5. EXECUTIVE OFFICE REPORTS

5.1 2022-23 Financial Policies

Author: Jodi Marchant, Chief Financial Officer
Responsible Officer: Ian Church, Chief Executive Officer

Purpose:

The purpose of this report is to seek Council's adoption of the financial policies and procedures as part of the 2022-23 Budget.

Officer's Recommendation:

THAT Council adopt the following policies as attached to this report:

- **2022-23 Investment Policy;**
- **2022-23 Debt Policy;**
- **2022-23 Procurement Policy;**
- **Local Benefit and Supply Procedure;**
- **Rates and Charges Debt Collection and Recovery Policy;**
- **Sundry Debt Collection and Recovery Policy;**
- **Hardship Policy**

Executive Summary

The attached financial policies have been reviewed and amended as part of the 2022-23 Budget process. The main change has been to align the amount of overdue interest charged with the maximum amount allowed by legislation.

The Investment Policy, Debt Policy and Procurement Policy are key Statutory policies of Council. The adoption of these policies satisfies Council's legislative obligations and provides clear guidance to staff to ensure ongoing understanding and compliance. The Debt Policy is required to be adopted each financial year with the Investment Policy and Procurement Policy reviewed on an annual basis.

The Rates and Charges Debt Collection and Recovery Policy, Sundry Debt Collection and Recovery Policy and Hardship Policy have also been reviewed and updated for inclusion in the policy register as per the *Local Government Act 2009*.

The adoption of these Policies satisfies Council's legislative obligations and provides clear guidance to staff to ensure ongoing understanding and compliance.

The Local Benefit and Supply Procedure is a new procedure that has been compiled to assist in developing competitive local businesses and industry by providing a governing framework to maximise opportunities for local businesses.

Proposal

Overview

Council regularly reviews its policies to ensure that they are current and compliant with the *Local Government Act 2009* and *Local Government Regulation 2012*.

Investment Policy

Under Section 191 of the *Local Government Regulation 2012*, Council must prepare and adopt an Investment Policy that outlines Council's investment objectives and overall risk philosophy together with the procedures for achieving the goals outlined in the Policy.

The attached Investment Policy provides Council's finance officers with an investment framework within which to place Council investments to achieve competitive returns whilst adequately managing risk exposure and ensuring cash funds are available to meet Council's short-term cash requirements. The priority order of investment activities is preservation of capital, liquidity and return. The Investment Policy remains unchanged from the previous version.

Debt Policy

Under Section 192 of the *Local Government Regulation 2012*, Council must prepare and adopt a Debt Policy each financial year. The Debt Policy must state new borrowings for the current financial year and the next nine years and the time over which Council plans to repay existing and new borrowings.

The attached Debt Policy forecasts no borrowings for the life of the long-term financial plan.

Under Council's Debt Policy, Council will not utilise loan funds to finance operating activities and where capital assets are funded through borrowings, Council will repay the loans within the shortest term possible with the maximum term not exceeding the life of the asset. Two of the three current loans are planned to be repaid within the 2022-23 financial year, with the third loan to be paid over its existing loan term. However, additional repayments will be made where sufficient funds are available, and it is advantageous to do so.

Procurement Policy

The Procurement Policy covers the principles of procurement applicable under the *Local Government Regulation 2012* and has been updated to provide clarity on the sound contracting principles which underpin Council's procurement and contracting functions.

Local Benefit and Supply Procedure

This new procedure has been compiled to assist in developing competitive local businesses and industry by providing a governing framework to maximise opportunities for local businesses.

Currently, Council are including as many local suppliers as possible as part of the Procurement invitation process, however inviting local suppliers isn't always possible. On the occasions when Council requires goods and/or services that no suppliers in the local area can accommodate, every effort is put in by the business areas, and procurement, to find suppliers that are as close to the local area as practicable. For this reason, a six (6) zone score matrix has been established to ensure locality is still given due consideration at the evaluation stage. Local benefit is also considered during the evaluation phase, by assessing supplier's commitment to the region.

The procedure also acknowledges that value for money goes beyond choosing the cheapest price, and instead considers the potential investment in local businesses and genuine employment opportunities for Lockyer Valley businesses.

Rates and Charges Debt Collection and Recovery Policy

The Rates and Charges Debt Collection and Recovery Policy provides a process which is consistent and ethical for the recovery of outstanding rates and charges in accordance with the *Local Government Regulation 2012*.

This Policy remains unchanged from the previous year, excluding the increase in the interest on overdue rates and charges from 8.03% per annum compounding daily, to 8.17% per annum compounding daily. This is to conform with changes to the *Local Government Regulation 2012* which has reduced the maximum amount of interest Councils can charge on overdue rates and charges.

Setting the level of interest at the maximum amount is a powerful incentive for property owners to pay their rates and charges within the shortest possible time.

Sundry Debt Collection and Recovery Policy

The Sundry Debt Collection and Recovery Policy sets out Council's debt management principles for the recovery of outstanding sundry debt.

This Policy remains unchanged from the previous year, excluding the increase in the interest on overdue sundry debts from 8.03% per annum compounding daily, to 8.17% per annum compounding daily. This is to maintain consistency with the amount of interest charged on outstanding sundry debts and reduce the administration of managing multiple overdue interest rates.

The Rates and Charges Debt Collection and Recovery Policy and the Sundry Debt Collection and Recovery Policy are key policies of Council and provide guidance to officers when dealing with monies owed to Council.

Hardship Policy

The Hardship Policy remains unchanged from the previous year.

Options

Option One: That Council adopt the policies and procedure as attached to this report.

Previous Council Resolutions

Special Meeting of Council 21 July 2021 (20-24/0350)

THAT Council adopt the following policies:

- 2021/2022 Investment Policy;
- 2021/2022 Debt Policy;
- 2021/2022 Procurement Policy
- Rates and Charges Debt Collection and Recovery Policy
- Sundry Debt Collection and Recovery Policy
- Hardship Policy

Critical Dates

Under the *Local Government Act 2009* Chapter 4 Finances and Accountability, Part 3 Financial planning and Accountability Section 107(a) Approval of the Budget the local government must adopt a budget before 1 August in the financial year to which the budget relates.

Strategic Implications

Corporate Plan

Lockyer Leadership and Council

Undertake robust and accountable financial, resource and infrastructure planning and management to ensure affordable and sustainable outcomes for our community.

Compliance with relevant legislation

Finance and Resource

These Policies underpin elements of the 2022-23 budget.

The increase in the interest rate charged will slightly increase Council's revenue however the amount cannot be determined as it is dependent on the amount of outstanding debt and the length of time it has been outstanding. Total revenue from interest on outstanding debts is usually between \$220,000 and \$290,000 per annum.

Legislation and Policy

The *Local Government Regulation 2012* Sections 191, 192 and 198 require Council to prepare an Investment Policy, Debt Policy and Procurement Policy.

The *Local Government Act 2009* section 95 and Part 12 of the *Local Government Regulation 2012* govern the process contained within the Rates and Charges Debt Collection and Recovery Policy.

The adoption of the 2022-23 financial policies by Councillors supersedes the 2021-22 financial policies.

Risk Management

Consultation*Portfolio Councillor Consultation*

The policies were workshopped with Councillors in July 2022.

Internal Consultation

The implications of these policies and procedure will be incorporated into extensive communications associated with the 2022-23 Budget. The updated policies will be included in Council's policy register and uploaded to Council's website.

External Consultation

Due to the internal administrative nature of these policies, there has been no external consultation.

Community Engagement

The implications of these policies and procedure will be incorporated into extensive communication associated with the 2022-23 Budget and uploaded to Council's website.

Policy Objective

To provide Council's finance officers with an investment framework within which to place Council investments to achieve competitive returns whilst adequately managing risk exposure and ensuring cash funds are available to meet Council's short-term cash requirements.

Policy Statement

This policy is applicable to the investment of Lockyer Valley Regional Council's cash balances as they occur throughout the year. It specifically does not apply to the long-term loan arrangement with Queensland Urban Utilities.

Council's overall objective is to invest its funds at the most advantageous interest rate available to it at the time, for that type of investment and in a way that it considers most appropriate.

Without specific approval from Council or the treasurer, investments are limited to those prescribed by Part 6 of the *Statutory Bodies Financial Arrangements Act 1982* for local governments with Category 1 investment power.

In order of priority, the order of investment activities will be preservation of capital, liquidity and return.

This policy prohibits any investments carried out for speculative purposes.

Council's bank balances and short-term cash flows will be reviewed daily.

Investments will be placed to minimise the cash held in low/no interest operating bank accounts whilst ensuring sufficient cash is available to meet Council's financial obligations on a day to day basis.

Funds will be invested for a term not exceeding 12 months.

To mitigate risk and protect the Capital value of Investments, funds will only be placed with recognised financial institutions with a Standard and Poor's Long Term Rating of BBB- or better and operating in Australia. Investments will be placed with various financial institutions such that the maximum percentage of the total investment portfolio does not exceed:

Standard and Poor's Long Term Rating	Maximum % Investment in any one Institution	Maximum % Investment all institutions in this category
QTC (currently AA+)	100%	100%
AAA to A+ (excluding QTC)	35%	85%
A to BBB+	25%	45%
BBB to BBB-	20%	30%

The Chief Financial Officer is to ensure an appropriate system is maintained at all times to ensure all investments are accounted for and the portfolio managed appropriately.

The Chief Financial Officer will ensure that effective internal controls are established to ensure that investment objectives are met and that investments are protected from loss, theft or inappropriate use. These controls will address control of collusion, separation of transaction activity from accounting and record keeping, safekeeping, physical delivery of securities, delegation to investment officers, requirements for the settlement of securities, compliance and oversight of investment parameters and compliance reporting.

Investments and associated internal controls will be subject to periodic reviews by Council's Internal Audit function to verify compliance with this policy and legislation.

Any breach of this policy must be reported to the Chief Executive Officer within 24 hours and be rectified as soon as reasonably possible of the breach occurring.

Quarterly reports detailing compliance with the policy and earning performance compared to the benchmark are to be prepared by the Chief Financial Officer and provided to Council.

Earning Performance will be benchmarked against the Bank Bill Swap Rate and the Bloomberg AUSBOND Index which includes the 90-day bank bills from a number of Australian institutions.

Council recognises that the infrastructure requirements placed upon it in many instances can only be funded through borrowings but is mindful of the additional cost incurred by property owners when assets are acquired through borrowings.

Council will endeavour to fund all capital renewal projects from operating cash flows and borrow only for new or upgrade projects having regard to sound financial management principles and considering inter-generation equity for the funding of long term assets.

Borrowings for infrastructure that provide a return on assets will take priority over borrowings for other assets.

Where capital assets are funded through borrowings, Council will repay the loans within the shortest term possible with the maximum term not exceeding the life of the asset. Current loans are planned to be repaid within their existing loan terms.

Consideration will be given to renegotiating loans where it is in Council's long-term interests to do so.

If surplus funds become available and where it is advantageous to do so, one-off loan repayments will be made to reduce the balance of existing loans.

Council will maintain scrutiny of debt levels to try and ensure that sustainability indicators do not exceed the target parameters recommended by the Queensland Treasury Corporation and the *Local Government Regulation 2012*.

Council will raise all external borrowings at the most competitive rates available from sources defined by legislation. Loans will be drawn down annually subject to cash flow requirements to minimise interest expenses.

Pursuant to Section 192 of the *Local Government Regulation 2012*, proposed borrowings for capital works projects as outlined in the adopted budget for the current financial year and subsequent financial years are as follows:

Financial Year	\$'000
2022/2023	-

Definitions

Procurement	means the whole process of acquisition of external goods, services and works. This process spans the whole life cycle from initial concept through to the end of the useful life of an asset (including disposal) or the end of a service or construction contract.
Sound contracting principles	mean the principles as outlines in the <i>Local Government Act 2009</i> , s.104.
Ethical behaviour	encompasses the concepts of honesty, integrity, probity, diligence, fairness, trust, respect, and consistency. Ethical behaviour includes avoiding conflicts of interest, and not making improper use of an individual's position.

Policy Objective

This policy establishes the procurement principles to be used by Lockyer Valley Regional Council in undertaking all procurement and contracting activities for the organisation.

This policy applies to the procurement and contracting of all goods, equipment and related services, construction contracts and service contracts (including maintenance) and dispose of non-current assets.

Policy Statement

Lockyer Valley Regional Council will carry out all procurement and contracting activities in accordance with the prescribed legislative framework and its Procurement Guidelines.

To do so, Council will apply the sound contracting principles of:

- **Value for money**

Council must harness its purchasing power to achieve the best value for money. The concept of value for money is not restricted to price alone. The value for money assessment must include consideration of:

- Alignment to the objectives of Council outlined in its corporate and operational plans and contribution to the advancement of Council's priorities.
- fit for purpose, quality, services, work health and safety, and support.
- whole-of-life costs including costs of acquiring, using, maintaining and disposal.
- internal administration costs.
- technical compliance issues.
- the performance history of each prospective supplier.
- risk exposure.
- timely delivery and post-delivery support.
- effective warranties.
- value-add proposals.
- the value of any associated social and environmental benefits.

- **Open and effective competition**

Purchasing should be open and result in effective competition in the provision of goods and services. Council must give fair and equitable consideration to all prospective suppliers.

- **The development of competitive local business and industry**

Where price, performance, quality, suitability, and other evaluation criteria are comparable, the following areas may be considered in evaluating offers:

- creation of local employment opportunities.
- more readily available servicing support.
- more convenient communications for contract management.
- the benefit to Council of an associated local commercial transaction.

- **Environmental protection**

By law any party entering into a contract with Council for the carrying out of work or the supply of goods or services must not cause an environmental nuisance or unlawful environmental harm pursuant to the *Environmental Protection Act 1994* (Qld). Further, the party must also comply with any other relevant laws and regulation

Council promotes environmental protection through its purchasing procedures. In undertaking any purchasing activities Council will consider environmental, social, and economic elements in procurement activities.

- **Ethical behaviour and fair dealing**

Council conducts its procurement and contracting activities in a transparent manner which demonstrates probity and accountability. Council will apply the ethics principles of integrity and impartiality, fairness, independence, professionalism, promoting the public good, and commitment to the system of government in undertaking its procurement and contracting activities.

Ethical behaviour and fair dealing will be promoted by fulfilling the requirements of Council's Code of Conduct, working with sound ethics, and ensuring Council:

- promotes high standards of professionalism in procurement and contracting activities
- uses procurement and contracting processes, systems and procedures that provide a consistent approach to Council's policy requirements
- develops evaluation and probity plans for contracting activities, where appropriate
- develops contract management plans for identified contracting activities
- notes interactions with suppliers and record content of meetings
- safeguards suppliers' commercially confidential information and/or intellectual property
- ensures procurement and contracting processes are transparent so that suppliers are treated equitably
- ensures that Council officers involved in contracting avoid and/or declare any conflicts of interest consistent with the Code of Conduct, Conflicts of Interest and Gifts Policy, and the relevant legislation.

Regard is to be had for each principle, although each principle may not receive equal consideration, depending on the particular procurement activity.

Prior to any procurement activity, purchases of any goods or services must be made in accordance with this policy, the Procurement Guidelines, and the Local Government Regulations.

Procurement must only be undertaken where there is a budget for the expenditure, or it is otherwise authorised by a Council resolution. All purchases must be approved by the relevant financial delegate.

Council will also provide a framework for the development and implementation of systems, practices, and controls for efficient, effective, and economic financial and performance management in its procurement activities.

Roles and Responsibilities

Chief Executive Officer (CEO) is responsible for organisation wide procurement outcomes.

Executive Leadership Team (ELT) is responsible for promoting consistency in procurement practice across the organisation.

Procurement Coordinator is responsible for creating and maintaining an appropriate procurement control framework, and for ensuring this policy, the administrative directive and code of practice procedure are appropriate, reflect better practice and facilitate a high standard of procurement performance.

