and New Year. Thank you for your support during a challenging 2020 and we look forward to working with you in 2021 as we continue to deliver for our shareholders, customers and communities.

14.3 Annual Valuation Effective 30 June 2021

Author: Jodi Marchant, Chief Financial Officer
Responsible Officer: Ian Church, Chief Executive Officer

Purpose:

The purpose of this report is to advise Council of the correspondence received from the Valuer General advising that a valuation of land within the region will not be undertaken in 2021.

<p>This document is for Council's information only.</p>
--

Executive Summary

The Valuer General has written to Council advising that a valuation of land within the region will not be undertaken in 2021. The valuations in place from 30 June 2019 will remain effective for the purposes of calculating the 2021-22 general rates.

Proposal

The Department of Natural Resources, Mines and Energy is responsible for the valuation of rateable land and provides the values to Council as the basis for the general rates levied each year. As values change over time, the Valuer General is required to review the valuations on an annual basis.

In July 2020 Council's opinion was sought as to whether a revaluation should be undertaken. At the Ordinary Council Meeting held on 19 August 2020 Council resolved (Resolution 20-24/0105) to write to the Valuer General and request that a valuation be conducted on all property within the region, to take effect from 30 June 2021 for the following reasons:

- a. development within the region may impact on property values;
- b. the last valuation for land within the Region was effective on 30 June 2019 which caused large variances in valuations from the previous valuation effective on 30 June 2016. These variations caused significant difficulties in developing a consistent and equitable rate model;
- c. a regular valuation will reduce the significance of changes to property values when they occur; and
- d. consideration of the impact of COVID-19 on the economy, market valuations and the valuation uncertainty which exists

The most recent annual revaluation was undertaken in 2019 with an effective date of 30 June 2019.

The *Land Valuation Act 2010* requires the Valuer General to undertake an annual statutory valuation of all rateable land in Queensland except in unusual circumstances or after consideration of:

- a market survey report reviewing sales of land in the area since the last valuation and probable impact of the sales on the value of land since the last valuation; and
- the results of consultation with appropriate local and industry groups.

The Valuer-General has advised that after consideration of the above criteria, a valuation will not be undertaken in 2021. Unless new valuations are issued for specific properties, the most recent valuation remains effective for rating purposes until the next valuation is undertaken.

14.4 Quarterly Investment Report - October to December 2020

Author: Kacey Bachmann, Management Accountant; Jodi Marchant, Chief Financial Officer

Responsible Officer: Ian Church, Chief Executive Officer

Purpose:

The purpose of this report is to advise Council of the performance of its investment portfolio.

This document is for Council's information only.

Executive Summary

As outlined in Council's 2020-21 Investment Policy, a quarterly report is to be submitted to Council on the performance of its investment portfolio.

The investment of surplus funds has been made in accordance with the requirements of *the Statutory Bodies Financial Arrangements Act 1982* as well as Council's Investment Policy. As at 31 December 2020 Council had a total investment holding of \$30.36 million.

Overall, investments continued to perform well in comparison to targeted benchmarks shown in table 3 and 4, with Council's current investments exceeding these benchmarks. The interest revenue is on target to budget. Forecast revenue was reduced at the first quarter budget review for 2020-21 due to declining interest rates and the COVID-19 impact. These will be reviewed again in the second quarter budget review.

Proposal

As required by Council's 2020-21 Investment Policy, a quarterly report is to be submitted to Council on the performance of its investment portfolio.

As at 31 December 2020, Council had a total investment holding of \$30.36 million.

The two following tables show the investment institution, credit rating and product type of our investment portfolio at 31 December 2020:

Table 1

Institution	Amount \$	Percentage Holding	Credit Rating
QTC	24,764,459	81.56%	AA
NAB	500,000	1.65%	AA-
Macquarie Bank Limited	1,000,000	3.29%	A+
AMP Bank	4,100,000	13.50%	BBB

Institution	Amount \$	Percentage Holding	Credit Rating
Total	30,364,459	100.00%	

Table 2

Product Type	Amount \$	Percentage Holding
Cash Fund - QTC	24,764,459	81.56%
Term Deposit	5,600,000	18.44%
Total	37,326,430	100%

The following tables display the performance of Council's investments, identified by investment type and days invested, against the Bank Bill Swap Rate (BBSW) and the Bloomberg AUSBOND Index (AUSBOND). The tables compare the rate of return on Council's investments at 31 December 2020, against the benchmarks indicated above (BBSW and AUSBOND).

Overall, the investments continued to perform well in comparison with these benchmarks although there has been a significant decrease in interest rates for term deposits with new investments now offered below 0.75%.

Table 3

Cash Fund Performance Against RBA Cash Rate & AUSBOND Index	QTC	RBA Cash Rate	AUSBOND Index
Cash Fund Performance	1.04%	0.10%	0.37%

Table 4

Term Deposit Performance Against BBSW Index & AUSBOND Index	Av Return on Deposits	BBSW Index	AUSBOND Index
Term Deposits	0.84%	0.01%	0.37%