Managers and supervisors are responsible for ensuring that employees are aware of, and comply with, this policy.

1. Introduction

The purpose of this procedure is to develop competitive local businesses and industry by providing a governing framework to maximise opportunities for local businesses when bidding for Council's contracts.

The outcome of this procedure is to give local businesses opportunity to quote or tender on Council's goods, services and works. This procedure details the actions Lockyer Valley Regional Council (LVRC) and its Officers apply to the appointment of Suppliers under a contracted arrangement or any other relevant agreements.

LVRC commits through its Statutory Procurement Policy to support the development of the local economy by undertaking procurement and contracting in accordance with:

- *Local Government Act 2009*
- *Local Government Regulation 2012*
- The sound contracting principles which include the development of competitive local business and industry.

This procedure acknowledges that value for money goes beyond choosing the cheapest price and instead considers the potential investment in local businesses and genuine employment opportunities for Lockyer businesses (best value). This might include creating new jobs, ensuring sustainability of existing local jobs, or upskilling local workforces and creating new opportunities.

The level of participation and determination of benefit to the Region, by a business or undertaking, is measured under the following categories:

- Location of the business's office or usual place of operations
- Benefits and initiatives the business contributes to the community as part of their day-to-day business.
- Past community contributions initiated by the business.
- Commitments made by the business if awarded the contract, that are reportable under the contract.
- Contributions that form part of the contract and scope of services.

Where quotes or tenders from non-local suppliers are sought and evaluated, the officer with the delegation relevant to the procurement, will need to be satisfied that such an approach clearly reflects the most advantageous outcome for the Lockyer Valley Region in terms of value for money.

This procedure is effective from the approval date and is to be read in conjunction with the Procurement Policy and the Procurement Guidelines.

3. Local Supplier vs Local Benefit vs Local Buy

Local Supplier

Zone 1 – Local Supplier:

- Is owned and operated by residents of ratepayers of the Local Government area.
- Has its principal place of business within the Local Government area.
- Has a place of business within the Local Government area of LVRC that employs persons who are residents or ratepayers of the Local Government area of LVRC.

Other zoning:

- Local Zone 2 – Within an adjoining Region.
- Local Zone 3 – Within South-East Queensland .
- Local Zone 4 – Broader Queensland.
- Local Zone 5 - Another Australian state.
- Local Zone 6 – Internationally.

By prioritising the use of local businesses, we are putting our community first in creating and supporting quality local jobs that create genuine connections within the community and help to reduce long-term unemployment.

Local Benefit

Local benefits are recognised by assessing suppliers' commitment to the Region, this may include:

- The location of the supplier office which holds additional benefits such as a building lease or employment of local residents.
- The number of other suppliers in the Region that are supported by their day-to-day operations.

- Contributions to the Region and its community groups.
- Contributions to the community through employment initiatives.
- Economic growth for the Region and expansion outside of typical core service to meet new demands.
- Direct supply of goods, services and support within the Region.
- The number of other suppliers in the Region that are supported by their day-to-day operations.

Local Buy

Local Buy is a government funded organisation that promotes the use of local suppliers through the appointment of Panel contracts. These contracts are in place for use by Local Governments in Queensland and other states.

The level of which the suppliers meet the 'local' criteria will differ between suppliers however you can refer to the Local Buy Supplier Matrix for the registered business locations.

Local Buy lists are accessible to LVRC through the VendorPanel platform.

VendorPanel Market Place

VendorPanel is the digital facilitation portal or 'marketplace' used to release quotes and tenders, including searching for suppliers. It also allows users to refine supplier searches to within a set radius making it a useful tool to determine Suppliers nearest your area.

4. Economic Impacts

Direct economic impacts:

- by supporting local sustainable businesses that are more likely to prosper, expand, innovate, train, invest
- by supporting local labour market outcomes (such as training, new opportunities, employment security)

Direct and/or indirect economic impacts:

- by supporting local supply chains and the circular flow of money to maximise regional impact (i.e. supply chain benefits)
- by supporting local manufacturers, and supply chains that source goods manufactured locally

Indirect economic impacts:

- by supporting sustainable activity in the local economy, which can have broader impacts through more sustainable local industries, where sustainability in one local industry may generate flow-on effects and support sustainability in other local industries
- by supporting community cohesion (e.g. local businesses are encouraged to support local initiatives, thereby stabilising the population base, increasing liveability in regional areas through employment opportunities and creating local leaders).

5. Achieving Local Benefit through Procurement

Developing local business and industry

LVRC contributes to the successful growth and development within the Region by acknowledging suppliers providing additional benefits to the Region as part of their daily business. This is done by including questions (evaluation criteria) in the quote or tender offer document, in line with the type of service LVRC is seeking and scoring the benefits through evaluation process.

Including local benefit questions as part of the evaluation criteria allows suppliers to understand what we value in terms of developing our local supply chains and community and encourages suppliers to see what additional contributions they can make now and in the future.

Local Benefit Sample Questions

The below questions are examples of the kinds of questions that can be asked to help council evaluate responses. Suppliers will have the opportunity to demonstrate any commitment made to the Region and its economic development in the Respondents Offer or Tender response:

- How many full-time staff do you employ that recurrently reside within the Lockyer Valley Region?
- How many Trainees /Apprentices do you currently have?
- How many additional Trainees /Apprentices/Employees will you employ for the term of this contract that reside within the Lockyer Valley Region?
- What training is currently provided to your staff on a regular basis and where is this training delivered?
- How will you engage local resources (personnel, equipment, sub-contractors);
- Detail your membership within Community groups based in the Lockyer Valley Region including volunteering, memberships, and donations.
- Detail the economic and community benefits you propose to bring to the Region during the delivery of this contract. For example, local supplies, community participation etc.
- What percentage of the contract value do you commit to spending during the term of the contract within the Region and what is this percentage made up of.

6. Evaluation Criteria

Mandatory Requirements

- Minimum 10% Local Supplier weighting on all Tier 3 and 4 procurement processes.
- Obtain a minimum of one quote from a local supplier for all Tier 1 and 2 procurements, where available.
- In instances where the supply market does not exist in the Lockyer Region (with evidence to support), a mandatory fifteen (15%) Local Benefits non-price evaluation weighting criteria is applied to deliver local growth and economic contribution.

Local Supplier Evaluation

- Local Zone 1 = Full score of 10%
- Local Zone 2 = Four fifths score of 8%
- Local Zone 3 = Three fifths 6%
- Local Zone 4 = Two fifths 4%
- Local Zone 5 = One fifth 2%
- Local Zone 6 = Score of 0%.

Definitions

Rates and charges are defined in the *Local Government Regulation 2012* as including differential general rates, minimum general rate levies, separate rates and charges, special rates and charges, utility charges and accrued interest on outstanding balances.

In addition, as defined in Section 132 of the *Local Government Regulation 2012*, *overdue rates or charges are made up of:*

- if the local government takes the property owner to court to recover rates or charges and the court orders the property owner to pay Council's costs—the costs; and
- the interest, if interest is payable, on the rates or charges, or costs.

Policy Objective

The objective of this policy is to set out Council's principles regarding the management of debt, and to provide a process which is consistent and ethical for the recovery of outstanding rates and charges across the organisation in accordance with the parameters and requirements of the *Local Government Regulation 2012*.

Policy Statement

The management and recovery of outstanding revenue is an important aspect of Council's financial management function. It is Council's policy to pursue the collection of outstanding revenue diligently but with due concern for any financial hardship faced by property owner.

The principles that will apply in the management of and recovery of debt are as follows:

- Transparency by making clear the obligations of the property owner and the processes used by Council in assisting them meet their financial obligations
- Making the processes used to recover overdue rates and charges simple to administer and cost effective
- Equity by having regard to providing the same treatment for property owners with similar circumstances
- Flexibility by responding where necessary to changes in the local economy

- Property owners who are maintaining an approved payment commitment
- Property owners who have lodged a formal notice of Objection or have advised Council of a formal dispute with their most recent notice of rates and charges
- Property owners in receipt of a Missed Discount Letter as this serves as Reminder Letter1

Council does not verbally contact property owners who are in arrears via telephone. If Council has a current mobile number of a property owner, Council will contact via text message, utilising a bulk distribution method. Council will not use the text message contact if the property owners opts out to receiving the text message reminders.

Payment Arrangements

Council will consider any reasonable offer for periodic payments. To avoid recovery action these requests are to be made to Council **in writing** at which time the Chief Financial Officer or Council delegate will consider the offer on a case by case basis. If approved, the Chief Financial Officer or Council delegate will document the arrangement to be brought into effect and a copy will be provided in writing to the property owner.

An agreed periodic payment commitment should ensure all current rates and charges are paid as issued, to ensure the account does not fall further into arrears. An appropriate periodic payment commitment will generally result in all overdue rates and charges being paid in full, by the end of the half year period in which the payment commitment is made.

Council reserves the right to renegotiate or cancel a payment commitment should circumstances change where the debt will not be paid within Council's current policy time frame. In these circumstances, Council will not initiate further recovery action without reference to the property owner concerned.

Council will not pursue further recovery action against a property owner who has an agreed written periodic payment commitment, while the commitment is current, and the property owner adheres to the agreed repayment schedule.

In the event that a payment commitment is not maintained within the agreed terms, the following action will occur:

The first payment default - A payment commitment First Notice of Default Letter will be issued to the property owner, advising that the commitment has been dishonoured, the overdue amount and the next payment commitment due date.

The second and final payment default - The payment commitment will be removed from Council's rate assessment and the debt forwarded to Council's external debt recovery agency. The Chief Financial Officer will formally advise the property owner that the debt has been referred to Council's appointed Legal Representative or Debt Recovery Agent.

Hardship Application

Hardship Application can be completed if property owners are unable to meet financial obligations due to unexpected events or unforeseen changes resulting in their inability to meet basic requirements including food, clothing, medicine, housing and other necessities due to family tragedy, financial misfortune, serious illness, natural disaster, and other serious or difficult circumstances.

The objective of the hardship policy is to set out Council guidelines for the assessment of requests for rates and charges or other financial obligation relief due to financial hardship.

The hardship policy applies to property owners and/or customers experiencing financial hardship. They are recognised as those who intend to pay but do not have the financial capacity to make payment in full by the end of the current rating period or by a payment commitment applicable under the current Rates and Charges Debt Collection and Recovery Policy or Sundry Debt Collection and Recovery Policy process.

Sundry Debt transferred to Rates

Unpaid sundry debts for administration and slashing charges on properties are transferred to the land as unpaid rates under the provisions of section 152 of the *Local Government Act 2009* which states that if the debt is not paid within 30 days after the date of the notice, Council may recover the debt as if the debt were overdue rates.

Interest

In accordance with Section 133 of the *Local Government Regulation 2012*, rates and charges which remain outstanding for greater than 30 days, shall bear interest at the rate of 8.17%, compounding on daily rests.

Review of the Application

A review of the hardship will be completed regularly and may be renegotiated by the property owner/customer and the responsible officer to take into consideration changes in the property owner's/customer's circumstances.

Failure to comply

If the property owner/customer:

- Fails to commit to the agreed payment commitment
- Fails to comply to the Council's offer of relief
- Does not reply to Council's offer

If the agreed decision is forfeited Council will continue with normal debt recovery action and charging of interest. Interest will be back dated to the date it ceased. The property owner/customer will be contacted prior to commencement of debt recovery action. No further hardship application from the property owner/customer will be accepted for the following 12 months.

5.2 2022-23 Revenue Policy

Author: Kirsty Johnson, Coordinator Revenue Services; Jodi Marchant, Chief Financial Officer
Responsible Officer: Ian Church, Chief Executive Officer

Purpose:

The purpose of this report is to seek Council's adoption of the Revenue Policy as part of the 2022-23 Budget.

Officer's Recommendation:

THAT Council adopt, pursuant to Section 193 of the *Local Government Regulation 2012*, the 2022-2023 Revenue Policy (Attachment 1) for inclusion in the 2022-23 Budget.

Executive Summary

Section 169 (2) (c) of the *Local Government Regulation 2012* requires Council to include a Revenue Policy in its annual budget.

Section 193 (3) of the *Local Government Regulation 2012* requires Council to review its Revenue Policy annually and in sufficient time to allow an annual budget that is consistent with the revenue policy to be adopted for the next financial year.

The 2022-23 Revenue Policy has been reviewed and no significant changes are recommended.

Proposal**Overview**

Section 193 (3) of the *Local Government Regulation 2012* requires Council to review its Revenue Policy annually and in sufficient time to allow an annual budget that is consistent with the revenue policy to be adopted for the next financial year.

The purpose of the Revenue Policy is to set out the principles used by Lockyer Valley Regional Council for:

- The making and levying of rates and charges;
- Determining the purpose of and the granting of concessions for rates and charges;
- Recovering overdue rates and charges;
- Methods for setting cost recovery fees; and
- The extent to which physical and social infrastructure costs for new developments are to be funded by charges for the development.

Council levies rates and charges to fund the provision of valuable services to our community. When adopting its annual budget Council will set rates and charges at a level that will provide for both current and future community requirements. Council also provides concessions to pensioners to assist property owners to remain in their own homes, and concessions to non-profit community, sporting and cultural groups as they contribute to the health and well-being of the community and to the social cohesion of the region.

The Revenue Policy also sets out the principles that will apply in the management of and recovery of debt. These principles are as follows:

- Transparency by making clear the obligations of ratepayers and the processes used by Council in assisting them to meet their financial obligations;
- Efficiency by ensuring the processes used to recover overdue rates and charges are simple to administer and cost effective;
- Equity by having regard to providing the same treatment for ratepayers with similar circumstances; and
- Flexibility by responding where necessary to changes in the local economy.

The Revenue Policy has been reviewed as part of the 2022-23 Budget process and as noted above, no significant changes have been made from the previous year.

Options

Option One: THAT Council adopt the Revenue Policy 2022-23, as attached, with an effective date of 1 July 2021.

Previous Council Resolutions

Special Meeting of Council 21 July 2021 (Resolution 20-24/0351)

THAT Council resolve to adopt, pursuant to Section 193 of the *Local Government Regulation 2012*, the 2021-2022 Revenue Policy (Attachment 1) for inclusion in the 2021-2022 Budget.

Critical Dates

Under the *Local Government Act 2009* Chapter 4 Finances and Accountability, Part 3 Financial Planning and Accountability Section 107(a) Approval of the Budget the local government must adopt a budget before 1 August in the financial year to which the budget relates.

Strategic Implications

Corporate Plan

Lockyer Leadership and Council

Undertake robust and accountable financial, resource and infrastructure planning and management to ensure affordable and sustainable outcomes for our community.

Excellence in customer service to our community.

Compliance with relevant legislation.

Finance and Resource

The Revenue Policy is a key statutory document of Council and is required to be adopted as part of the annual budget. The Revenue Policy is reviewed every year as part of the budget development process. Changes made to the document reflect the wishes of Council in making and levying rates for the coming financial year.

The adoption of the 2022-2023 Revenue Policy and 2022-2023 Revenue Statement ensures that Council can rate in accordance with the proposed 2022-2023 Budget.

Legislation and Policy

Section 104 (5) (c) of the *Local Government Act 2009*, identifies the Revenue Policy as a financial policy that must be included in a local governments system of financial management.

Section 193 of the *Local Government Regulation 2012*, outlines the requirements to be stated in the Revenue Policy and the requirement for the Policy to be reviewed annually.

The adoption of the Revenue Policy ensures Council's compliance with the requirements of the *Local Government Act 2009 and Local Government Regulation 2012* and supersedes Council's 2021-2022 Revenue Policy.

Policy Statement

The Levying of Rates and Charges

Rates and charges are defined in the *Local Government Regulation 2012* as including differential general rates, minimum general rate levies, separate rates and charges, special rates and charges, utility charges and accrued interest on outstanding balances.