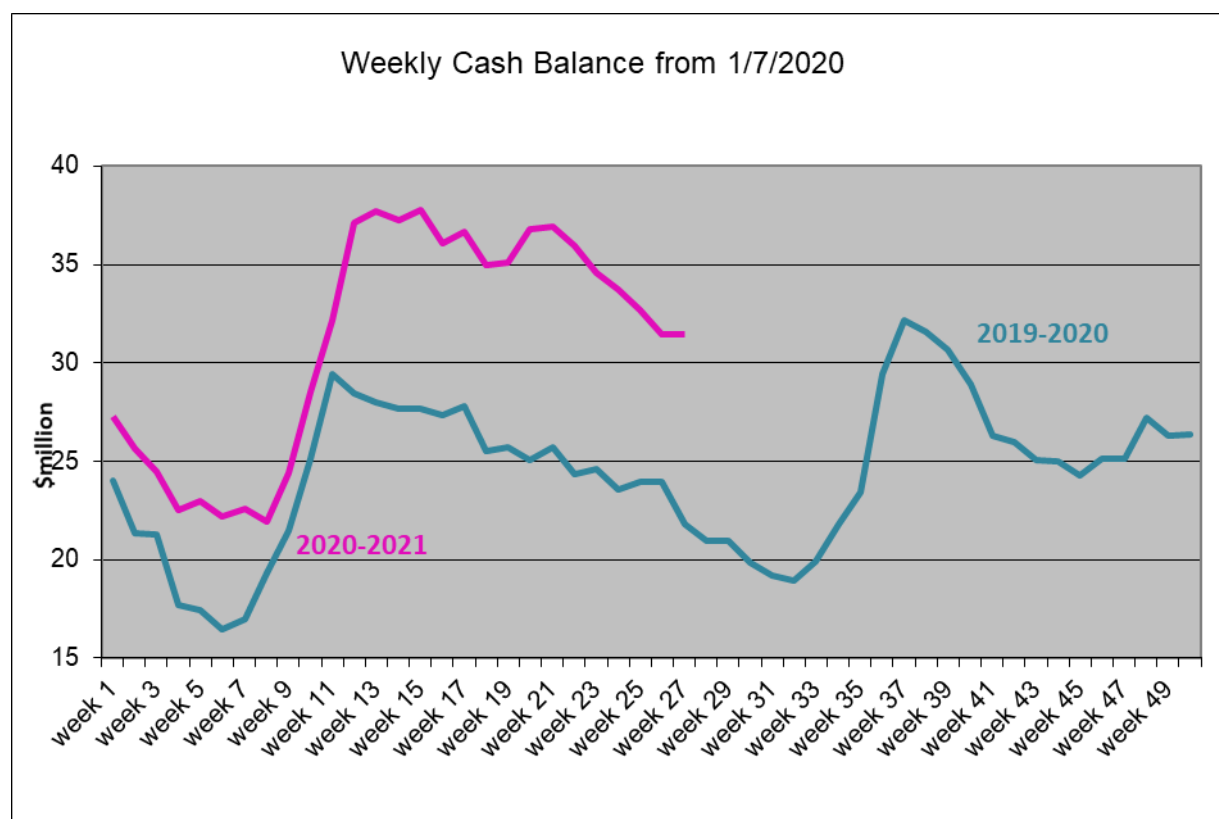

Interest rates have continued to decrease and remain below 0.75% for rates of less than twelve months. The QTC cash fund rate is now slightly higher than most term deposit rates making QTC a more attractive investment option. In addition, the liquidity of cash is imperative, especially given the uncertainty surrounding cash inflow during the COVID-19 pandemic. The best regular rates on offer at present are around 0.55% and 0.75% for investment periods from three to twelve months.

Table 5

Interest Income vs Budget	YTD Actual	YTD Budget	% Annual YTD Budget
Interest Income on investments	\$137,312	\$70,401	195.04%

As reflected in table 5, interest revenue has exceeded the target for the year to date. Forecast revenue was reduced at the first quarter budget review for 2020-21 with interest rates continuing to decline since the adoption of the annual budget.

During the second quarter, cash at bank has decreased as the majority of the first rates levy has been collected and the discount period for the rates levy has ended. Only minimum cash remains in Council's general funds each day with any excess being invested as Term Deposits or transferred to the QTC Cash Fund. The following graph shows a comparison over time of Council's weekly cash balances.

The table below shows that Council's investments at 31 December 2020 is in overall compliance with the 2020-21 Investment Policy.

Table 6

Investment Policy Credit Risk Compliance	Current Exposure	Allowable Exposure	Difference
Cash Funds			
QTC Cash Funds	81.56%	100%	18.44%
Term Deposits			
AAA to A+	4.94%	85%	80.06%
A to BBB+	0%	45%	45%
BBB to BBB	13.50%	30%	16.50%

14.5 Outstanding Agenda Action Items Review

Author: Erin Carkeet, Governance Officer
Responsible Officer: Anna Hebron, Group Manager People and Business Performance

Purpose:

The purpose of this report is to provide Council with an update on the status of actions arising from resolutions at Ordinary and Special Council meetings for the previous and current terms of Council.

This document is for Council's information only.

Executive Summary

In the 2012-2016 term of Council, it was determined that an update on actions arising from Council meeting resolutions be reported to Council on a quarterly basis by exception.

Proposal

This report provides Council with an update on the action items arising from resolutions at Ordinary and Special Council meetings from the previous term of Council between 1 May 2016 to 25 March 2020 and the current term of Council from 17 April 2020 to 30 September 2020. Additional details on resolutions that have not been completed are highlighted within this report.

Group	2016-2020 Term of Council Total Action Items	2020-2024 Term of Council Total Action Items	Ongoing/Incomplete Actions
Executive Office	248	65	0
Community & Regional Prosperity	457	55	3
People & Business Performance	428	58	2
Infrastructure <i>Including Former Infrastructure Works & Services</i>	194	23	7
<i>Former Organisational Development & Planning</i>	75	-	-

<i>Former Corporate & Community Services</i>	117	-	-
Procedural Motions (No action required)	180	16	-
TOTAL	1699	217	12

Advice provided by Manager Planning, Policy & Community Wellbeing. Given the length of time that has transpired on the matter, Council Officers have again attempted to gain entry to the property to obtain an up to date understanding of the state of the property and occupation arrangements. Access was denied by the property owner on the grounds of COVID susceptibility. Concerns remain as to the risks to the occupants of the shed and Council's Building Certifier raised the concern around the functionality of smoke alarm installed by Council some 12 months ago. The occupant has agreed to allow a Council officer in appropriate PPE to visit for the purpose of checking the smoke alarm. From what officers could see there appears to be little progress with regard to the property clean up. Again as this matter has now been ongoing for some 24 months Council officers will need recommence the formal process regarding the clean up in order for the process to be effective and valid. It is proposed to bring the matter of the unlawful occupation of the shed back to Council for discussion in a workshop as eviction proceedings may need to be commenced as there appears little ability of the occupants of the shed to construct a proper dwelling and it would be extremely difficult and cost prohibitive to make

existence and requirements of the Operational and Maintenance Plan and obtain their agreement to comply with it and to notify any subsequent owners and/or occupiers of the land of its existence and compliance requirements; and

Further:

THAT it is noted that Council's in principle approval is provided having considered and accepted the residual risks in relation to:

- (a) Public safety risks where third parties may access the rehabilitated quarry embankments which exceed the 1:3 maximum slope set out in the Development Approval dated 20 February 1990; and
- (b) Compliance risks in relation to implementation of the Operational and Maintenance Plan to satisfy the geotechnical engineering experts' requirements to ensure the stability of the landform into the future and the maintenance of access controls to the rehabilitated land.

And Further:

THAT Council resolve to delegate authority to the Chief Executive Officer to:

- (a) Approve the location of all access controls required by Completion Task (a);
- (b) Approve the Operational and Maintenance Plan as required by Completion Task (b); and
- (c) Issue final approval of the rehabilitation works once the Completion Tasks have been satisfactorily performed, and subject to the owner making a cancellation application to Council in accordance with section 84 of the *Planning Act 2016* to cancel the Development Approval issued on 20 February 1990.

2020-21 OPERATIONAL PLAN DELIVERABLES

BUSINESS PERFORMANCE

DISASTER MANAGEMENT

PROJECT UPDATES

Bushfire Recovery and Resilience Officer (BRRO);

- o Assisted community members to lodge applications for QRIDA Primary Producer Grants
- o Collaborated with Laidley Community Centre (LCC)
- o Assisted LCC with application for Bendigo Bank grant to support property owners with infrastructure costs
- o Assisted in the delivery of LCC Christmas hampers to bushfire affected properties.
- o Continuing to work with LCC for planning bushfire recovery and resilience activities and support.

DISASTER PREPAREDNESS

Seasonal Preparedness checklist continues to be actioned. Seasonal preparedness activities for Council closedown were finalised. A series of disaster system training videos have been developed for staff. Council and the Local Disaster Management Group is well placed to respond to any disasters.

KNOWLEDGE MANAGEMENT AND BUSINESS IMPROVEMENT

PROJECT UPDATES

Disposal of Physical Records

The Disposal of Records Guideline has been formally signed off by the CEO. The Knowledge Management Team are currently reviewing and documenting records that are ready to be disposed of under legislation and records that will require digitisation.

MONTHLY GROUP REPORT

DECEMBER 2020

Lockyer
Valley
REGIONAL COUNCIL

PERFORMANCE REPORTING COMMUNITY AND REGIONAL PROSPERITY

KEY GROUP PROJECTS

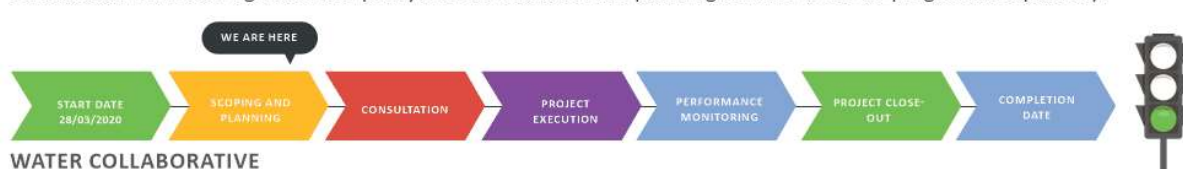

PLAINLAND STRUCTURE PLANNING

The final draft of the Plainland Structure Plan has been completed by Infinitum Partners Pty Ltd and will be partially integrated into the draft Planning Scheme. A workshop was held with Council December 2020. Further consultation with State agencies and policy actions outside of the planning scheme are to be progressed separately.