Council levies rates and charges to fund the provision of valuable services to our community. When adopting its annual budget, Council will set rates and charges at a level that will provide for both current and future community requirements. Council will apply the principle of transparency in making rates and charges.

General Rates

General Rates revenue provides essential whole of community services not funded through trading income, subsidies, grants, contributions or donations received from other entities or not provided for by other levies or charges. Council will consider all full cost recovery options before calculating the general rate.

Council is required to raise an amount of revenue it sees as being appropriate to maintain assets and provide services to the region as a whole. In deciding how that revenue is raised, Council has formed the opinion that a differential general rating scheme, based primarily on land use, provides the most equitable basis for the distribution of the general rate burden.

The rateable value for each property is the basis for determining the amount of the general rate levied. The value of land for a financial year, is its value under the *Land Valuation Act 2010* when a liability for payment of rates or charges for the land arises for the financial year.

The *Local Government Regulation 2012* allows Council in accordance with Section 77 (1) to fix a minimum amount of general rates. Under Section 80, Council may levy differential general rates.

Special and Separate Rates and Charges

Where appropriate, Council will fund certain services, facilities or activities by means of separate or special rates or charges.

Special rates:

In accordance with Section 94 of the *Local Government Regulation 2012* Council will levy special rates and charges on certain properties that are considered to be specially benefited by the provision of a specific service, facility or activity.

Special rates are charged on the rateable value of the land and special charges are a flat charge per assessment, other than specifically identified exclusions, as this is considered to provide a more equitable basis for the sharing of the cost.

Separate rates:

In accordance with Section 103 of the *Local Government Regulation 2012* Council will levy a separate rate or charge on all rateable land, subject to stated exceptions, in the region to fund a particular service, facility or activity.

The Levying of Rates and Charges

In levying rates and charges, Council will apply the principles of:

- *Consistency* in timing the levy of rates in a predictable way to enable property owners to plan for their rating obligations by the issue of rate notices on a half yearly basis
- *Flexibility* by providing short-term payment commitment plans to property owners in financial difficulty, along with a wide array of payment options
- *Communication* by clearly setting out the Council's and each property owner's obligations in relation to rates and charges by advising property owners about rate notice issue dates and discount dates
- *clarity* by providing meaningful information on rate notices to enable property owners to clearly understand their responsibilities

In the making and levying of rates and charges, Council will be guided by the principles of:

- Efficiency through having a rating regime that is efficient to administer
- Full cost pricing and user pays where appropriate
- Equitable distribution of the general rates burden as broadly as possible
- Transparency in the making and levying of rates
- Flexibility, to take into account changes in the local economy
- Clarity in terms of responsibilities (Council's and property owner's) in regard to the rating process
- National Competition Policy legislation where applicable

The Purpose of and Granting of Concessions for Rates and Charges

Council Pension Subsidy:

Council has determined that pensioners as defined by the *Local Government Regulation 2012* are entitled to receive concessions on rates and charges levied by Council. Council may grant a concession for land that is owned by a pensioner under Section 120(1)(a) of the *Local Government Regulation 2012*.

The Lockyer Valley Regional Council Pension Subsidy aims to help pensioner property owners to remain in their own homes by reducing the financial impact of rates and charges levied.

Council Remissions – Non-Profit Community, Cultural and Sporting Groups:

In accordance with section 120(1)(b) of the *Local Government Regulation 2012* non-profit community, sporting and cultural groups may be entitled to concessions.

The purpose of these concessions is to encourage and support non-profit community, sporting and cultural groups as they contribute to the health and well-being of the community and to the social cohesion of the region.

Upon written application, Council will consider applications for concessions on rates and charges received from property owners who are qualifying pensioners or non-profit community, cultural and sporting organisations.

In exercising these concession powers, Council will be guided by the principles of:

- Transparency by making clear the requirements necessary to receive concessions; and
- Equity by ensuring that all applicants of the same type receive the same concession

The Recovery of Overdue Rates and Charges

Council will exercise its rate recovery powers pursuant to the provisions of Chapter 4 Part 12 of the *Local Government Regulation 2012* in order to reduce the overall rate burden on property owners.

Council has adopted a policy for the recovery of outstanding rates and charges. The objective of this policy is to set out Council's principles in regard to the management of debt, and to provide consistent and ethical recovery of outstanding rates and charges across the organisation in accordance with the parameters and requirements of the *Local Government Regulation 2012*.

The principles that will apply in the management of and recovery of debt are as follows:

- Transparency by making clear the obligations of property owners and the processes used by Council in assisting them to meet their financial obligations
- Efficiency by ensuring the processes used to recover overdue rates and charges are simple to administer and cost effective
- Equity by having regard to providing the same treatment for property owners with similar circumstances
- Flexibility by responding where necessary to changes in the local economy

Fees and Charges

In general, Council will be guided by the principle of user pays in making all other charges. All fees and charges will be set with reference to full cost pricing.

When determining Commercial Charges, Council takes into account "user pays" principles and market conditions when determining commercial charges for Council services and facilities.

When determining Regulatory Fees, Council takes into account "user pays" principles and sets regulatory fees at a level sufficient to recover no more than the full cost of providing the service or taking the action for which, the fee is charged.

All fees set by Council are included in a Register of Fees and Charges as adopted by Council at the meeting held on 19 May 2021 and amended from time to time.

New Development Costs

Developer contributions for infrastructure are determined each year in accordance with the philosophy that a developer should pay reasonable and relevant contributions towards the capital cost of the provision of infrastructure to meet past and future augmentation costs associated with this new development. Council assesses the level of contribution towards physical and social infrastructure in respect of new developments during the development application approval process to ensure an equitable contribution is made by developments which increase the demand on Council infrastructure. Infrastructure agreements are negotiated outcomes between Council and the developer.

Guiding Principles

The principles contained within the Revenue Policy are applied in the determination of Council's revenue statement, rates, fees and charges, rating concessions and recovery of overdue rates and charges.

Roles and Responsibilities

All Council staff are bound by the principles outlined in this policy in determining the level of rates, fees and charges, and in the application of rebates and concessions relating to those fees.

d) Pursuant to Section 94 of the *Local Government Act 2009* and Section 103 of the *Local Government Regulation 2012*, make and levy a separate charge (to be known as the “Emergency Preparedness Levy”), in the sum of \$104.00 per annum per rateable assessment, to be levied equally on all rateable land in the region, and a pro-rata charge effective from the date of valuation will apply to new assessments created during the financial year. The purposes of the levy are:

- 1. Funding infrastructure restoration projects (such as bridges, roads) funding shortfalls, interest and redemption payments on loans associated with recovery work and community resilience recovery through community recovery programs, and**
- 2. Funding expenditure on the disaster management initiatives associated with improving the region’s preparedness for and response to future natural disasters including the implementation of the recommendations of the Queensland Flood Commission of Inquiry, and**
- 3. Funding recurrent and capital expenditure for the Volunteer State Emergency Services Units operating within the Lockyer Valley Regional Council area together with the provision of disaster planning and management support for the units.**

e) Pursuant to Section 94 of the *Local Government Act 2009* and Section 103 of the *Local Government Regulation 2012*, make and levy a separate charge (to be known as the “Environmental Levy”), in the sum of \$16.00 per annum per rateable assessment, to be levied equally on all rateable land in the region, for the purposes of funding expenditure on the implementation of physical/biological, cultural, social and economic environmental initiatives throughout the Region. A pro-rata charge effective from the date of valuation will apply to new assessments created during the financial year.

f) Pursuant to Section 94 of the *Local Government Act 2009* and Section 103 of the *Local Government Regulation 2012*, make and levy a separate charge (to be known as the “Resilient Rivers Initiative Levy”), in the sum of \$2.00 per annum per rateable assessment, to be levied equally on all rateable land in the region, for the purposes of funding Council’s contribution for the Council of Mayors South East Queensland’s (COMSEQ’s) Resilient Rivers Initiative, which will deliver projects to keep soil on the land, protect water security, promote partnerships and improve climate resilience. A pro-rata charge effective from the date of

valuation will apply to new assessments created during the financial year.

g) Pursuant to Section 94 of the *Local Government Act 2009* and Section 94 of the *Local Government Regulation 2012*, make and levy a special charge (to be known as the “Rural Fire Levy”) of \$30.00 per annum on all rateable land to which the overall plan applies to fund the maintenance of fire trails within the Lockyer Valley Council Region and to provide for the operations, maintenance and provision of buildings, land and/or equipment for Rural Fire Brigade groups in accordance with agreements between Council and the Lockyer Local Area Finance Committee. A pro-rata charge effective from the date of valuation will apply to new assessments created during the financial year.

1. The overall plan for the Rural Fire Levy is as follows:

i. To fund a range of fire mitigation activities including the maintenance of fire trails within the Lockyer Valley Council Region and to provide for the operations, maintenance and provision of buildings, land and/or equipment for Rural Fire Brigade groups in accordance with agreements between Council and the Lockyer Local Area Finance Committee.

ii. The rateable land to which the plan applies is all land in areas serviced by a Rural Fire Brigade.

iii. The estimated cost of carrying out the overall plan is \$296,100.

iv. The estimated time for carrying out the overall plan is one year.

2. The rateable land or its occupier specially benefits from the service, facility or activity funded by the special charge because of the Rural Fire Brigade Group operating in the area.

h) Pursuant to Section 94 of the *Local Government Act 2009* and Section 99 of the *Local Government Regulation 2012*, make and levy waste management utility charges, for the supply of waste management services by the Council, as follows:

1. Waste Recycling and Collection Charges:

i. Subject to paragraphs ii) and iii) below, waste recycling and collection charges shall be levied according to the service type and the service description identified in the following table (“Waste Recycling and Collection Charge”):

Service Type	Service Description	Annual Charge Amount
Residential	First Service - Dual Bins	\$300.00
Residential	Additional Dual Bins	\$300.00
Residential	Additional Waste Bin	\$188.00
Residential	Additional Recycling Bin	\$112.00
Commercial	First Service - Dual Bins	\$512.00
Commercial	Additional Waste Bin	\$350.00
Commercial	Additional Recycle Bin	\$162.00

ii. The Waste Recycling and Collection Charge shall be levied for the First Service on every parcel of land in the region where waste services are made available except where:

1. there is a demolition of premises, as certified by an approved person; or
2. land is vacant for a full year, as established by a Statutory Declaration.

iii. Any services required in addition to the first service for a parcel of land shall be levied at

the applicable amount stated in paragraph i) above for each additional service provided.

iv. For new first services or new additional services, the charge will be levied on a pro-rata basis from the date of commencement of the service.

2. Waste Management Charge:

i. A utility charge of \$154.00 per annum per assessment will be levied on all rateable land in the region ("Waste Management Charge") to fund recurrent and capital expenditure and the administration costs associated with the provision, improvement and management of Council's waste management facilities throughout the region. Waste management facilities include landfill sites, transfer stations, weighbridge and waste bins located throughout the region.

ii. The Waste Management charge will also be levied to all non-rateable land to which a waste collection service is provided.

iii. For new assessments created during the year, the charge will be levied on a pro-rata basis from the effective date of valuation for the assessment.

i) Pursuant to Section 130 of the *Local Government Regulation 2012*, the differential general rates and waste recycling and collection charges made and levied shall be subject to a discount of five percent (5%) if paid within the discount period of 30 days of the date of issue of the rate notice provided that:

1. all of the aforementioned rates and charges are paid within 30 days of the date of issue of the rate notice; and
2. all other rates and charges appearing on the rate notice (that are not subject to a discount) are paid within 30 days after the date of issue of the rate notice; and
3. all other overdue rates and charges, and interest relating to the rateable assessment are paid within 30 days of the date of issue of the rate notice.

j) Pursuant to section 74 and 76 of *Local Government Regulation 2012*, for the purpose of making and levying a Differential General Rate for the 2022/23 financial year on all parcels of rateable land in the local government area, the rateable value of a parcel of land in the local government area is to be the 3-year averaged value of the land.

k) Pursuant to section 133 of the *Local Government Regulation 2012*, compound interest on daily rests at the rate of eight-point one seven percent (8.17%) per annum is to be charged on all overdue rates and charges.

l) Pursuant to Section 107 of the *Local Government Regulation 2012* and Section 114 of the *Fire and Emergency Services Act 1990*, Council's rates and charges, and the State Government's Emergency Management, Fire and Rescue Levy be levied:

1. For the half year 1 July 2022 to 31 December 2022; and
2. For the half year 1 January 2023 to 30 June 2023.

m) Pursuant to Section 118 of the *Local Government Regulation 2012*, that Council's rates and charges, and the State Government's Emergency Management, Fire and Rescue Levy, be paid within 30 days of the date of the issue of the rate notice.

n) Pursuant to Sections 120, 121, and 122 of the *Local Government Regulation 2012*, a rebate of the differential general rate to a maximum of \$30.00 per half year per rateable assessment will be granted following an application in the approved form and where the eligibility requirements in paragraphs 1) to 6) below are met:

1. The applicant is the sole owner, joint owner, part owner or life tenant of a property; and
2. The property is the principal place of residence of the pensioner or life tenant; and
3. The applicant has, either solely or jointly with a co-owner, the legal responsibility for the payment of rates and charges as defined herein, which are made and levied by Council in respect of the property; and
4. The applicant must be a current holder of one of the following cards:
 - i. Queensland 'Pensioner Concession Card' issued by Centrelink;
 - ii. a Veterans' Affairs Gold card;
 - iii. a Veterans' Affairs Pensioner Concession card; or
 - iv. Repatriation Health card for all conditions, and
5. The applicant receives a full pension entitlement under one of these Government Pensions:
 - i. Age pension;
 - ii. Carer payment;
 - iii. Disability Support pension;
 - iv. Wife pension;
 - v. Widow pension;
 - vi. Parenting Payment Single and Service pension;
 - vii. War Widow/Widower pensions with full Income Support Supplement; or
 - viii. Veterans' Affairs' Disability/TPI pension.
6. Where the applicant meets all of the criteria in paragraphs 1) to 4) above, but receives a part pension entitlement for a Government Pension identified in paragraph 5) above, the rebate shall be a maximum of \$15.00 per half year per rateable assessment.
7. Where eligibility for the rebate in relation to a rateable assessment is established by more than one applicant, only one rebate (the rebate of the higher value) will be applied to the assessment per half year.

o) Pursuant to Sections 120, 121, and 122 of the *Local Government Regulation 2012*, a rebate of up to one hundred percent (100%) of the differential general rate will be granted on a property following an application in the approved form where the following eligibility requirements are met:

1. The applicant organisation must be a non-profit community based organisation; and
2. The applicant organisation must be the owner or lessee of the land and be able to demonstrate that they are required to pay the rates levied; and
3. The land or any part of the land must not be rented or leased to a third party on a commercial basis; and
4. A Liquor Licence (allowing trading on more than three days per week) must not be held

by the organisation or any affiliate relating to the property subject to the application.

p) Pursuant to Sections 120, 121, and 122 of the *Local Government Regulation 2012*, a one hundred percent (100%) rebate of the Rural Fire Levy, Waste Management Charge, Environmental Levy, Resilient Rivers Initiative Levy and the Emergency Preparedness Levy may be granted for separately rateable mining leases where the land over which the leases are granted are already subject to these charges.

q) Pursuant to Sections 120, 121, and 122 of the *Local Government Regulation 2012*, a one hundred percent (100%) rebate of the Rural Fire Levy, Waste Management Charge, Environmental Levy, Resilient Rivers Initiative Levy and the Emergency Preparedness Levy may be granted for land used for a permit to occupy, water storage or as a pump site where the payment of the charges would cause hardship to the property owner.

r) Pursuant to Section 169 (2)(b) of the *Local Government Regulation 2012* to adopt the 2022-2023 Revenue Statement (Attachment 1) for inclusion in the 2022-2023 Budget.

Executive Summary

Council is required under Section 169 (2) (b) of the *Local Government Regulation 2012* to include a revenue statement in its annual budget. This report recommends the adoption of this document as part of the 2022-2023 Budget as well as other key measures that Council will use to generate its rating revenue.

The 2022-2023 Revenue Statement will achieve an initial yield of \$44.86 million in rates and utility charges with \$1.90 million allowed for discounts and remissions. Budget parameters include a conservative growth rate of approximately 1.00%.

Proposal

Overview

The Revenue Statement is a key statutory document of Council detailing the revenue measures adopted in Council's 2022-2023 Budget and is required to be reviewed and adopted as part of the annual budget. Changes made to the documents reflect the wishes of Council in making and levying rates for the coming financial year and provides the basis for the generation of Council's rates revenue for 2022-2023.

Following a series of budget workshops, Council is now able to formalise its Revenue Statement for the 2022-2023 financial year. In 2022-2023, general rates revenue will continue to be levied using a system of differential rating. The system includes sixty (60) differential categories.

The re-valuations issued by The Department of Natural Resources, Mines and Energy has increased with an average change of 20%. For the 2022-2023 budget Council has introduced 3-year averaged land valuation calculation method to mitigate the impact of substantial fluctuations in the rates charged for a particular parcel of rateable land arising from changed valuations from year to year.

Amendments to the category banding for Rural and Urban Residential, Non-Principal place of Residence and Vacant Land categories have also been applied to ensure consistency and limit the impact to majority of properties. This will mean that some properties within each category will see a reduction in their general rates, while other properties will remain the same or have an increase depending on the movement of the

valuation. The amount of change is dependent on the valuation of the property and new bandings within categories.

A new category for industrial land use code properties has been introduced, these properties were previously rated in the commercial categories, 106a and 106b.

The accommodation category has been split out to 3 categories, Caravan Parks, Camping and Workers Accommodation Category, Motels Category and Nursing Home Category.

The key items in the attached Revenue Statement include:

Lockyer Leadership and Council

- Undertake robust and accountable financial, resource and infrastructure planning and management to ensure affordable and sustainable outcomes for our community.
- Compliance with relevant legislation

Finance and Resource

Rates and charges are the largest source of revenue for Council. The adoption of the 2022-2023 Revenue Statement ensures that Council can rate in accordance with the proposed 2022-2023 Budget.

The 2022-2023 Revenue Statement will achieve an initial yield of \$44.86 million in rates and utility charges with \$1.90 million allowed for discounts and remissions.

The budget assumes a growth rate in assessments of 1.00%. As this is dependent on changes in the number of properties through land development, this growth may not always be achieved. The growth rate will need to be monitored throughout the year with any loss in revenue matched by corresponding expenditure reductions in formal amendments to Council's 2022-2023 Budget.

Council's Long Term Financial Plan assumes annual rate increases on top of natural growth which are consistent with forecast CPI movement. Natural growth in assessments is estimated at 1.00% over the term of the plan.

Changes in the future rate increases or natural growth estimates will impact on the amount of rates revenue generated and will affect Council's long-term sustainability unless there are corresponding reductions in costs or increases in other revenues.

Legislation and Policy

The adoption of the 2022-2023 Revenue Statement ensures Council's compliance with the requirements of the *Local Government Regulation 2012* and provides the basis for the levying of rates and charges for the 2022-2023 financial year.

Section 172 of the *Local Government Regulation 2012* details what must be included in the Revenue Statement while Section 193 (2) of the *Local Government Regulation 2012* states that the guidelines for preparing the Revenue Statement may be included in the Revenue Policy.

The 2022-2023 Revenue Statement is consistent with Council's 2022-2023 Revenue Policy.

2022-2023 REVENUE STATEMENT

1. INTRODUCTION

1.1 Revenue Statement adoption

Sections 169 and 170 of the *Local Government Regulation 2012* require a local government to prepare and adopt a Revenue Statement each financial year as part of its budget.

Section 172 of the *Local Government Regulation 2012* specifies what a Revenue Statement must state.

Pursuant to sections 169, 170 and 172 of the *Local Government Regulation 2012*, Council resolves to adopt the following Revenue Statement for the 2022/2023 financial year, which provides details of the following:

- Administration:
 - Issue of rate notices;
 - Time within which rates and charges must be paid;
 - Early payment discount on rates and charges;
 - Allowance of early payment discount for late payments;
 - Interest on overdue rates and charges;
 - Council's pensioner rate concession/rebate;
 - Queensland State Government Pensioner Rate Subsidy Scheme;
 - Other concessions on rates and charges;
 - The recovery of overdue rates and charges; and
 - The criteria used by Council to decide the amount of cost-recovery fees and the amount of the charges for goods and services of each business activity the Council conducts on a commercial basis.
- General rates (made and levied on all rateable land).
- Utility charges:
 - Waste and Recycling Collection Charge
 - Waste Management Charge.
- Special charge (a charge made and levied on some, but not all, rateable land):
 - Rural Fire Levy.

- Separate charges (each a charge made and levied equally on all rateable land):
 - Emergency Preparedness Levy;
 - Environmental Levy; and
 - Resilient Rivers Initiative Levy.
- Whether Council has made any resolution limiting an increase of rates and charges.
- Definitions.

1.2 Brief explanation of the measures adopted for raising revenue

Council has developed this Revenue Statement in accordance with its Revenue Policy, which aims to raise sufficient revenue to enable it to maintain assets and the provide services to the community at a level that the Council considers appropriate for both current and future community requirements.

Council applies the following criteria to structuring its adopted revenue raising measures:

- Efficiency through having a rating regime that is efficient to administer.
- Full cost pricing and user pays where appropriate.
- Equitable distribution of the general rates burden as broadly as possible.
- Transparency in the making and levying of rates.
- Flexibility, to take into account changes in the local economy.
- Clarity in terms of responsibilities (Council's and property owner's) in regard to the rating process; and
- National Competition Policy legislation where applicable.

In levying rates and charges, Council will have regard to:

- *Consistency* in timing the levy of rates in a predictable way to enable property owners to plan for their rating obligations by the issue of rate notices on a half yearly basis.
- *Flexibility* by providing short-term payment commitment plans to property owners in financial difficulty, caused by circumstances beyond their control, along with a wide array of payment options.
- *Communication* by clearly setting out the Council's and each property owner's obligations in relation to rates and charges by advising property owners about rate notice issue dates and discount dates.
- *Clarity* by providing meaningful information on rate notices to enable property owners to clearly understand their responsibilities.

1.3 Interpretation

Section 7 of this Revenue Statement sets out definitions specific to this Revenue Statement. Other words within this Revenue Statement shall be as defined under the *Local Government Act 2009* and the *Local Government Regulation 2012*.

2. ADMINISTRATION

2.1 Issue of rate notices

Pursuant to section 104(1) of the *Local Government Regulation 2012*, a local government may levy rates or charges only by a rate notice. Section 104(2) of the *Local Government Regulation 2012* provides as follows:

A **rate notice** is a document stating—

- (a) the date when the rate notice is issued; and
- (b) the due date for payment of the rates or charges; and
- (c) if the local government has decided a discount applies to the rates or charges—
 - (i) the terms of the discount; and
 - (ii) the last day of the discount period; and
- (d) if the local government has decided rates or charges may be paid by instalments—the requirements for paying by instalments; and
- (e) the ways in which the rates or charges may be paid.

Council will issue rate notices in the first six months of the financial year (July to December 2022) for the rating period 1 July 2022 to 31 December 2022; and in the second six months of the financial year (January to June 2023) for the rating period 1 January 2023 to 30 June 2023.

Supplementary rate notices for variations in rates and charges payable may be issued as required during the year.

A rate notice, including a rating category statement contained in or accompanying the rate notice, may be given electronically to a person who has provided written consent to Council. Where a property owner gives written consent to the receipt of rate notices and the accompanying rating category statements electronically, they forgo receiving the rate notices and the accompanying rating category statements via post.

2.2 Time within which rates and charges must be paid

Pursuant to section 118 of the *Local Government Regulation 2012*, Council resolves that Council's rates and charges, and the State Government's Emergency Management, Fire and Rescue Levy, must be paid within thirty (30) days of the date of the issue of the rates notice.

The property owner will be liable to pay the amount of the rates and charges levied by a rate notice even if the owner properly objects to the rating category for the property and/or makes any enquiries to Council relating to or not relating to the property.

Notwithstanding any such objection or enquiries, the rate notice remains due and payable by the due date stated in the rate notice.

2.3 Early payment discount on rates and charges

Pursuant to section 130 of the *Local Government Regulation 2012*, Council resolves that Differential General Rates (Section 3.1 below) and Waste Collection and Recycling Utility Charges (Section 4.1 below) made and levied in the twelve months ending 30 June 2023, shall be subject to a discount 5% if paid within the discount period of 30 days of the date of issue of the rate notice, provided that:

- all of the aforementioned rates and charges are paid within 30 days of the date of issue of the rate notice;

- all other rates and charges appearing on the rate notice (that are not subject to a discount) are paid within 30 days after the date of issue of the rate notice; and
- all other overdue rates and charges relating to the rateable assessment are paid within 30 days of the date of issue of the rate notice.

Payments must be made at a Council Customer Service Centre, an approved agency, or by electronic funds transfer.

Where payments are made by electronic funds transfer, to be eligible for the discount, the payments must all be received by Council within three (3) business days of the due date stated in the rate notice.

No discount is allowable on the following rates or charges which may appear on any rate notice issued for a property in respect of the period of twelve months ending 30 June 2023:

- Special rates and charges.
- Separate rates and charges not listed above.
- Utility charges other than Waste Collection and Recycling Charges.
- Any property charge relating to the carrying out of Council works on or in connection with the property.
- Any non-rate item included on rate notice.
- Legal costs incurred by Council in rate collection.
- Interest charges on overdue rates.
- Overdue rates or charges.
- Any other rate, charge or amount unless a discount is specifically permitted by this Revenue Statement.

2.4 Allowance of early payment discount for late payments

Pursuant to section 130(10) of the *Local Government Regulation 2012*, if the Council is satisfied that a property owner has been prevented, by circumstances beyond their control, from paying the rates or charges in time to get a discount, the Council may still allow the discount.

Events, the proof of which, may satisfy Council that a property owner has been prevented, by circumstances beyond their control, from paying the rates or charges in time to get a discount, include:

- illness involving hospitalisation and/or incapacitation of the property owner at or around the time of the rates being due for payment;
- the death or major trauma (accident/life threatening illness/emergency operation) of the property owner and/or associated persons (spouse/children/parents) at or around the time of the rates being due for payment; or
- the loss of records or failure of mail delivery resulting from factors beyond the property owner's control (fire/flood etc.).

All applications for an early payment discount for late payments must be made in writing accompanied by all material relied upon by the property owner to satisfy Council that they were prevented, by circumstances beyond their control, from paying the rates or charges in time to get an early payment discount.

Payment of all rates and charges levied on the property (including any overdue rates) must be paid in full before Council will consider any allowance of the early payment discount for late payments.

The property owner's prior rates and charges payment history may be taken into account when considering whether to allow the early payment discount for late payments. The property owner will be notified of the outcome in writing and Council's decision will be final.

The early payment discount for late payments will **NOT** be allowed by Council due to the following events:

- the failure of the property owner to ensure that Council was given correct notification of its postal address prior to the issue of the Rate Notices; or
- the failure of the property owner to ensure that Council was given the correct notification of the email address for notices prior to the issue of the Rate Notices where the option for delivery by electronic means has been selected; or
- a change of ownership, where Council received notification of the change of ownership after the issue of the Rates Notice.

Property owners are obliged to notify Council of their change of address in writing. A mail re-direction or verbal communication with Council is not sufficient notice to Council.

2.5 Interest on overdue rates and charges

Pursuant to Section 133 of the *Local Government Regulation 2012*, Council resolves that compound interest on daily rests at the rate of eight point one seven percent (8.17%) per annum is to be charged on all overdue rates or charges from the day the rates or charges become overdue.

2.6 Council's pensioner rate concession/ rebate – Lockyer Valley Regional Council Pension Subsidy

The aim of the Council's pensioner rate concession/rebate – Lockyer Valley Regional Council Pension Subsidy, is to help eligible pensioner property owners to remain in their own homes by reducing the financial impact of rates and charges levied.

Council's pensioner rate concession/rebate – Lockyer Valley Regional Council Pension Subsidy, will be allowed by way of a rebate to eligible pensioners under Chapter 4, Part 10 of the *Local Government Regulation 2012*.

In exercising these concession powers, Council will be guided by the principles of:

- *Transparency* by making clear the requirements necessary to receive concessions; and
- *Equity* by ensuring that all applicants of the same type receive the same concession.

2.6.1 Eligibility criteria

To be eligible the property owner **must** meet **all** of the following eligibility criteria:

- Complete and submit a written application form to Council (Pensioner Application- Rates Remission).
- Be a pensioner as defined in the *Local Government Regulation 2012*.
- Possess a current, valid, qualifying concession card, namely:
 - Queensland 'Pensioner Concession Card' issued by Centrelink; or
 - Veterans' Affairs Gold card; or
 - Veterans' Affairs Pensioner Concession card; or
 - Repatriation Health card for all conditions.
- Be the owner (either solely or jointly), or be an eligible life tenant, in accordance with the guidelines for the Queensland State Government Rate Subsidy Scheme, of a property within the Council's local government area, which is their Principal Place of Residence, and must have (either solely or jointly with a co-owner/s), the legal responsibility for payment of rates and charges which are levied in respect of the property; and

In the case of life tenancy, to be eligible the applicant property owner must meet the above criteria and in addition provide:

- a certified copy of the Will, stating the applicant is a life tenant and responsible for paying the rates; **OR**
- a Court Order and a duly signed copy of Death Certificate.

The following cards do not satisfy the concession eligibility criteria:

- Seniors Cards;
- Health Care Cards; or
- Health Benefit Cards.

Where eligibility for the rebate in relation to a property is established by more than one applicant, only one rebate (of the higher amount) will be applied to the rateable assessment/property per half year.

2.6.2 Method of calculation – per assessment/ property

A pensioner may be eligible for a **full** concession by way of a rebate on the rates and charges payable if the pensioner receives the **full pension entitlement** under one of these Government pensions:

- Age pension;
- Carer payment;
- Disability Support pension;
- Wife pension;
- Widow pension;
- Parenting Payment Single and Service pension;
- War Widow/Widower pensions with full Income Support Supplement; or
- Veterans' Affairs' Disability/TPI pension.

A pensioner may be eligible for a **partial** concession by way of rebate on the rates and charges payable if the pensioner receives the **part pension entitlement** under one of these Government pensions:

- Age pension;
- Carer payment;
- Disability Support pension;
- Wife pension;
- Widow pension;
- Parenting Payment Single and Service pension;
- War Widow/Widower pensions with partial or no Income Support Supplement; or
- Veterans' Affairs' Disability/TPI pension.

Pension Rate	Maximum Council Pensioner Concession/Rebate, per property

2.7 Queensland State Government Pensioner Rate Subsidy Scheme

Upon written application, a concession by way of rebate on rates will be granted to all pensioners who are eligible in accordance with the Administrative Guidelines of the Queensland State Government Pensioner Rate Subsidy Scheme. The Queensland State Government currently grants a 20% remission on rates up to a maximum of \$100 per half year (\$200 per year).

Council adheres to the Administrative Guidelines of the Queensland State Government Pension Rate and Subsidy Scheme when determining the proportional eligibility of the applicant in terms of ownership.

This Subsidy concession will only be granted for a particular half year where the application is received by Council prior to the commencement of the period. No pro-rata adjustments will be applied.

2.8 Other concessions for rates and charges

2.8.1 Concession for Non-Profit or Arts /Cultural Development Entities

Council may grant a differential general rates concession to a stated property owner where it is satisfied in terms of section 120(1)(b) of the *Local Government Regulation 2012*, that land is owned by:

- an entity whose objects do not include making a profit; or
- an entity that provides assistance or encouragement for arts or cultural development.