GATTON NORTH (MEIA) PROJECT

The final draft of the Gatton North (MEIA) Project has been completed by Infinitum Partners Pty Ltd and will be partially integrated into the draft Planning Scheme. A workshop was held with Council December 2020. Further consultation with State agencies and policy actions outside of the planning scheme are to be progressed separately.

WATER COLLABORATIVE

The chair of Lockyer Valley and Somerset Water Collaborative (LV&SWC) has scheduled several briefing sessions with key political figures to ensure the Water for the Lockyer Project is considered in future water planning.

The LV&SWC will not be meeting in January 2021.

Planning for the public release of the Detailed Business Case and potential investors update has been scheduled for Thursday, 4 February 2021, at the Lockyer Valley Cultural Centre.

KEY GROUP PROJECTS

FLOOD MODELLING

The Tenthill and Laidley Creek projects (lead-in projects for the Lockyer Creek project and Local Flood Management Plan (LFMP)) have been delayed in the calibration stage (i.e. matching the model to the actual observed flow and flood heights in 2011, 2013 and 2017). This is normally the most difficult part of a flood modelling project, but due to the complex nature of the region's creek systems (i.e. perched creeks and managing actual catchment rainfall/flow anomalies) the challenges to solve have taken more time - some of the models take 3 to 4 days to run each time to check a new configuration. Officers have been working closely with the consultants and there is now an expectation that the design mapping phase of these tasks will be able to commence shortly.

The overarching Lockyer Creek project is similarly impacted - the Upper Lockyer to Grantham stage is now in calibration finalisation; as are the Flagstone and Sandy Creek modelling. The 3 other lower models from Grantham to Glenore Grove are delayed until the Tenthill and Laidley Creek modelling is complete. The Laidley Regional model is at the latter end of the peer review stage - there are difficulties with the calibration that are being closely managed in conjunction with the peer reviewer to achieve completion. The Tenthill Creek calibration for the 2011 event has been completed but there have been more difficulties with 2013 and 2017 events probably due to the severe changes to the creek configuration and the challenges/limitation of the available data. Staff have worked with the consultants to reduce the design event stage to reduce the timeframe for completion of the modelling phase of the project. The dwelling floor height project continues. The consultants for the LFMP projects have been engaged pending completion of the modelling to reset the delivery timeframes.

FLOOD EVACUATION

The project is anticipated to be practically completed in the second quarter 2021, with final completion thereafter.

FLOODPLAIN MANAGEMENT PLAN

The project is anticipated to be practically completed in the second quarter 2021, with final completion thereafter.

NATURAL RESOURCE MANAGEMENT (NRM) PLAN

The Natural Resource Management (NRM) Strategy was adopted by Council in January 2020. The more detailed NRM Plan was drafted in conjunction with the community working group in February 2020. The NRM Plan was due for adoption by Council in June 2020, however internal Council consultation and broader community consultation were delayed due to COVID-19.

A change of direction has evolved, to ensure Council have an adopted overarching Environmental Strategy document which describes Council's strategic position on the environment before other strategic documents are adopted. This Environment Strategy will provide the head of power and strategic direction for other environmental documents such as the NRM Strategy, NRM Plan, Environment and Sustainable Living Policy, Biosecurity Plan and Catchment Action Plan. Therefore the NRM Plan project is currently on hold until the Environment Strategy is adopted by Council.

The Environment Strategy has been drafted and is currently undergoing internal review. The draft Environment Strategy is scheduled to go to Council workshop in February 2021.

COMMUNITY ACTIVATION

SPECIAL PROJECTS

Sustainable Water

The Detailed Business Case has been submitted to the Government. Maturing the Infrastructure Pipeline Program 2 (MIPPS 2) funding has been fully acquitted and finalised.

Jacobs Australia have been fully paid for completing the Detailed Business Case in accordance with their contract.

Equine Collaborative Precinct

The Equine Collaborative Consultants, COHA Group, have been engaged to deliver a business case to support the master concept plans for the Equine Precinct. The first inception meeting between the Equine Collaborative members and COHA Group has been scheduled for Wednesday, 13 January 2021.

The business case is due for completion by the end of June 2021.

Lockyer Valley Function and Cultural Centre

Two successful Expression of Interest (EOI) applicants have been invited to tender for the café and function centre at the Lockyer Valley Cultural Centre. Tenders close on 4 January 2021.

A project team consisting of relevant Council officers has been established to oversee the transition to private operation of the café and function facility, including ICT changes, relocation of the VIC, and maintaining access to all Council areas including the QTM.

Discussions have commenced with Council's solicitors regarding the drafting of lease documentation.

Jobs and Skills Development

Hospitality Consultant Project

The project completion meeting for the Hospitality Consultant Project was held on 4 December 2020.

Each of the nine businesses participating in this project were provided with an individual recommendation report that addressed areas of key hospitality operational and business performance gaps, as well as recommendations and opportunities for development. Business owners were taken through a process to develop a 90-day plan to develop their projects and actions. The final report outlined the specific skills gaps across the nine businesses both from staff and owner perspectives.

Council will continue to liaise with these and other businesses to facilitate training in the identified areas.

Tourism/Media

Tourism Events Queensland (TEQ) instigated an opportunity with travel writer Rod Eime in the week beginning December 14. His focus was a Queensland destination story for the Australian Road Rider Magazine and roadrider.com.au, targeting a niche audience of motorbike/motorcycle riders and enthusiasts. roadrider.com.au receives more than 40,000 page views per month and has a community of 21,000 on Facebook. Council worked with local operators to provide a suitable itinerary for the niche audience including charming country pubs and cafes, sweeping bends and views and transport/motor vehicle/motorcycle attractions.

Whilst the journalist cut his visit short due to illness, it is hoped he will return in 2021 to complete the itinerary.

Brisbane Domestic Terminal Activation

This month long promotion was popular with passengers and many enquiries were fielded through the Airport Visitor Centre, with brochures constantly being refilled.

Passenger numbers for December 2020 were at an all-time high since COVID-19 began, with an average of 20,000 passengers per day coming through the domestic terminal.

TOURISM

PARTNERSHIPS

Southern Queensland Country Tourism (SQCT) - Data November 2020

Lockyer Valley occupancy rates decreased month on month and year on year for the month of November.

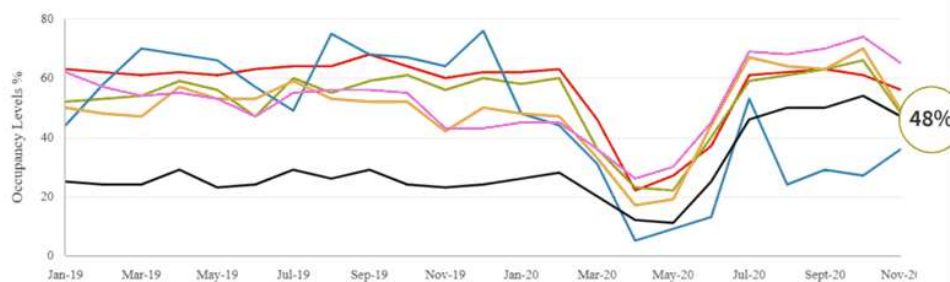

Whilst occupancy was down in November, the average daily rate increased.