The purpose of these concessions is to encourage and support non-profit or arts/cultural development entities as they contribute to the health and well-being of the community and to the social cohesion of the region.

In exercising its power to grant such a concession Council will be guided by the principles of:

- *Transparency* by making clear the requirements necessary to receive concessions; and
- *Equity* by ensuring that all applicants of the same type receive the same concession

To be eligible the property owner **must** meet **all** of the following eligibility criteria:

- Complete and submit a written application form to Council.
- Satisfy Council that in terms of section 120(1)(b) of the *Local Government Regulation 2012*, that the relevant land is owned by an entity whose objects do not include making a profit; or that provides assistance or encouragement for arts or cultural development.
- Be the owner or lessee of the land and be able to demonstrate that they are required to pay the rates levied.
- The land or any part of the land must not be rented or leased to a third party on a commercial basis.
- A Liquor Licence (allowing trading on more than three days per week) must not be held by the owner or occupier organisation or any affiliate relating to the land subject to the application.

Where differential general rates do not apply to a property by virtue of a condition contained in a lease of a reserve from Council, no further relief will be available.

Council may grant a maximum differential general rates rebate of up to 100% for a property to approved applicants.

Council will not approve requests for financial contributions to reimburse rate payments unless proof of hardship in terms of section 120(1)(b) of the *Local Government Regulation 2012* can be demonstrated in writing to the satisfaction of Council.

Applications for such a concession to a stated property owner will be for assessment and resolution by elected members at a Council meeting pursuant to section 122(1)(a) of the *Local Government Regulation 2012*.

2.8.2 Concession for land that is subject to mining tenures

Council may grant a concession to a stated property owner where it is satisfied in terms of section 120(1)(g) of the *Local Government Regulation 2012*, that the land is subject to a GHG tenure, mining tenement or petroleum lease.

Council may grant such concession in respect of any (or all) of the following particular rates and charges:

- Rural Fire Levy;
- Waste Management Charge;
- Environmental Levy;
- Resilient Rivers Initiative Levy; and/or
- Emergency Preparedness Levy.

In considering whether to grant any such concession to an eligible applicant Council may have regard to the extent to which the land over which the GHG tenure, mining tenement or petroleum lease is granted is already subject to these particular rates and charges.

Applications for such a concession to a stated property owner will be for assessment and resolution by elected members at a Council meeting pursuant to section 122(1)(a) of the *Local Government Regulation 2012*.

2.8.3 Concession for hardship

Council may grant a concession to a stated property owner for land used for a permit to occupy, water storage or as a pump site, where it is satisfied in terms of section 120(1)(c) of the *Local Government Regulation 2012*, that the payment of rates or charges would cause hardship to the property owner for the following rates and charges:

- Rural Fire Levy;
- Waste Management Charge;
- Environmental Levy;
- Resilient Rivers Initiative Levy; and/or
- Emergency Preparedness Levy.

Applications for such a concession to a stated property owner will be for assessment and resolution by elected members at a Council meeting pursuant to section 122(1)(a) of the *Local Government Regulation 2012*.

2.9 The Recovery of overdue rates and charges

Council will exercise its rate recovery powers pursuant to the provisions of Chapter 4 Part 12 of the *Local Government Regulation 2012* in order to reduce the overall rate burden on property owners.

Council has adopted a Rates and Charges Debt Collection and Recovery Policy for the recovery of overdue rates and charges. The objective of this policy is to set out Council's principles in regard to the management of debt, and to provide consistent and ethical recovery of overdue rates and charges across the region in accordance with the parameters and requirements of the *Local Government Regulation 2012*.

Council has adopted a Hardship Policy for those property owners experiencing financial hardship. The objective of that policy is to set out Council guidelines for the assessment of applications for rates and charges relief due to financial hardship in terms of section 120(1)(c) of the *Local Government Regulation 2012*.

Council does not verbally contact property owners who are in arrears via telephone. If Council has a current mobile number of a property owner, Council will contact via text message, utilising a bulk distribution method. Council will not use the text message contact if the property owner opts out to receiving the text message reminders.

Council will have regard to the following principles in management of and recovery of overdue rates and charges:

- *Communication* by making clear the obligations of property owners and the processes used by Council in assisting them meet their financial obligations;
- *Transparency* by making the processes used to recover overdue rates and charges simple to administer and cost effective;
- *Equity* by treating all property owners in similar circumstances in the same manner; and
- *Flexibility* by responding where necessary to changes in the local economy.

2.9.1 Payment commitments

As a general guide a periodic payment commitment may be agreed between Council and the property owner. To avoid recovery action being taken, requests are to be made to Council in writing before the last date on the legal action letter at which time the relevant Council officer or Council delegate will consider the offer on a case-by-case basis. The property owner must begin payments on the date they have supplied to Council. If approved, the Council officer or Council delegate will document the commitment and a copy will be provided in writing to the property owner. Council's preferred payment method with regards to payment commitments is direct debit.

Regular reviews will be undertaken by Council officers of all payment commitments.

An agreed periodic payment commitment should ensure all current rates and charges are paid as issued so that the account does not fall further into arrears. An appropriate periodic payment commitment will generally result in all overdue rates and charges being paid in full by the end of the half year period in which the payment commitment is made.

Council reserves the right to renegotiate or cancel a payment commitment should circumstances change where the debt will not be paid within Council's current policy time frame. In these circumstances, Council will not initiate further recovery action without reference to the property owner concerned.

Council will not pursue further recovery action against a property owner who has an agreed written periodic payment commitment, while the commitment is current, and the property owner adheres to the agreed repayment schedule. In the event that a payment commitment is not maintained within the agreed terms, the following action will occur:

The first payment default - A payment commitment First Notice of Default Letter will be issued to the property owner advising that the commitment has been dishonoured and stating the overdue amount and the next payment commitment due date.

The second and final default - The payment commitment will be removed from Council's rate assessment and the debt forwarded to Council's external debt recovery agency with written notice to the property owner.

All payment commitments are removed from Council's rating system at the end of the six (6) month rating period. The property owner will be required to enter into a new approved payment commitment once the new rates are issued.

2.10 Criteria used to decide cost-recovery fees and commercial business activity charges

In general, Council will be guided by the principle of "user pays" in making all other charges. This includes cost-recovery fees as defined under Section 97(2) of the *Local Government Act 2009* (Qld). For a significant business activity, all fees and charges will be set with reference to full cost pricing.

When determining Commercial Charges for Council services and facilities that are not defined as a cost-recovery fee but relate to a business activity Council conducts on a commercial basis, Council takes into account "user pays" principles and market conditions.

When determining Regulatory Fees which are defined as cost-recovery fees, Council takes into account as the criteria for deciding the amount of the cost-recovery fee “user pays” principles and sets regulatory fees at a level sufficient to recover no more than the full cost of providing the service or taking the action for which, the fee is charged.

All fees set by Council are included in a Register of Fees and Charges as originally adopted by Council at the meeting held on 18 May 2022 and as amended from time to time.

New Development Costs

Developer contributions for infrastructure are determined each year in accordance with the philosophy that a developer should pay reasonable and relevant contributions towards the capital cost of the provision of infrastructure, to meet past and future augmentation costs associated with this new development. Council assesses the level of contribution towards physical and social infrastructure in respect of new developments during the development application approval process to ensure an equitable contribution is made by developments which increase the demand on Council infrastructure. Infrastructure charges are determined with reference to Council’s charges resolution made under the *Planning Act 2016*. Infrastructure agreements are sometimes used to negotiate outcomes between Council and the developer.

3. GENERAL RATES

Section 92(2) of the *Local Government Act 2009* provides that general rates are for services, facilities and activities that are supplied or undertaken for the benefit of the community in general (rather than a particular person).

Pursuant to section 94(1) of the *Local Government Act 2009*, Council must levy general rates on all rateable land within its local government area.

3.1 Averaging of Valuations

Pursuant to section 74 and 76 of the *Local Government Regulation 2012*, and in order to mitigate the impact of potentially substantial annual valuation changes, Council resolves as follows for levying rates on rateable land in the Region for the budget financial year:

1. For sections 74(4) and 74(5) of the Regulation, the value of the land will be the 3-year averaged value of the land unless the 3-year averaged value is more than the value of the land for the budget financial year in which case the value of the land will be the budget financial year value.
2. The three-year averaged value of the land will be the value calculated under section 76 (Working out the 3-year averaged value) of the Regulation; namely the amount that equals:
 - a. If the land had a value for the previous two financial years:
 - i. the sum of the value of the land for each of the past two financial years;
 - ii. plus the value of the land for the budget financial year;
 - iii. divided by 3; or
 - b. If the land did not have a value for the past two financial years, the value of the land for the current financial year multiplied by the 3-year averaging number.
3. The 3-year averaging number, for a financial year, is the number calculated to 2 decimal places by applying the formula:

$T/3V$

Where:

- a. T is the total of the values of all rateable land in Council’s area for the current and previous 2 financial years; and
- b. V is the value of all rateable land in Council’s local government area for the current (budget) financial year.

3.2 Differential general rates

Pursuant to chapter 4, part 5 of the *Local Government Regulation 2012*, Council will use a system of differential rating for the 2022/2023 financial year.

3.2 Categorisation of land and minimum general rates for land

Pursuant to section 81 of the *Local Government Regulation 2012*, the Council has decided that for the 2022/2023 financial year the rating categories into which rateable land is to be categorised and the description of each of those rating categories, shall be as set out in **Table 1**.

Pursuant to section 94 of the *Local Government Act 2009* and section 80 of the *Local Government Regulation 2012*, Council has decided that for the 2022/2023 financial year, the differential general rate to be made and levied for each differential general rate category and, pursuant to section 77 of the *Local Government Regulation 2012*, the minimum general rate to be made and levied for each different rating category, shall be as set out in **Table 1**.

For sections 81(4) and 81(5) of the *Local Government Regulation 2012*, Council has decided to delegate to the Chief Executive Officer, the power to identify the rating category to which each parcel of rateable land in the Region belongs. For section 82(2) of the *Local Government Regulation 2012*, Council has decided to delegate to the Chief Executive Officer power to decide what rating category any land as referred to in Section 82(1) should be in.

The Council has made a Rating Category Identification Policy as a guide only to the identification the rating category to which each parcel of rateable land in the Region should belong.

3.3 Limiting increase in rates and charges

Council has not resolved to limit any increase in rates and charges relative to the previous financial year.

4. UTILITY CHARGES

4.1 WASTE RECYCLING AND COLLECTION UTILITY CHARGE

Pursuant to section 94(1)(b)(ii) of the *Local Government Act 2009* and section 99 of the *Local Government Regulation 2012*, Council has decided for the 2022/2023 financial year, to make and levy waste recycling and collection utility charges for the supply of waste management services by Council, as set out below.

Waste recycling and collection utility charges shall apply to all rateable lands and/or premises within Council's Serviced Area (where waste services are made available) and all non-rateable land where the owner or occupier has requested that a waste collection service be provided.

Waste recycling and collection utility charges will be levied on a pro-rata basis from the date of commencement for additional services or new first services.

4.1.1 Residential:

First service: \$300.00 per annum. The First Service consists of one x 240 litre waste bin collected on a weekly basis and one x 240 litre recycle bin collected fortnightly and applies to all Residential properties serviced by Council's waste collection contractor in accordance with their contract with the Council.

Additional services: Additional Services may be made available upon application to Council. Additional services consist only of additional bins which will be collected on the normal service day of the property concerned. Council will not provide additional services to the property on any other day.

Charges for additional services:

- Dual bins: \$300.00 per annum.
- Additional Waste Bin collected weekly: \$180.00 per annum.
- Additional Recycling Bin collected fortnightly: \$108.00 per annum.

4.1.2 Commercial:

First service: Waste Commercial Service (240L) Dual - \$512.00 per annum. The First Service consists of one x 240 litre waste bin collected on a weekly basis and one x 240 litre recycle bin collected fortnightly and applies to all commercial properties serviced by Council's waste collection contractor in accordance with their contract with the Lockyer Valley Regional Council.

4.1.3 Additional services

Additional services: Additional services may be made available on application to Council. Additional services consist only of additional bins which will be collected on the normal service day of the property concerned. Council will not provide additional services to the property on any other day.

Charges for additional services:

- Waste Commercial Service (240L) Waste only - \$350.00 per annum.
- Waste Commercial Service (240L) Recycle only - \$162.00 per annum.

4.1.4 Service cancellations and suspensions

Council has resolved that the whole of the Lockyer Valley Region is in the 'Serviced Area'.

As such, the waste recycling and collection charge shall be levied for the First Service on every parcel of land in the Region where waste services are made available except where:

- For non-rateable land the service has not been requested or
- there is a demolition of premises, as certified by an approved person or
- land is vacant for a full year, as established by a Statutory Declaration

Permitted cancellations as above or cancellation of additional services must be made in the form required by Council and a pro rata adjustment from the date of service cancellation or suspension will be allowed.

Bins remain the property of Lockyer Valley Regional Council's waste collection contractor and are provided to be used specifically for the storage of waste and recycling materials only.

4.2 WASTE MANAGEMENT CHARGE

Pursuant to Section 94(1)(b)(ii) of the *Local Government Act 2009* and section 99 of the *Local Government Regulation 2012*, Council has decided for the 2022/2023 financial year, to make and levy a waste management utility charge of \$154.00 per annum per assessment on all rateable land in the region for the services and activities detailed herein.

This utility charge will also be levied to all non-rateable land where the owner or occupier has requested that a waste collection service be provided and to which Council's waste collection service is provided.

The waste management utility charge shall be applied to defray the cost of operating, maintaining and managing Council's waste management facilities throughout the region. Waste management facilities include landfill sites, transfer stations, weighbridge and waste bins located throughout the region.

A pro-rata charge effective from the date of valuation will apply to new assessments created during the financial year.

5. SPECIAL CHARGES

5.1 Special Charge – Rural Fire Levy

Pursuant to Section 94(1)(b)(i) of the *Local Government Act 2009* and section 94 of the *Local Government Regulation 2012*, Council has decided for the 2022/2023 financial year, to make and levy a special charge (to be known as the **Rural Fire Levy**) of \$30.00 per assessment on all rateable land to which the overall plan applies, to contribute to the maintenance of rural fire trails and the operational costs of fire-fighting and the ongoing provision and maintenance of rural fire-fighting equipment for rural fire brigades operating in the area to which the overall plan applies.

5.1.1 Rateable land to which the special charge applies

The rateable land to which the Rural Fire Levy applies is all land within the Rural Fire Service Boundaries of the Council's local government area.

5.1.2 Overall plan

The overall plan for the Rural Fire Levy is as follows:

- The service, facility or activity for which the plan is made is funding the costs of the maintenance of rural fire trails and the operational costs of fire-fighting and the ongoing provision and maintenance of rural fire-fighting equipment for rural fire brigades operating in the area to which the overall plan applies (the benefited area). The properties within the benefited area are specially benefited by the maintenance of rural fire trails and maintenance of rural fire fighting services provided by rural fire brigades as they are not serviced by urban firefighting services.
- The rateable land to which the Rural Fire Levy applies is all land within the Rural Fire Service Boundaries of the Council's local government area as shown, as shown on the map available from Queensland Fire and Emergency Services:
<https://publicsafetyqld.maps.arcgis.com/apps/PanelsLegend/index.html?appid=c50813e4c4f9421d99ebfedf3c447123>
- The estimated cost of the overall plan is \$296,100.
- The estimated time for implementing the overall plan is one year ending on 30 June 2023.

For each property levied the Rural Fire Levy, Council will retain an administration charge of \$1.50 per assessment to cover administration of the plan.

A pro-rata charge effective from the date of valuation will apply to new assessments created during the financial year.

6. SEPARATE CHARGES

Section 94(1)(b)(iii) of the *Local Government Act 2009* permits the levy of separate rates and charges. A separate rate or charge must be, and will be, levied equally upon all rateable land in the Council's local government area.

6.1 Emergency Preparedness Levy

Pursuant to Section 94(1)(b)(iii) of the *Local Government Act 2009* and section 103 of the *Local Government Regulation 2012*, Council has decided for the 2022/2023 financial year to make and levy a separate charge (to be known as the Emergency Preparedness Levy), in the sum of \$104.00 per rateable assessment, equally on all rateable land within the Council's local government area.

The Emergency Preparedness Levy is levied to fund infrastructure restoration projects (such as bridges, roads) funding shortfalls, interest and redemption payments on loans associated

with recovery work and community resilience recovery through agreed community recovery programs.

The proceeds from the separate charge shall also be applied to fund expenditure on the disaster management initiatives associated with improving the region's preparedness for and response to future natural disasters including the implementation of the recommendations of the Queensland Floods Commission of Inquiry.

Furthermore, the proceeds from the separate charge shall be applied to fund recurrent and capital expenditure for the Volunteer State Emergency Services Units operating within the Lockyer Valley Regional Council area together with the provision of disaster planning and management support for the units

A pro-rata charge effective from the date of valuation will apply to new assessments created during the financial year.

6.2 Environmental Levy

Pursuant to Section 94(1)(b)(iii) of the *Local Government Act 2009* and section 103 of the *Local Government Regulation 2012*, Council has decided for the 2022/2023 financial year, to make and levy a separate charge (to be known as the Environmental Levy) in the sum of \$16.00 per rateable assessment, equally on all rateable land within the region.

The Environmental Levy is levied to fund expenditure on the implementation of physical/biological, cultural, social and economic environmental initiatives throughout the region.

A pro-rata charge effective from the date of valuation will apply to new assessments created during the financial year.

6.3 Resilient Rivers Initiative Levy

Pursuant to Section 94(1)(b)(iii) of the *Local Government Act 2009* and section 103 of the *Local Government Regulation 2012*, Council has decided for the 2022/2023 financial year, to make and levy a separate charge (to be known as the Resilient Rivers Initiative Levy) in the sum of \$2.00 per assessment, equally on all rateable land within the region.

The Resilient Rivers Initiative Levy is levied to fund Council's contribution for the Council of Mayors South East Queensland's (COMSEQ's) Resilient Rivers Initiative, which will deliver projects to keep soil on the land, protect water security, promote partnerships and improve climate resilience.

A pro-rata charge effective from the date of valuation will apply to new assessments created during the financial year.

5.4 Rating Category Identification Policy for Financial Year 2022-23

Author: Kirsty Johnson, Coordinator Revenue Services; Jodi Marchant, Chief Financial Officer

Responsible Officer: Ian Church, Chief Executive Officer

Purpose:

The purpose of this report is to seek Council's adoption of the Rating Category Identification Policy for Financial Year 2022-2023 as part of the 2022-2023 Budget to assist in the identification of properties for the purposes of rating categorisation.

Officer's Recommendation:

THAT Council adopt the Rating Category Identification Policy for the Financial Year 2022-2023, as attached to this report.

Executive Summary

Prior to 2016-2017, the identification of land for rating categorisation purposes had been included in Council's Revenue Statement. The legal review of the Revenue Statement at that time recommended removing the identification component from the Statement and including it in a new policy.

Proposal**Overview**

Section 81 of the *Local Government Regulation 2012* deals with the categorisation of land for differential general rates. Council is required to decide the different categories of rateable land and describe each of the categories. Once the categories have been determined and described, the category to which each parcel of land belongs must be identified. The *Regulation* allows Council to do this in any way it considers appropriate.

The Rating Category Identification Policy provides guidance to Council in the identification process by referral to the description of the category in Council's Revenue Statement, the actual use of the parcel of land and the land use code attached to the parcel by the Department of Natural Resources, Mines and Energy. The Policy makes clear Council's intentions when categorising land for rating purposes.

The Policy clarifies the role that land use codes play in the categorisation process and where the land use code conflicts with the actual use of the land, the categorisation will be based on the actual use.

The Policy is to be adopted on an annual basis as part of the budget process to reflect changes in the rating categories for the new financial year.

Options

Option One: THAT Council adopt the Rating Category Identification Policy for the Financial Year 2022-2023, as attached to this agenda.

Previous Council Resolutions

Special Meeting of Council 21 July 2021 (20-24/0353)

THAT Council adopt the Rating Category Identification Policy for the Financial Year 2021/2022.

Critical Dates

Under the *Local Government Act 2009* Chapter 4 Finances and Accountability, Part 3 Financial Planning and Accountability section 107(a) Approval of the Budget the local government must adopt a budget before 1 August in the financial year to which the budget relates.

Corporate Plan

Lockyer Leadership and Council

- Undertake robust and accountable financial, resource and infrastructure planning and management to ensure affordable and sustainable outcomes for our community.
- Excellence in customer service to our community.
- Compliance with relevant legislation.

Finance and Resource

This Policy assists with the generation of revenue in accordance with Council's 2022-2023 Budget and Revenue Statement.

Legislation and Policy

The adoption of this Policy will assist in the categorisation process undertaken in accordance with Section 81(4) and 81(5) of the *Local Government Regulation 2012*. It will provide guidance in identifying the relevant rating category to which each parcel of rateable land belongs.

Risk Management

Key Corporate Risk Code and Category: FE2

Key Corporate Risk Descriptor: Finance and Economic
Decision making governance, due diligence, accountability and sustainability.

Consultation

Portfolio Councillor Consultation

Councillors were consulted through the development of the 2022-2023 Council budget at Councillor Workshops held between February 2022 to July 2022

Internal Consultation

Internal consultation has occurred with all Branch's across the business where required.

The implications of this Policy will be communicated to the staff involved in the categorisation process. The updated Policy will be included in Council's policy register and uploaded to Council's website.

External Consultation

Due to the internal administrative nature of this report, there has been no external consultation.

Community Engagement

The implications of the Rating Category Identification Policy will be incorporated into brochures and communications associated with the 2022-2023 Budget. Following its adoption, the updated rating categorisation will be included on the Rates brochure and distributed with the first Rates Notice levied in 2022-2023 and made available on the internet.

Definitions

Reference in this policy to the term 'Land Use Codes' means those land use codes as given to Council by the Department of Natural Resources, Mines and Energy and recorded in Council's land record kept under the *Local Government Act 2009 (Qld)*.

Policy Objective

The purpose of this policy is to provide guidance to Lockyer Valley Regional Council (Council) and its delegate in the exercise of identifying the rating category to which each parcel of rateable land in Council's local government area belongs for the financial year 2022/2023.

This policy should be read in conjunction with Section 81(4) and (5) of the *Local Government Regulation 2012 (Qld)* and with Council's Revenue Statement for the financial year 2022/2023 (Revenue Statement).

This policy does not limit the way in which Council identifies the rating category to which each parcel of rateable land in Council's local government area belongs.

Section 81(5) of the *Local Government Regulation 2012* (Qld) allows Council to undertake the identification exercise specified in section 81(4) of that Regulation in a way Council considers appropriate.

Policy Statement

In undertaking the exercise required under section 81(4) and (5) *Local Government Regulation 2012* (Qld), Council will have regard to the Revenue Statement.

In the Revenue Statement, the rating categories and descriptions for rateable land associated with the levying of differential general rates for the financial year 2022/2023 have been set out in Table 1 of that document. Council has adopted the categories and descriptions by resolution passed at its budget meeting for 2022/2023.

The matters set out in the table below are intended to provide guidance to Council and its delegate in identifying the rating category to which each parcel of rateable land in Council's local government area belongs for the financial year 2022/2023.

The Land Use Codes referred to for each category are those which describe uses which will generally correspond with the description for the category. However, it is the actual use which determines the correct category. If in any case the use described by the assigned Land Use Code is found to not reflect the actual land use, categorisation must be based on the category and description which correspond to the actual use.

5.5 2022-23 Annual Budget and Long Term Financial Forecast 2022-23 to 2031-32**Author:** Jodi Marchant, Chief Financial Officer**Responsible Officer:** Ian Church, Chief Executive Officer

Purpose:

The purpose of this report is to seek Council's adoption of the 2022-23 Annual Budget and Long-Term Financial Forecast 2022-23 to 2031-32 forward estimates for Lockyer Valley Regional Council.

Officer's Recommendation:

THAT Council adopt pursuant to Sections 169, 170 and 171 of the *Local Government Regulation 2012*, the Budget for the financial year 2022/2023 and the Long-Term Financial Forecast for the financial years 2022-23 to 2031-32, as contained in the document entitled 2022-23 Budget and Long-Term Financial Forecast (Attachment 1), including the:

- i. Statement of Income and Expenditure**
- ii. Statement of Financial Position**
- iii. Statement of Cash Flows**
- iv. Statement of Changes in Equity**
- v. Relevant Measures of Financial Sustainability**
- vi. Detailed Statements of Income and Expenditure:**
 - a. Business Unit – Child Care Centres 2022/2023 to 2024/2025**
 - b. Business Unit – Waste Management 2022/2023 to 2024/2025**
- vii. Percentage Change in Rates Levied from 2021/2022.**

Further;

THAT Council note the Statement of Estimated Financial Position at 30 June 2022 (Attachment 2), as presented by the Chief Executive Officer in accordance with Section 205 of the *Local Government Regulation 2012*.

AND Further;

THAT Council resolve not to apply the Code of Competitive Conduct to Council's Child Care or Waste Management Business Activities as applying the Code would result in unnecessary administrative costs for Council.

Executive Summary

Under the *Local Government Regulation 2012*, Council must prepare an accrual-based budget for each financial year which is consistent with the 5-year Corporate Plan and Annual Operational Plan. To comply with the *Local Government Regulation 2012*, Council must also publish results against a series of measures of financial sustainability for the budget year and the next nine (9) years.

Proposal

Overview

To meet the legislative requirements, included in the 2022-23 Budget (Attachment 1) are the following financial statements:

- Statement of Income and Expenditure.
- Statement of Financial Position.
- Statement of Cash Flows.
- Statement of Changes in Equity.
- Relevant Measures of Financial Sustainability.
- Detailed Statements of Income and Expenditure:
 - Business Unit – Child Care Centres 2022/2023 to 2024/2025.
 - Business Unit – Waste Management 2022/2023 to 2024/2025.
- Percentage Change in Rates Levied from 2021/2022

The budget must also contain Council's Revenue Policy and Revenue Statement which due to the complex nature of the Revenue Statement, will be adopted via separate reports.

The Statement of Income and Expenditure, Statement of Financial Position, Statement of Cash Flows and Statement of Changes in Equity have all been prepared on an accrual basis and contain Council's Budget for 2022-23, the next two financial years and Council's long-term financial forecast. The opening balances for the budget and forecast are based on the annual budget shown in the Statement of Estimated Financial Position 2021-22 (Attachment 2).

A listing of the proposed capital works for 2022-23 is included for information.

The 2022-23 Budget presents the overall position of a surplus of \$15.28 million, with expenditure on Council operations of \$65.25 million and a capital works program of \$32.07 million. Total budgeted revenues for the year are \$80.53 million which includes capital revenue of \$14.38 million. Excluding capital revenues, the budget forecasts a \$0.903 million operating surplus.

Brief discussions on each of the major line items of the budget are outlined below.

Revenue

Rates and Utility Charges

Full details of Council's rates and utility charges are outlined in Council's Revenue Statement which is the subject of a separate report. Total budgeted rates and utility charges for the year are \$44.86 million with estimated discounts of \$1.90 million. The budgeted amount includes the rates to be levied, plus an estimated growth in property assessments of approximately 1.00%.

The increase in the yield from general rates for 2022/2023 compared to the previous year is 3.53%. When the changes to the levies, charges and other rates are considered the overall increase in yield is 3.98% including growth assumptions. The increase in yield from last year is the result of Council applying the concepts of the Rating Strategy completed in 2021/2022; ensuring long-term financial sustainability is considered; consistent service delivery and asset maintenance are provided for the community, and inflation and supply chain disruptions are taken in to consideration.

The re-valuations issued by The Department of Natural Resources have increased with an average change of 20%. For the 2022-2023 budget Council has introduced a 3-year averaged land valuation calculation method to mitigate the impact of substantial fluctuations in the rates charged for a particular parcel of rateable land arising from changed valuations from year to year. Due to this, not all properties have increased by the above average percentages, with some experiencing a greater increase and others experiencing a decrease.

Fees & Charges

Budgeted fees and charges are \$5.67 million which is around \$0.15 million or 2.5% less than the amended budget for the previous financial year. Whilst a better than forecast result occurred for this revenue stream in 2021/2022, forecast revenues for future years remain conservative due to the ongoing impacts of COVID-19 and inflation on the economy. This impact is expected to continue for the short to medium term with the extent of the impact still unknown and continuously under review.

Sales, Contract and Recoverable Works

General recoverable works have been forecast based on known contracting opportunities and the level of Council's infrastructure workloads.

Operating Grants and Subsidies

Grants and subsidies have reduced from the previous year during which significant economic stimulus funding was provided. The majority of the grant funding forecast for 2022/2023 relates to the Commonwealth Government's financial assistance grant estimated at \$5.40 million, \$0.93 million for Roads to Recovery, reimbursements from Queensland Reconstruction Authority for flood response and restoration work, \$0.75 million for Community Safer Places Halls Upgrades, and other minor grants received for libraries, childcare, illegal dumping, disaster management, State Emergency Service, Queensland Government Agency Program, traineeships and Regional Arts Development Fund.

Interest Received

Interest from investments is expected to improve from the previous financial year due to interest rates beginning to increase alongside changes in the economy from inflation and increasing RBA cash rates. The estimated interest rate on investments is 3.00% per annum for the 2022/2023 Budget which is reflective of the current average investment rate on Council's term deposits.

Other Recurrent Income

Other recurrent income includes the dividends from Council's investment in Urban Utilities (UU), rental income, reimbursements, and other miscellaneous revenue items. Council's share of UU returns is approximately \$2.50 million including dividend and tax equivalent payments. There will be a decline in the UU dividend payment over the next five years as UU factors in a glide path to reduce the overall floor participation return from \$159 million in 20/21 to \$100 million in 24/25.

Expenditure

Employee Costs

Employee costs represent the operational employee costs of the organisation and include all employee related expenditure including items such as superannuation, fringe benefits tax, training, and workers compensation insurance as well as Councillor remuneration.

Operational employee costs have increased by \$0.02 million or 0.06% to \$27.85 million in the 2022/2023 Budget compared to the amended budget for the previous financial year. It is important to note that the amended budget for the prior year has been amended throughout the year based on savings made from vacancies and the allocation of labour between capital and operating works.

As with previous years, the capital works program has a significant day labour component, and the operating budget assumes that the capital program will be completed as planned.

Goods and Services

The budget for goods and services has decreased by \$4.34 million or 15.19% to \$24.26 million in the 2022/2023 Budget compared to the amended budget for the previous financial year. There are increases and decreases in the material and services budget across Council. The overall decrease is mostly due to the additional expenditure incurred throughout 2021/2022 in response to the three flood events which impacted the Region. The budget reflects the anticipated changes in applicable allowances for growth and considers the macro and micro assumptions as outlined in the Finance and Resource section of this report.

Finance Costs

This line item is mainly made up of interest on Council's loans from Queensland Treasury Corporation. Finance costs have reduced slightly due to the changing mix of interest and principal repayments and additional debt repayments budgeted.

Depreciation

Depreciation expenses of \$12.09 million are included in the 2022/2023 Budget. There may be some change in this line item during the year as the ongoing reviews of Council asset management plans, asset replacement values and useful lives are completed.

Capital

The main sources of capital funding are internal of \$16.14 million, and grants and subsidies of \$15.93 million. These funding sources will be used for the construction or acquisition of assets worth \$32.07 million.