Booking lead time increased from 27 days to 46 year on year.

Like most of the Southern Queensland Country region, occupancy in Lockyer Valley decreased in November to 48%, which is typical for this time of year.

Volunteer end of year Christmas and Recognition 2020

On 8 December 2020, the Council staff gathered at the Lockyer Valley Cultural Centre for the annual recognition function for the Lockyer Valley Volunteering Program.

Volunteers from the Art Gallery, Das Neumann Haus, Events, Queensland Transport Museum and the Visitor Information Centre were acknowledged for their dedication and commitment to volunteering throughout the challenges of COVID-19.

Several of our volunteers were also recognised for their significant years of service to the program during the event.

COMMUNITY ACTIVATION

COMMUNITY EVENTS

13 community-led events and markets were delivered in the month of December.

- Glenore Grove Structured Partner Dance
- Gatton ParkRun (4, held every Saturday)
- Carols at the Bluff
- Lockyer Valley Speedway – Emergency Services Appreciation Night
- Local markets (6)

COUNCIL EVENTS

Planning is underway for the following Council-led events:

Australia Day - 2021

Plans are underway for two community events at the Laidley and Gatton Historical Villages as well as the Australia Day Awards and Citizenship Ceremony.

All will be held on Tuesday, 26 January 2021 under COVID Safe Event checklists.

COMMUNITY GRANTS

Major Community Grants Program – Recipients of Round 1 of Council's 2020/21 Major Community Grants Program were approved at the December Council meeting.

A total of \$49,982 was approved to 15 recipients:

- Flagstone Creek Primary P&C Association
- Gatton Campdraft Association
- Gatton Jubilee Golf Club
- Gatton Pony Club
- Hatton Vale District Pony Club
- Laidley Golf Club
- Laidley Kindergarten Association
- Lockyer Multicultural Association
- Lockyer Valley Celtic Pipe Band
- Lockyer Valley Netball Association
- Mulgowie Cricket Association
- Returned and Services League of Australia Laidley Sub-Branch Inc
- Spirit of the Valley Events
- Steve Jones Community Men's Shed Withcott
- Withcott Helidon Lions Club

Christmas 2020 in the Lockyer Valley was well celebrated under COVID Safe Event Plans.

Spirit of the Lockyer Valley Christmas Lights and Decorations Competition – the Valley

From 1 – 26 December 2020 Council had 37 homes and businesses participating in the Christmas Lights and Decorations competition. Feedback from entrants was very positive with good attendance for viewing. It's always good hearing from the entrants at the presentation about the passion they have for the community and the joy they get from having people visit the displays.

Lockyer Valley Mayoral Christmas Carols 2020

The transition to an outdoor event at Lake Apex park worked exceptionally well with attendance up by 100%. The venue allowed for families to gather in a relaxed atmosphere while children played freely.

Feedback was positive and it is hoped the event will remain at the new location.

Lockyer Valley Christmas Carnival 2020

Despite the trepidation in the lead up to the event with wet weather forecast, the night was a huge success at the new venue of Lake Apex Parklands. Crowd attendance was up by approximately 20%, general feedback was excellent and opportunities for improvement have been identified.

Council officers that volunteered their time were invaluable and West Moreton Health officers were on site and very happy with the set up and plan for the event.

COMMUNITY ACTIVATION

COMMUNITY ENGAGEMENT

Advice, communications plans and consultation support was provided on the following projects:

- Fairways Park construction commencement and project website
- Tenthill Creek Catchment Resilience Project
- Highview Avenue Parking project
- Lake Apex Parklands footpaths
- Gatton township stormwater drainage program
- Inland Rail project impacts on the community, particularly on housing and accommodation
- Bushfire Recovery Project
- Capital projects 2020-2021 Program
- Community sentiments on alternate energy production
- Disaster preparedness project
- Rotary Park

- Laidley Youth Centre
- Lockyer Valley disability services

Engagements in development include:

- Planning Scheme – in partnership with USQ
- Forest Hill Silo Murals – in partnership with Forest Hill Community Development Association

CHILDCARE

70% OCCUPANCY RATE

December 2020 saw a busy month preparing for the end of year Christmas celebrations.

The Centre started to see a decline in numbers as the Kindy Program finished on 11 December 2020. Many children will not restart at the Centre until the end of January 2021, which will show attendance as low for the month.

Our projected percentage for the end of January when school returns looks to be approximately 82%.

There is always more bookings when our Kindy information night is held.

We have been working with parents in regards to their requirements for 2021.

LIBRARIES AND GALLERIES

- The arrangement between Australian Library Information Association (ALIA) and Publishers for Online Storytime expired on 31 December 2020 requiring us to remove all recorded Storytime sessions from social media platforms. A new arrangement is being drafted and we are hoping that we can re-upload some of the more popular sessions. During the period from March to December 2020, 79 videos were recorded with 22,763 views.
- The Library Busy Bags (to provide children's activities at home) have once again been well received with all 50 bags being collected by 11 December 2020.
- Informal school holiday programs commenced in December with a scavenger hunt. Children walk around the library looking for clues and letters to decode a rhyme or riddle. Participants receive a prize after correctly answering the question/rhyme.

ART GALLERY

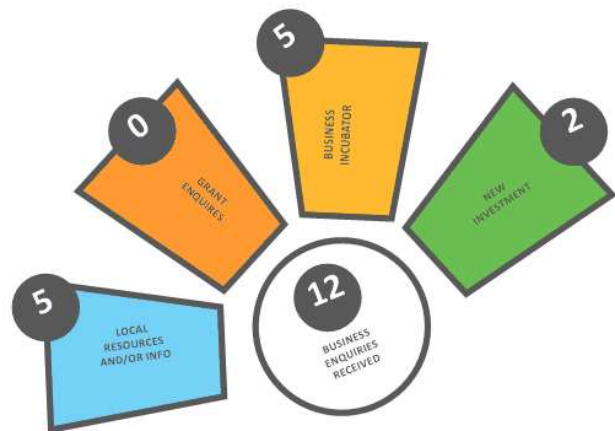

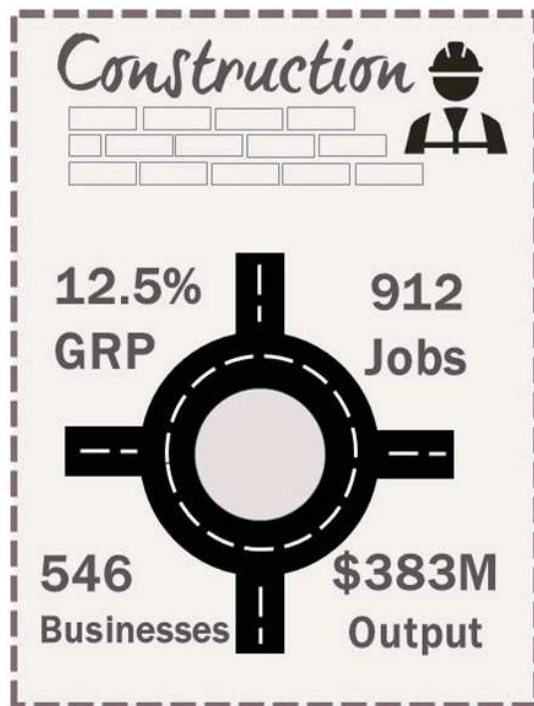

The 2021 Exhibition guide for all art exhibitions has been sent to the printers. We expect these back mid-January for distribution. All exhibitions for 2021 have been confirmed. There is a great variety of exhibitions including local and travelling exhibitions.

REGIONAL ARTS DEVELOPMENT FUND (RADF)

The RADF committee members have been notified of their appointments. Training will occur for the six community members during January 2021.

PLANNING, POLICY AND COMMUNITY WELLBEING

GROWTH AND POLICY

Construction is a significant contributor to the Gross Regional Product (GRP) of the Lockyer Valley, being 12.5% of the total GRP.

In 2019/20 output for the construction sector was \$383 million and provided 912 local jobs. This includes domestic, civil and support services (surveyors etc).

There are 546 construction businesses based in the Lockyer Valley which includes sole trade type business operators (plumbers, carpenters, electricians etc).

DROUGHT COMMUNITIES PROGRAM-EXTENSION (DCP-E)

RIPARIAN RANGERS – CREEK RESERVE WEED MANAGEMENT PROGRAM (CRWMP)

The 51 participants in the program completed all on-ground weed control works by 31 December 2020 and are in the process of finalising the completion reporting which is due mid-January 2021.

Hot and dry weather conditions in spring and early summer stalled some of the weed control. The program has been well received and successful in managing particularly invasive species such as Cats Claw Creeper.

Participants have taken the opportunity to purchase supplies and equipment locally and have engaged a number of local contractors to undertake the weed control.

A final meeting with participants to discuss some of the successes and learnings from the program is planned for late January.

DEVELOPMENT ASSESSMENT

14 **DECISION NOTICES ISSUED** (100% in statutory timeframes)

17 **DECISIONS MADE** (88.2% in statutory timeframes)

82% **DECISIONS MADE WITHOUT ADDITIONAL INFORMATION REQUESTS**

34 **BUSINESS DAYS AVERAGE TIME FOR APPLICATIONS IN DECISION STAGE THIS MONTH**

0 **NEGOTIATED DECISION THIS MONTH**

DEVELOPMENT COMPLIANCE

12 **COMPLAINTS RECEIVED THIS MONTH**

9 **COMPLAINTS RESOLVED THIS MONTH**

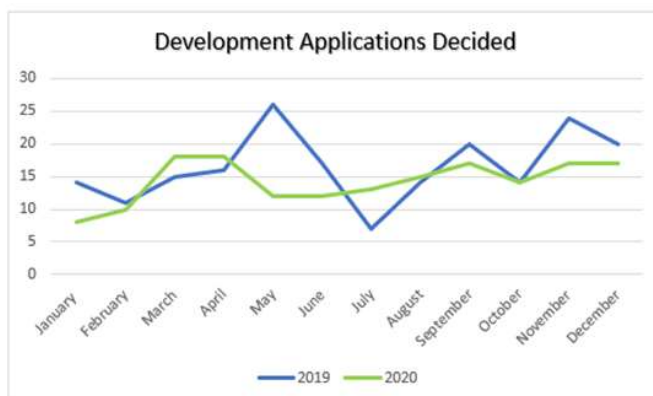

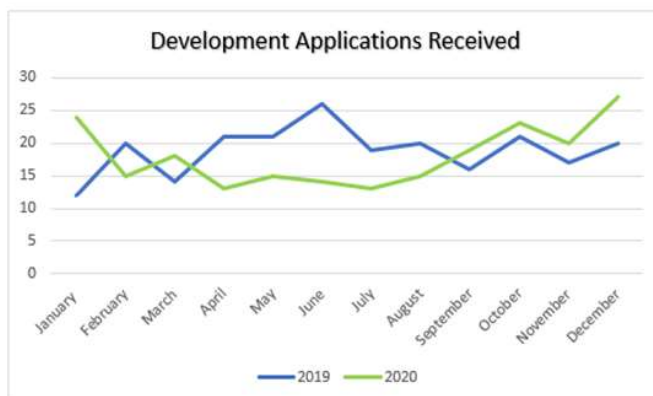

1 **SHOW CAUSE ISSUED THIS MONTH**

100% **RESOLVED WITHOUT LEGAL ACTION**

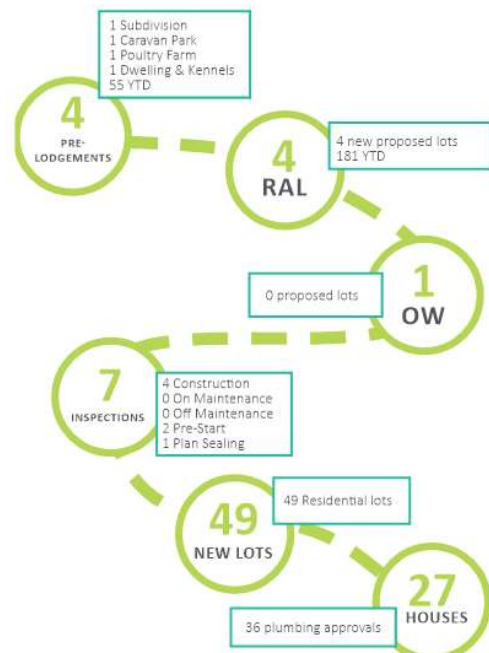

ZERO **ENFORCEMENT NOTICES ISSUED THIS MONTH**

The average decision timeframe was higher than other months due to 2 applications that exceeded the statutory timeframes (84 and 226 business days) due to Council awaiting further information from the applicant prior to being able to decide the application. The DA Team provides the applicant with the opportunity to provide further information to address any issues and ensure a positive outcome for the community, Council and the applicant. These two applications are an anomaly to Council's average processing time.

Excluding these two applications, Council's average time in decision for December was 18 business days which is generally consistent with the monthly average.

New Fact Sheet and Form – Making
Submissions about Development
Applications

The Development Assessment (DA) Team has developed a new fact sheet and form for submissions to development applications.

The DA Team estimates that approximately 70% of all submissions that are received are not properly made.

These new tools will assist the public with making properly made submissions. The form is an optional tool.

2020 DEVELOPMENT ACTIVITY
STATISTICS WRAP UP

- As a whole, the Development Assessment activity for 2020 was largely on par with 2019, which is a positive sign given COVID-19 largely impacting 2020. COVID-19 did have an impact in increasing activity in some areas (Form 19s, subdivisions, operational works) and decreasing activity in other areas (extension to currency periods). It is also a good sign that the development industry is continuing to invest in the Lockyer Valley.
- The increase to Operational Works and Form 19s is largely attributed to the builder grants on offer by the Government as a result of COVID-19.
- There was a significant reduction in Negotiated Decision requests which is a positive sign that the DA Team's work on continuous improvement is having a positive impact for applicants with reasonable, relevant and clear conditions and initiatives such as issuing draft conditions.
- There was an increase in prelodgement meeting and applicants are seeing the value in holding prelodgement meetings with Council.

BUILDING AND PLUMBING

BUILDING

99 Building Approvals were issued in the month of December (by private and LVRC Certifiers) in comparison to **52** for the same period last year.

32 Building Approvals were issued by LVRC in the month of December in comparison to **12** for the same period last year.

4 average business days for Building Approvals for the month of December.

99  **BUILDING APPROVALS DURING DECEMBER**

PLUMBING

49 Plumbing Approvals were issued in the month of December in comparison to **16** for the same period last year.

2 average business days for Plumbing Approvals for the month of December.