Debt Repayment

Council's debt is forecast to reduce from \$19.98 million in 2022 to nil at the end of 2032. This assumes no further borrowings during the life of the forecast and includes an additional debt repayment of \$6.93 million during the 2022/2023 financial year. Council will continue to review options to further accelerate debt repayments.

Financial Sustainability

The 2022/2023 Budget results against each relevant measure of financial sustainability are given in the following table.

Relevant Measure of Financial Sustainability	Result	Recommended Target
Asset Sustainability Ratio	174.1%	greater than 90%
Net Financial Liabilities Ratio	28.6%	not greater than 60%
Operating Surplus Ratio (excluding capital revenue)	1.4%	between 0% and 10%

The Asset Sustainability Ratio is high due to a focus on renewal projects in the capital works budget and rehabilitation of damaged assets from recent flood events.

The Net Financial Liabilities Ratio is within the recommended target.

The Operating Surplus Ratio is within with recommended targets and remains on target for the forecast period.

The results for the full ten years are included in Attachment 1 and show that on average, all three of the measures are within the indicators over the long term.

Business Units

The estimated costs of Council's business units have been shown in separate schedules in Attachment 1.

The budgeted results of Council's Business Units for the 2022/2023 year are as follows:

Unit	Income (incl Capital Revenue)	Expenditure	Operating Surplus / (Deficit)
Child Care Centre	1 005 000	1 010 721	(5,721)
Waste Management	9 650 452	6 478 048	2,172,404

Section 39 of the *Local Government Regulation 2012* prescribes the expenditure levels for a business unit to be considered a "prescribed business activity". For the 2022/2023 year the threshold is \$0.34 million. Two of Council's business units meet this threshold requirement currently.

Section 47 of the *Local Government Act 2009* requires Council to decide each financial year whether or not to apply the code of competitive conduct to its business activities. In applying the code of competitive conduct, Council is required to eliminate any advantages and disadvantages wherever possible and appropriate. This can take various forms and the cost of implementing the elements may outweigh the benefits. At present, pricing decisions within the business units are made in line with local market conditions, and the Waste Management business unit is working towards implementing some of the elements of the code, such as full cost pricing, but the process is still underway.

Due to the level of administrative burden, it is recommended that Council does not apply the code of competitive conduct to its business units in 2022/2023.

Statement of Estimated Financial Position 2021/2022

Section 205 of the *Local Government Regulation 2012* requires the CEO to present Council with a Statement of Estimated Financial Position at the annual budget meeting. This Statement, comprising of a Statement of Estimated Income and Expenditure, Estimated Statement of Financial Position and Estimated Statement of Cash Flows, is at Attachment 2 and shows the estimated financial results for the Council at 30 June 2022.

The result is an overall estimated surplus for 2021/2022 of \$14.74 million, while the estimated result excluding capital revenue and expenses is a surplus of \$5.62 million which is \$4.86 million higher than the current budgeted operating surplus of \$0.765 million. The main reason for this is higher than anticipated income from Federal Assistance Grants with 75% prepaid in June and from fees and charges of \$0.95 million. Materials and services are expected to fall below budget by \$2.5 million due to the deferment of \$2.38 million of budgeted flood response and restoration which was impacted by the May 2022 flood.

The forecast cash balance is \$44.09 million.

It should be noted that the amounts shown in this report are based on assumptions of transactions undertaken during June and end of year adjustments. The results are still subject to audit adjustments and will change as the end of year process is undertaken until the audit is finalised in early September.

Options

THAT Council adopt the Budget for the financial year 2022-23 and the Long-Term Financial Forecast for the financial years 2022-23 to 2031-32.

Previous Council Resolutions

Special Meeting of Council 21 July 2021 (20-24/0354)

Critical Dates

Under the *Local Government Regulation 2012* Chapter 5 Financial Planning and Accountability, Part 2 Financial Planning Documents section 170 Adoption and amendment of the budget, the local government must adopt a budget before 1 August in the financial year to which the budget relates.

Strategic Implications

Corporate Plan

Lockyer Leadership and Council

Undertake robust and accountable financial, resource and infrastructure planning and management to ensure affordable and sustainable outcomes for our community.

Compliant with relevant legislation

Finance and Resource

The budgeted operating surplus is largely contingent upon containing costs within the budgeted amount. There is limited scope for new projects and additional funding for services in the short term while maintaining a balanced budget. Should the need arise for additional funds during the year, offset savings and a reprioritisation of resources will be required, and these will be addressed through regular budget reviews.

If Council can contain its costs and maintain revenue at the levels outlined in the 2022/2023 Budget and forward estimates, Council is forecasted to maintain operating surpluses for the life of the long-term financial forecast. Based on the estimated requirements in the current Asset Management Plans, the forecast provides sufficient funding to adequately maintain Council's asset base.

Resourcing (including attraction and retention) and the ability to deliver works is a high risk with unemployment rates lowest in 10 years at 3.9%. Further to this, the use of Council's day labour on capital projects will also need to be maintained and any diversion from capital projects to operational works will impact on the operating result. This was witnessed with the recent floods and the requirement to divert Council officers from capital works to flood response.

The Federal Government has announced that 75% of the 2022/2023 Financial Assistance Grants (FAGs) will be paid in June 2022. This is an increase from previous financial years where 50% was paid in advance; however, the present schedule included in the Federal Budget Papers has no indication that there will be an advance payment of the 2023/2024 grant in June 2023. Based on history, Council's budget assumes that advance payments continue; however, if this doesn't occur then the actual surplus for 2022/2023 will be reduced by approximately \$4.05 million as a timing difference.

The Lockyer Valley Region has a high risk of adverse weather events, with flood restoration work taking priority for the 2022/2023 year. There are also several macro and micro economic assumptions which can

present significant economic challenges for the Lockyer Valley community, of which Council are not immune to. These include:

- Consumer price index (6401.0 CPI All Groups Brisbane All Groups): 6.0%
- Non-residential building construction index (3020.0 Brisbane): 10.1%
- Automotive fuel price index: 32.4%
- Global and domestic supply chain disruptions are likely to continue in the medium term
- Ongoing impacts of COVID-19 and uncertain recovery
- Substantial short-term volatility resulting in significant short-term impacts on expenditure and delivery methods

Legislation and Policy

Sections 169, 170 and 171 of the *Local Government Regulation 2012* prescribe the requirements for the adoption of Council's budget. This report complies with the requirements of the *Regulation*.

Risk Management

Key Corporate Risk Code and Category: FE1

Key Corporate Risk Descriptor: Finance and Economic
Financial sustainability to support the achievement of strategy, goals and objectives in the medium to long term.

Consultation

Portfolio Councillor Consultation

Councillors were consulted through the development of the 2022-23 Council budget at Councillor Workshops held between February 2022 and July 2022.

Internal Consultation

Internal consultation has occurred with all Branch's across the business.

Community Engagement

The implications of the financial statements will be incorporated into extensive communications associated with the 2022-23 Budget. Following its adoption, the various components of the budget will be consolidated into one document and be made available on the internet.

REGIONAL COUNCIL

MAYOR'S MESSAGE

Today, Council hands down its 2022-2023 Budget, one which is tailored to the challenging times we're currently experiencing.

We firmly believe this is yet another responsible budget that balances financial sustainability with the delivery of the range of services our fast-growing community needs.

This year, we have been able to keep the average general rate increase to 2.73 per cent for residential properties. This is despite the financial impacts of three severe weather events in only seven months, the continued impacts of the global pandemic and CPI increases, which Council is not immune to.

In a snapshot, the \$97.32M 2022/2023 Budget provides an operating expenditure of \$65.25M and \$32.07M in capital expenditure, with \$21.33M earmarked for infrastructure projects. Overall, this will provide Council a predicted operating surplus of \$903,000 for the year.

Council has demonstrated its financial management track record over the past six years by consistently operating within its budget while keeping rate

increases low. Over the last four years, the region's average increase is just 1.5 per cent for general residential rates. All the while, our Council has continued to deliver the services needed to see our community grow and remain vibrant.

CPI increases are the highest they've been in more than 20 years, while we have also experienced unprecedented increases in land valuations. To ensure we don't place undue stress on the community, Council has moderated these impacts for as many residents as possible, to the best of our ability.

Council will pay off the remaining \$6.29M loan from the 2011 disaster recovery operations and \$633,412 from a waste management project loan. By the end of this year, we expect to have reduced our total borrowings by approximately 40 per cent, from \$19.98M to \$12.22M, while still delivering a modest surplus of \$903,000 to account for any contingencies.

The earmarked \$21.33M for infrastructure projects will see flood restoration works conducted across the region. We're also putting the spotlight on community

safety and fostering our region's disaster preparedness and resilience, with \$600,000 to see improvements to flood cameras and digital signage across the Lockyer Valley, making communication easier in times of disaster.

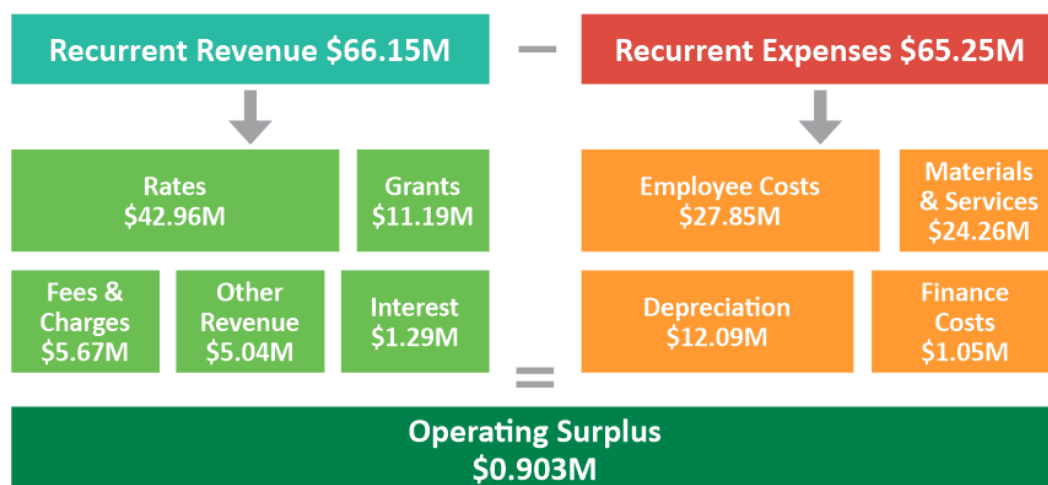

Council has retained its rating concessions for pensioners and for ratepayers who pay their General Rates and Waste and Recycling Charges in full by the due date. The Emergency Preparedness Levy has remained the same, as has the Resilient Rivers Levy and Environment Levy, while Waste Collection Charges and Waste Management Charges have increased by four per cent.

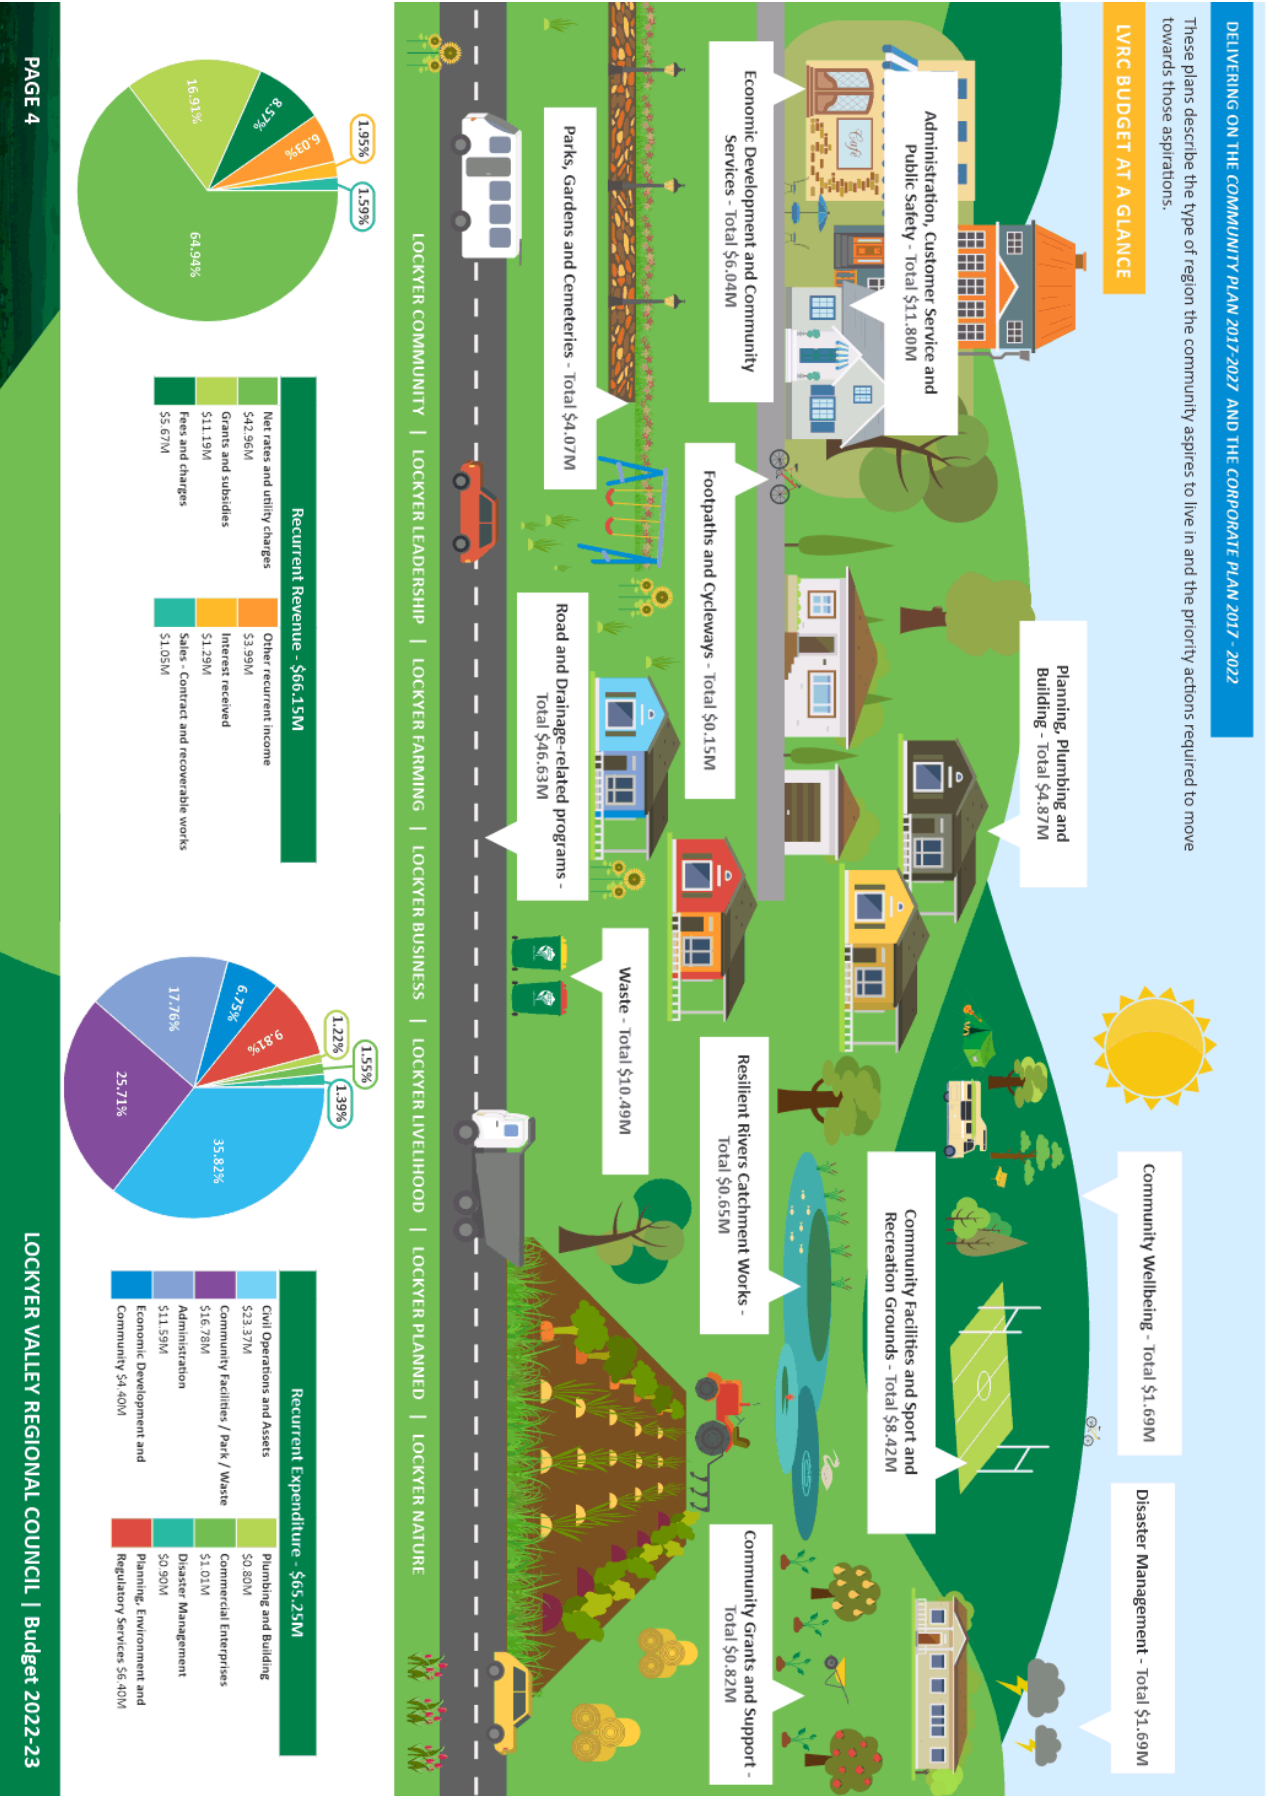

I extend my thanks to my fellow Councillors, the Executive Leadership Team and Council staff for their part in this balanced Budget that sets the foundations for a bright long-term future of the Lockyer Valley.