49  **PLUMBING APPROVALS DURING DECEMBER**

INSPECTIONS

154 Building and Plumbing inspections were completed for the month of December.

44 Building and **110** Plumbing.

Building and Plumbing revenues

Plumbing revenue is up **66%** for Council lodgements

Building regulatory revenue is up **60%** from Private Certifier lodgements

Building services revenue is up **74%** for Council Certifier lodgements

It has been a busy year for the Building and Plumbing team who have put in a great effort to manage the additional activity and maintain their high standards of Customer Service.

COMMUNITY WELLBEING

LVRC PROPERTY MANAGEMENT

- Monitoring of koala populations at Long Grass Nature Reserve, in conjunction with LUCI and University of Queensland (UQ) students has been undertaken. This is a collaborative project involving the catchment group and volunteers from UQ for citizen science research.
- The team are currently trialling a herbicide capsule injection gun developed by UQ for control of woody weeds. This is a collaborative project with UQ to test effectiveness of the capsule injection methodology in the field on a range of woody weeds.
- The team have completed maintenance weed control at planting sites that were initiated by the SQW trainees. Works primarily targeted grass control to ensure successful establishment and growth of native trees planted during the trainee program.
- A meeting was held with Qld Fire and Biodiversity Consortium (QFBC) to discuss upcoming funded projects and workshops in the Lockyer Valley region that the QFBC will be hosting in 2021.
- A letter of support was prepared for indigenous group (Wirrinyah) to apply for Federal grant funding to undertake fire management training workshops on Council land.
- An inspection has been completed of flying fox colonies in Gatton and Laidley during hot weather events to assess for bat mortalities, removal of several dead bats from Council land has occurred and have been disposed of correctly.
- Meetings were held with Queensland Parks and Wildlife Service to discuss upcoming projects and collaboration.

COMMUNITY WELLBEING

RESTRICTED WEED MANAGEMENT

WEED SURVEYS ON LOCAL ROADS & RESERVES =	19.25 ha
WEED TREATMENT ON LOCAL ROADS & RESERVES =	1.24ha
FOCUS OF RESTRICTED WEEDS TREATED =	Giant Rats Tail Grass, Groundsel Bush, Annual Ragweed, Parthenium, Yellow Bells, African Love Grass, Lantana
WEED SURVEYS ON STATE ROADS =	44.56ha
WEED TREATMENT ON STATE ROADS =	0.2ha
FOCUS OF RESTRICTED WEEDS =	Giant Rat's Tail Grass, Mother of Millions, Ragweed, Parthenium

- 3** Private Property Pest Management Plans have been completed with landholders comprising a total area of **69.52ha**.
- 1** Herbicide subsidy vouchers issued.

RESILIENT RIVERS

CATS CLAW CREEPER

Completion of second round of Cat's Claw Creeper control on Blackfellow Creek for the Tenthill Catchment resilience project. Work completed by Contractor.

Continued control of Cat's Claw Creeper on Council maintained road reserve on Blackfellow Creek.

TENTHILL COMMUNITY RESILIENCE

Meetings held with Transport and Main Roads (TMR) and QLD Reconstruction Authority (QRA) to discuss Resilient Rivers Initiative (RRI) project for community resilience in the Tenthill catchment. The results from the community survey of Tenthill Catchment for preferred road crossing designs on Blackfellow Creek for better access during major flood events were discussed.

CAHILL PARK AND BEAVAN STREET REVEGETATION AREAS

The project's progress was reviewed and the next stage of the works program was discussed with the Contractor.

Meetings held with landholders in the Blackfellow Creek catchment to discuss project initiatives for RRI.

Completed site inspections and site meeting with COMSEQ representative to view current projects progress and discuss upcoming projects, develop scope of works and project timelines.

PEST ANIMAL MANAGEMENT

- 3** Rabbit infestations reported

- 2** Wild Dog request for assistance

- 2** Fox requests for assistance

- 9** Dog Scalp Bounties received

Fox Control - Community

In response to a request for assistance from a Forest Hill resident. Pest Management camera surveillance has confirmed a very active series of dens on a 10 acre property and a potential breeding pair. Action is now in place to assist the landholder to comply with their General Biosecurity obligation to take all reasonable and practical steps to control this restricted invasive animal that preys on both native animals and domestic poultry.

ENVIRONMENTAL COLLABORATION

Ground-breaking collaboration occurred between Council, Lockyer Upland Catchments Inc and University of Queensland's School of Biological Sciences when 25 students, their Manager and Supervisor attended a local Nature Refuge as part of their ecological studies.

Collaboration occurred between the Little Liverpool Range Initiative on an iNaturalist software training day for land holders.

STEWARDSHIP OF NATURAL ASSETS

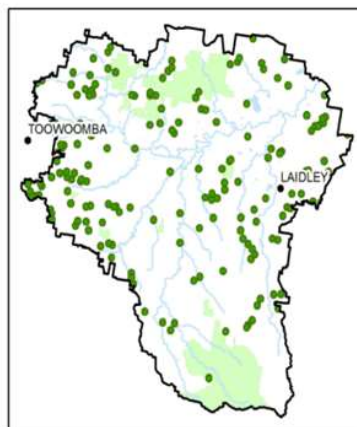

Land for Wildlife (LFW) is a voluntary program that encourages and assists landholders to manage wildlife habitat on their properties.

- 3** New Land for Wildlife enquiries have been received for the month of December.
- 3** new properties have been registered totalling **87ha**
- 59** properties are awaiting inspection totalling a potential **3,291ha**
- 4,250** Land for Wildlife free plants have been ordered for members.

LOCKYER VALLEY LAND FOR WILDLIFE PROPERTIES

Land for Wildlife properties are spread across Lockyer Valley, including:

Local Government Illegal Dumping Partnership Program (LGIDPP) Update

Illegal Dumping Statistics have been collated by the Compliance Officer Illegal Dumping based on review of all Illegal Dumping CRM's received and actioned by Council's Compliance Officers May – December 2020.

- 127 Illegal Dumping incidents reported to Council.
- Volume of Illegal Waste Dumping identified = 104,434 litres.
- Volume of Illegal Waste Removed = 92,434 litres.
- Number of Infringements issued for December was 5.

WASTE TYPE

- 45% Household
- 32% Tyres
- 6% Green Waste
- 4% Construction and Demolition Waste
- Cluster group total 13% with no individual group more than 3%

PLANNING, POLICY & COMMUNITY WELLBEING - BUSINESS SUPPORT 

Form 19's - Building, Plumbing and Planning Information

40 Form 19's were lodged in the month of December in comparison with **21** for the same period last year.

52 Form 19's were issued in the month of December in comparison with **21** for the same period last year.

There has been a significant increase in requests for Building, Plumbing and Planning Information. This has been attributed to the government monetary incentives for new builds and renovations across the region.

Plan Sealing

5 Plan Sealing applications were lodged in the month of December in comparison with **1** for the same period last year.

6 Survey Plans were sealed in the month of December in comparison with **1** for the same period last year.

49 Total number Lots created in the month of December in comparison with **1** for the same period last year.

Lodgement of Plan Sealing requests for smaller lot yield subdivision approvals has increased. Land sales in the region have increased due to the government incentives and as a result smaller developments are being finalised so more blocks are available.

A total of **110** Building, Plumbing, Planning and Environmental Health applications were lodged for the month of December which is 67 less than last month.

95 Building and Plumbing Permits and Planning Decision Notices were issued during the month of December which is the same as last month.

SAVING TIME AND RESOURCES

A project is in development in the test environment to streamline the process for annual Kennel/Cattery Licenses and Excess Animal Permits to reduce multiple officer handling and manual spreadsheets.

Instead of almost 100 payment requisitions having to be raised by Business Support and the same amount of manual invoices having to be raised by Finance it will be a simple process of raising the record once and then it is in the system for the next renewal year.

Templates will pre-populate with data extracted from TechOne.

This is a great efficiency initiative improving accuracy and saving time and resources for the Business Support and Finance Teams.

14.8 Group Managers Infrastructure Monthly Report - December 2020

Author: Dan McPherson, Manager Projects

Responsible Officer: Dan McPherson, Manager Projects

Purpose:

This report provides Council with a summary of key operational activities undertaken by the Infrastructure Group during December 2020.

<p>This document is for Council's information only.</p>
--

Executive Summary

This report provides Council with a summary of key operational activities undertaken by the Infrastructure Group during December 2020.

Proposal

That this report be received and noted.

CIVIL OPERATIONS PROJECTS BRANCH HIGHLIGHTS

CAPITAL WORKS

GATTON URBAN FOOTPATH PROGRAM

- Lake Apex Footpath - Replacement of Deteriorated Bitumen Footpath
Funded under the Works for Queensland Program this package of works has commenced and so far 80% of the project has been completed. Due to the inclement weather the works were interrupted therefore the remainder of the project will be completed next year. Sections of the project that have been completed are open to the public already.

- Old College Road, Gatton - Upgrade Existing Concrete Footpath (Gaul Street to Park Lane)
Works are anticipated to commence on the 4 January 2021 and should be completed by the 8 January 2020. The project involves the construction of 65 metres of new concreted footpath to the south side of Old College Road.

PATRICK STREET, LAIDLEY FOOTPATHS

- Patrick Street, Laidley - Upgrade Existing Concrete Footpath (Whites Road – Hayes Street)
Funded under the Drought Communities Program the construction of 630 metres of footpath was completed on Friday 4 December. Final inspection completed and the project has reached practical completion. There are cost overruns on this project to account for service relocations and repairing existing driveways to tie in with the new works.

URBAN STORM WATER UPGRADES

- Whittle/Hill Streets Gatton
This project will upgrade the storm water capacity in both Whittle and Hill Streets, Gatton to limit the impacts of flooding to residents and the Jehovah's Witness Church on Lake Apex Drive. Currently planning is underway to manage community consultation and construction issues.
- Procurement has been completed, LVRC has engaged the contractor to deliver the project. The pipes have been ordered by the contractor. As our storm water work will impact the services of water and sewer in the area, LVRC is currently in consultation with QUU the assets owner to develop a process to manage the impacts to the services and to the community. Community engagement is underway as well. This project is still scheduled to occur in April/May of 2021 and will be completed by end of June 21.

WOODLANDS ROAD, GATTON

- The project involves upgrading Woodlands Road between Edwards Road and Schroeders Road to widen the road formation from 6m to 8m. This project requires clearing, road excavation, unbound pavement, culvert extensions, bitumen sealing and road markings. The existing road pavement material was utilised to widen the formation and then new road base was imported to provide a structural layer and a uniform surface prior to bitumen sealing. The project is constructed by Council and is currently 95% completed. The primer bituminous seal has been applied along the full length of the project, with a final seal and line marking to be completed in the new year.

**AMOS ROAD, WITHCOTT**

- Funded under the Building Our Regions Program this project is 95% completed. The primer bituminous seal has been applied along the full length of the project, including the car park and the road is open to the public. The final bitumen seal will be completed in early 2021 with line marking to follow shortly after.

CRAN BRIDGE, DECK REPLACEMENT

- Cran Bridge on Stockyard Creek Road requires the deck to be replaced. The bridge will have various structural elements replaced and a new Bridgewood deck installed. The contract has been awarded.

LOCKYER DISTRICT HIGH SCHOOL CAR PARKING IMPROVEMENTS – HIGHVIEW AVENUE, GATTON

- This project is to provide rear in, 45 degree angle parking along the northern side of Highview Avenue Gatton to alleviate parking congestion in this area. A Contractor has been engaged, with a Contract to be formalised to complete these works from the 14th December and having the project completed by the 25th January 2021 so that there is minimal impact on the school community. Public consultation has commenced with the affected residents of Highview Avenue.

MAINTENANCE WORKS**Road Patching Works**

- Alvisio Road, Adare
- Anthony Court, Summerholm

COMMUNITY FACILITIES BRANCH HIGHLIGHTS

CAPITAL WORKS

FAIRWAYS PARK, HATTON VALE

- Site exclusion/protection fencing has been installed. Works have commenced on site with tree clearing and mulching.
- Surveying and identifying pathway & playground areas completed.
- Minor earthworks (trimming), Excavation and weed/grass eradication in progress.
- Rock swale works are underway.

GATTON SHOWGROUNDS MASTER PLAN

- Retaining wall closest to the Stables is almost complete, with fencing panels remaining.
- Concept design for pathway surface upgrades drafted for stakeholder review.

**GATTON SKATE PARK SHADE SHELTER**

- A new 6000mm x 10000mm steel frame shade shelter installed.

**LAIDLEY SALE YARD AWNING STRUCTURE**

- Existing awning structure removed.
- 8000mm x 10000mm steel frame awning structure installed.

**FOREST HILL SKATE PARK**

- All areas have now been concreted and fencing & materials removed from site.

LOCKYER VALLEY CULTURAL CENTRE

- Condenser units relocated and installed on the roof from plantroom 1 and 2.
- Package unit duct installed to plantroom 1 and 2.
- Supply air fans installed and now connected.
- New roof flashing installations are in progress around the skylights.
- Sikaflex sealant and waterproof painting to all mechanical penetrations, flashings and box gutter joints in progress.

**PARKS AND CEMETERIES MAINTENANCE WORKS****Mowing**

- Mowing across the region ramped up prior to the Christmas break.

Furniture Maintenance/Landscaping

- Minor maintenance of garden beds on Railway Street, Gatton.
- Routine maintenance throughout the region.
- A seat was installed at Lake Apex in remembrance of Jim Galletly.

**Playground Maintenance**

- Repairs completed on the Monorail at Lake Apex.
- Quarterly inspections complete, defect maintenance scheduled for January 2021.
- Quarterly routine maintenance complete (Rot-ovation of softfall).

Cemetery Works

- Pre digging graves on the first tier of the new section at Gatton Cemetery is completed. Due to commence cemetery strips.
- Assistance with funerals.
- Ground maintenance has been ongoing.

Event Assistance

- Delivery of event equipment for:
 - ◊ Gatton Village Markets – 01 November 2020
 - ◊ Lockyer Valley Christmas Carnival - 18 December 2020
- Preparation of our Anzac memorials for Remembrance Day.
- Pressure wash marques and tables.

FACILITIES MAINTENANCE WORKS

BUILDINGS

- Bird Proofing – works to carry out bird proofing and removal at Lockyer Valley Sports and Aquatic Centre commenced 22/12/2020. Completion of nest removal to be completed early January. Different equipment required due to sharp fall in pool depth not previously identified by contractor.
- Laidley Depot – Rectification to extensive termite damage in kitchen, staff room and bathrooms complete.
- Laidley Recreation Reserve Portable Bar – roof significantly damaged during severe storms early November. Make good works completed.
- Community Housing Stock – Handover of community housing stock is delayed, Housing and Public Works cannot agree on which of their branches is responsible for finalising the process. LVRC continue to charge tenants rent. Intent is to resolve early January 2021.
- Kensington Grove childcare building broken into and vandalised. Clean up now complete and new occupants have taken up residence.
- Sample Insurance risk assessments completed by LGMS at three sites – Gatton Depot, Gatton Transfer Station and Gatton Showgrounds. Overall results very positive.
- Annual carpet cleans at selected sites completed during Christmas closure.
- Business as usual repairs and maintenance.

PLUMBING

- General maintenance and repairs as required.

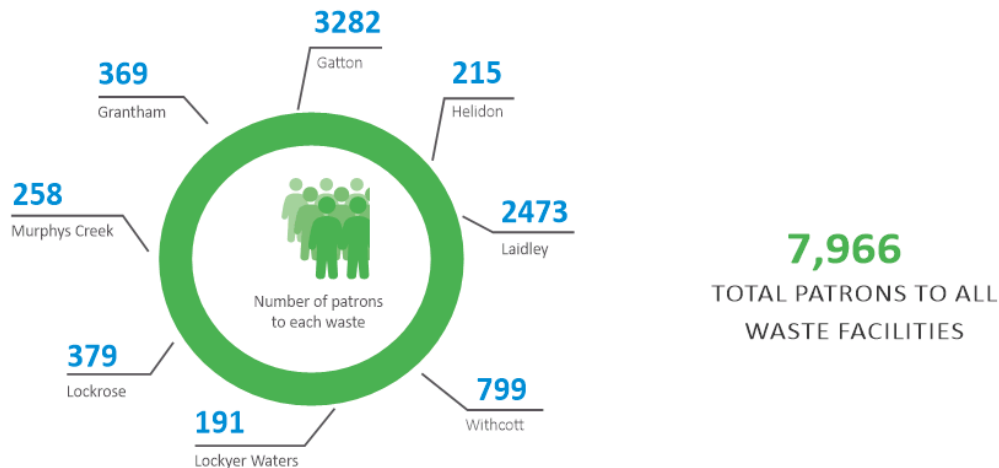

ELECTRICAL

- Solar system at the Lockyer Valley Sports and Aquatic Centre learn to swim pool failed. New sensors and controllers supplied and installed.
- Vandalism at to the Lights On The Hill memorial at Lake Apex. Site made safe until 2021 when replacement fittings can be sourced.
- Decorative lights in Centenary Park Gatton were damaged. Repairs being undertaken in 2021 when replacements can be sourced.
- Electrical check for 2011 Grantham Flood memorial event at Bugler Park, Grantham undertaken.
- Carrier technicians met with Facilities Coordinator on site at Gatton Administration building to assess existing HVAC and create proposal for long term rectification plans.
- Lake Apex system test undertaken prior to the Christmas carnival.
- Faults remain outstanding with the heat pumps at Lockyer Valley Sports and Aquatic Centre pool. Continuing to investigate.
- Installation and test of electrical Christmas decorations at Das Neumann house undertaken.
- General maintenance and repairs as required.

WASTE MANAGEMENT

- Continued involvement in the Sub Regional Alliance to consider options to improve waste in the councils involved.
- Participated in the SEQCoM infrastructure project. Community Facilities Portfolio Councillor and Coordinator Waste Officer attended a number of sessions and provided input for the consultants into the project. A draft report for this project is due by May 2021.
- Prepared procurement documents for processing of green waste and concrete and environmental monitoring at landfills.

15.0 CONFIDENTIAL ITEMS

In accordance with the provisions of section 254J(3) of the *Local Government Regulation 2012*, a local government may resolve to close a meeting to the public to discuss confidential items, when its Councillors or members consider it necessary to close the meeting.

CLOSED SESSION

THAT the meeting be closed to the public at 9:50am to discuss the following items, which are considered confidential in accordance with section 254J(3) of the *Local Government Regulation 2012*, for the reasons indicated.

15.1 Lake Dyer Caravan and Camping Ground

This item is confidential in accordance with Section 254J (3) (g) of the Local Government Regulation, 2012, as the matter involves negotiations relating to a commercial matter involving the local government for which a public discussion would be likely to prejudice the interests of the local government.

15.2 Gatton Childcare Centre

This item is confidential in accordance with Section 254J (3) (g) of the Local Government Regulation, 2012, as the matter involves negotiations relating to a commercial matter involving the local government for which a public discussion would be likely to prejudice the interests of the local government.

Moved By: Cr Hagan

Seconded By:

Cr Wilson

Resolution Number: 20-24/0229

CARRIED

7/0

At 9:51am, Councillors Milligan and Vela left the meeting room based on their declarable conflicts of interest in Item 15.1 'Lake Dyer Caravan and Camping Ground'.

At 9:51am Cr Cook assumed the Chair.

In accordance with section 150EQ of the Local Government Act 2009, Councillor Qualischefski informed the meeting that he has a declarable conflict of interest in Item 15.1 'Lake Dyer Caravan & Camp Ground'. In relation to Item 15.1, the nature of the interest is that Councillor Qualischefski advised that he was previously a supervisor of one of the shortlisted applicants "Donna Smith & Herbert Dunn". Councillor Qualischefski advised that he will leave the meeting room (including any area set aside for the public) while the matter is discussed and voted upon.

At 9:53am, Cr Qualischefski left the meeting room based on his declarable conflict of interest in Item 15.1 'Lake Dyer Caravan and Camping Ground'

OPEN SESSION

THAT Council move into open session, the time being 10:48am.

Moved By: Cr Hagan

Seconded By:

Cr Wilson

Resolution Number: 20-24/0230

CARRIED

15.1

Lake Dyer Caravan and Camping Ground

Author: Raelene Linfield, Coordinator Procurement

Responsible Officer: Anna Hebron, Group Manager People and Business Performance

That the above item be considered in Closed Session to the exclusion of the press and public in accordance with Section 254J (3) (g) of the Local Government Regulation, 2012, as the matter involves negotiations relating to a commercial matter involving the local government for which a public discussion would be likely to prejudice the interests of the local government.

Purpose:

The purpose of this report is to advise Council of the outcome of the Request for Tender process for Lake Dyer Caravan and Camp Ground.

Officer's Recommendation:

THAT Council note the outcome of the Request for Tender process for the Lake Dyer Caravan and Camping Ground.

RESOLUTION

THAT Council defer consideration of Item 15.1, "Lake Dyer Caravan and Camp Ground", to a future meeting of Council to enable the provision of further information.

Moved By: Cr Holstein

Seconded By:

Cr Hagan

Resolution Number: 20-24/0231

CARRIED

4/0

Crs Milligan, Vela and Qualischefski returned to the meeting, the time being 10.50 am.

15.2 Gatton Childcare Centre

Author: Annette Doherty, Manager Community Activation

Responsible Officer: Amanda Pugh, Group Manager Community & Regional Prosperity

That the above item be considered in Closed Session to the exclusion of the press and public in accordance with Section 254J (3) (g) of the Local Government Regulation, 2012, as the matter involves negotiations relating to a commercial matter involving the local government for which a public discussion would be likely to prejudice the interests of the local government.

Purpose:

The purpose of this report is to seek a decision from Council's in relation to the operation of the Gatton Childcare Centre.

Officer's Recommendation:

THAT Council continues to operate the Gatton Childcare Centre.

RESOLUTION

THAT Council continue to operate the Gatton Childcare Centre.

Moved By: Cr Holstein

Seconded By:

Cr Hagan

Resolution Number: 20-24/0232