Cr Tanya Milligan

MAYOR,
LOCKYER VALLEY
REGIONAL COUNCIL

5.6 Financial Sustainability Policy and the Long Term Financial Plan 2022-23 to 2031-32

Author: Jodi Marchant, Chief Financial Officer
Responsible Officer: Ian Church, Chief Executive Officer

Purpose:

The purpose of this report is to seek Council's adoption of the Financial Sustainability Policy and Long-Term Financial Plan as part of the 2022-23 Budget process. A copy of the Policy is included at Attachment 1, and the Plan is at Attachment 2.

Officer's Recommendation:

THAT Council adopt the Financial Sustainability Policy (Attachment 1) and the Long-Term Financial Plan 2022-23 to 2031-32 (Attachment 2).

Executive Summary

As part of the development of the 2022-23 budget, the Financial Sustainability Policy has been reviewed and outlines Council's financial sustainability objectives. The Policy covers the key principles as they relate to operating surpluses, expenditure management, asset management, debt, commercial opportunities, and the ratios Council will use to measure financial sustainability.

The Long-Term Financial Plan has been updated for adoption by Council. The Long-Term Financial Plan represents "better practice" in that there is no legislative requirement to adopt a Long-Term Financial Plan; however, the Queensland Audit Office has recommended that Councils should consider developing one.

In adopting the plan, Council is clearly stating the assumptions and parameters that have been used in the development of its 2022/2023 budget and associated financial forecast.

The adoption of a Financial Sustainability Policy and Long-Term Financial Plan demonstrate Council's commitment to improved financial sustainability. The Policy provides guidance on achieving financial sustainability, while the Long-Term Financial Plan documents the assumptions, priorities and commitments used in developing the 2022-23 Budget and Long-Term Financial Forecast and will be used as a reference when explaining Council's expected financial results.

Proposal**Overview**

In 2012 amendments were made to the legislation that governed what Councils must include in their annual budget. One of the changes was to remove the requirement to prepare and adopt a Long-Term Financial Plan and this was replaced with the requirement to adopt a Long-Term Financial Forecast. While the two items sound similar, there is a significant difference between a plan, which provides details on assumptions, risks, and conducts sensitivity analysis, and a forecast, which only sets out the financial results with little additional detail.

In 2017 the Queensland Audit Office (QAO) conducted a performance review into forecasting long term sustainability within the local government sector. In that report several recommendations were made

including recommending that Councils reinstate the practice of developing a financial plan in addition to the legislative requirements. Whilst not mandatory, Council has accepted that recommendation.

The Financial Sustainability Policy has been developed to provide guidance on the principles used in developing the Long-Term Financial Plan, Budget, and Financial Forecast.

Council's Long Term Financial Plan is a strategic plan providing Council with guiding principles and a financial framework to achieve sustainable financial management now and into the future for our region. This framework allows Council to understand what opportunities and challenges are faced by our region and sets a sustainable and financially responsible direction for the future to ensure we meet future growth needs. The plan provides detailed information on the assumptions, priorities and commitments that underpin the 2022/2023 Budget and Long-Term Financial Forecast. The content of this plan is in line with the items identified by the QAO as forming part of a 'better practice' long term financial plan.

Options

Option 1: THAT Council adopt the Financial Sustainability Policy (Attachment 1) and the Long-Term Financial Plan 2022-23 to 2031-32 (Attachment 2).

Option 2: THAT Council do not adopt the Financial Sustainability Policy (Attachment 1) and the Long-Term Financial Plan 2022-23 to 2031-32 (Attachment 2).

Previous Council Resolutions

Special Meeting of Council 21 July 2021 (20-24/0355)

THAT Council adopt the Financial Sustainability Policy (Attachment 1) and the Long-Term Financial Plan 2021/2022 to 2030/2031 (Attachment 2).

Critical Dates

Under the *Local Government Regulation 2012* Chapter 5 Financial Planning and Accountability, Part 2 Financial Planning Documents section 170 Adoption and amendment of the budget, the local government must adopt a budget before 1 August in the financial year to which the budget relates.

Strategic Implications

Corporate Plan

Lockyer Leadership and Council

Undertake robust and accountable financial, resource and infrastructure planning and management to ensure affordable and sustainable outcomes for our community.

Finance and Resource

The Long-Term Financial Plan documents the assumptions, priorities, commitments and risks Council has used to develop its budget. The ability to reference the factors that underpin Council's budget will make it easier to understand the implications of changes in circumstances for future forecasts.

The expected expenditures included in Council's Asset Management Plans have been incorporated into the Long-Term Financial Forecast. The Asset Management Plans are continuously reviewed and updated with current data and information.

Sensitivity analysis has been performed and it has shown that the financial items, which have the largest impact on Council's sustainability, are rate revenues and employee costs. Understanding the impacts of these potential changes assists Council in its decision-making process in the setting of budget parameters.

Legislation and Policy

The adoption of a Long-Term Financial Plan or Financial Sustainability Policy is not required by legislation and is seen as a “better practice” method to improve financial forecasting and budgeting.

The Financial Sustainability Policy provides a clear statement of Council’s objectives with regard to Financial Sustainability. The policy is in line with the position taken by Council in the past six years and in developing the 2022-23 budget. The adoption of the 2022-23 Financial Sustainability Policy by Council supersedes Council’s 2021-22 Financial Sustainability Policy.

The Long-Term Financial Plan references relevant Council policies and plans, including the Corporate Plan, Asset Management Plans and budget related policies.

Policy Objective

This policy outlines Lockyer Valley Regional Council's commitment to the responsible management of Council's financial resources now and into the future.

Policy Statement

Council has a responsibility to ensure that it has sufficient resources now and into the future to provide levels of service that are both affordable and at a level considered appropriate by the community. This responsibility encompasses how decisions are made regarding the allocation of property owner funds to Council's day to day operations as well as towards the replacement of existing assets and the procurement of new assets.

Responsible ongoing financial management by Council will achieve the following objectives:

- Council operates in an efficient and effective manner, minimising general rate increases.
- Ongoing operating surpluses to ensure Council's equity is not degraded and future financial risk can be adequately mitigated.
- Appropriate collection of cash funds for ongoing infrastructure and asset replacement and renewal.
- Informed decisions are made on discretionary new operating or capital investment proposals (i.e. business cases including whole of life cost analysis).

- Infrastructure and assets are maintained to required service levels.
- Debt levels are minimised and returns on cash holdings maximised.
- Achievement of the financial sustainability benchmarks set by legislation.

The key measurement criteria for whether Council is achieving its financial sustainability objectives over the short and medium term are the three financial sustainability ratios required to be published under legislation, namely the:

- Operating surplus ratio;
- Net financial liabilities ratio; and
- Asset sustainability ratio.

In addition to the above statutory ratios, Council will use the cash coverage ratio to maintain adequate cash for general operations. The cash coverage ratio measures the number of months of operations supported by the cash balance. The target benchmark is three months.

Council's current and expected financial sustainability performance will be measured and reported against the benchmarks for these ratios set by the state government and recommended by the Queensland Treasury Corporation (QTC).

Operating surplus ratio

Council will ensure that it maintains an operating surplus within the required benchmarks each year over the life of the ten-year financial plan. An operating surplus is achieved when operating revenues are greater than operating expenses (including depreciation and interest on debt). The operating surplus ratio is one of the three key measures of financial sustainability required under legislation. It calculates the operating surplus (or deficit) as a percentage of Council operating revenue. The target operating surplus ratio set by the state government is between 0% and 10%.

Council will ensure that expenditure on goods and services to meet established service levels will be undertaken efficiently and effectively. This will be achieved via the development of the annual operating expenditure budget within the guiding parameters contained within the Long Term Financial Plan and the service delivery objectives outlined by the Mayor and Councillors. Expenditure management outcomes will be measured by how Council performs annually against its operating and capital expenditure budget allocations.

Net Financial liabilities ratio and Debt management

New debt will only be incurred for specific capital projects where other funding sources have been exhausted, and where debt will be utilised for intergenerational equity purposes.

The net financial liabilities ratio is one of the three key measures of financial sustainability required under legislation. The net financial liabilities ratio represents Council's net financial liabilities (total liabilities less current assets) expressed as a percentage of total operating revenue. A negative percentage indicates that current assets exceed total liabilities. The target net financial liabilities ratio set by the state government is less than 60%.

Council will adopt a conservative approach to new debt to ensure that the net financial liabilities ratio is below the target over the life of the ten-year financial plan. New debt that may be required to assist with the funding of infrastructure to cater for population growth will be considered on a case by case basis.

Asset sustainability ratio and Asset management

Council will ensure that it maintains its infrastructure and assets on an ongoing basis at defined levels to ensure that services are able to be provided effectively to the community.

The asset sustainability ratio is one of the three key measures of financial sustainability required under legislation. This ratio is calculated by measuring the annual expenditure on the renewal and rehabilitation of Council's assets against the annual depreciation charge. It is a measure of whether Council is reinvesting appropriately in existing infrastructure assets.

Council will target over the life of the ten-year financial plan to achieve a minimum asset sustainability ratio of 90% (including plant, fleet and office equipment renewals) consistent with the benchmark unless condition-based renewal forecasts demonstrate a percentage lower than 90% in any given year.

Established management plans for Council's asset and infrastructure classes will incorporate annual maintenance financial estimates as well as ten-year renewal / replacement forecasts developed from regular asset condition assessments. Asset management plan financial forecasts will be incorporated into Council's ten-year financial plan and annual budget to ensure financial sustainability implications are appropriately considered.

Annual depreciation forecasts will be developed on an asset by asset basis utilising methodology endorsed by the Queensland Audit Office, with assets regularly revalued in accordance with legislative requirements.

Financial analysis for all new and replacement capital projects will be used to inform Council of whole of life costing implications associated with each project.

Commercial opportunities

Commercial opportunities will only be considered if they provide value for money to the community and have a positive net impact on overall general rate funding requirements of Council.

The QTC project decision framework will be utilised for business case analysis for all new identified commercial opportunities. The outcomes from the analysis will be used to inform Council of whole of life costing implications associated with each commercial proposal.

1 INTRODUCTION

1.1 EXECUTIVE SUMMARY

Council's Long Term Financial Plan is a strategic plan providing Council with guiding principles and a financial framework to achieve sustainable financial management now and into the future for our region.

This framework allows Council to understand what opportunities and challenges are faced by our region and sets a sustainable and financially responsible direction for the future to ensure we meet future growth needs.

The Queensland Audit Office Report 'Results of audit: Local government entities 2015/2016' states;

"With the Queensland population expected to increase by 18 per cent in the next 10 years and community expectations for service delivery rising councils need to critically review the services and the service levels they provide to their communities to remain financially sustainable."

Financial sustainability means that over the short, medium and long term Council has the ability to maintain services, programs, infrastructure and support growth expected by the community.

Council will ensure community assets are maintained, upgraded and replaced so that costs are embedded into future planning.

COMMITMENT TO HUMAN RIGHTS

Council is committed to protecting and promoting human rights by ensuring that human rights are considered in all the work we do – from the decisions we make to the services we provide. This commitment is in accordance with Council's obligations under the *Human Rights Act 2019*.

1.2 LOCKYER VALLEY PROFILE

Located a stones throw from Australia's third largest city and quietly nestled in Brisbane's backyard – the Lockyer Valley is now home to more than 42,000 residents, 3,000 businesses and spans in excess of 2,200 square kilometres.

The country living and city convenience is becoming increasingly attractive as people continue to seek to optimise their work-life balance, with our population expanding by more than 1.5 per cent per annum.

The Lockyer Valley has a rich and diverse agricultural landscape, stunning national parks and as demonstrated by a number of natural disasters, the community has the ability to overcome diversity.

The Lockyer Valley is on track to be home to some 48,000 residents in the next five years, directing Council to focus our financial objectives around providing residents and businesses with sustainable management of our region for many years to come.

Managing growth will present Council with challenges, however strategically planning for the future will provide a range of opportunities for our region to continue to grow and prosper.

Council needs careful planning and financial strategies to maintain manageable debt levels over the longer term without affecting service delivery.

VISION

We will deliver sustainable services to enhance the liveability of our community while embracing our economic, cultural and natural diversity.

MISSION

Lead, engage and empower.

OUR VALUES

Values form the basis of our culture. They add meaning to work and they provide a basis for consistent planning and decision making across the organisation. The desired values and behaviours that every employee of Lockyer Valley Regional Council is expected to demonstrate in their daily activities, in the way they behave and in the way they make decisions are:

LEADERSHIP

We lead through excellence and partner with the community to achieve Council's vision and mission.

ACCOUNTABILITY

We accept ownership of our role and take responsibility for our actions. We are results focused, take pride in our successes and efforts and learn from our mistakes.

INTEGRITY

We strive to be valued and trusted by the Lockyer Valley community. We are respectful, open, transparent and honest in our dealings with the community. At all times we act in the best interests of the community.

COMMUNICATION

We embrace diversity and communicate openly and honestly. We listen actively, consider and value the views of others. Our communication is clear, concise and consistent.

CUSTOMER FOCUS

We strive to engage and communicate with our internal and external customers to meet agreed outcomes. We identify and aim to meet the needs of all customers in a responsive and equitable manner.

TEAMWORK AND COLLABORATION

We value creative thinking and look for opportunities to collaborate and connect to deliver a better Lockyer Valley. We work together by recognising and sharing our talents, skills, experience and knowledge.

Long Term Financial Plan 2022-23 to 2031-32 5

2. STRATEGIC FIT

2.1 ALIGNMENT TO CORPORATE PLANS

The Lockyer Valley Regional Council's Long Term Financial Plan is an integral part of Council's strategic planning including:

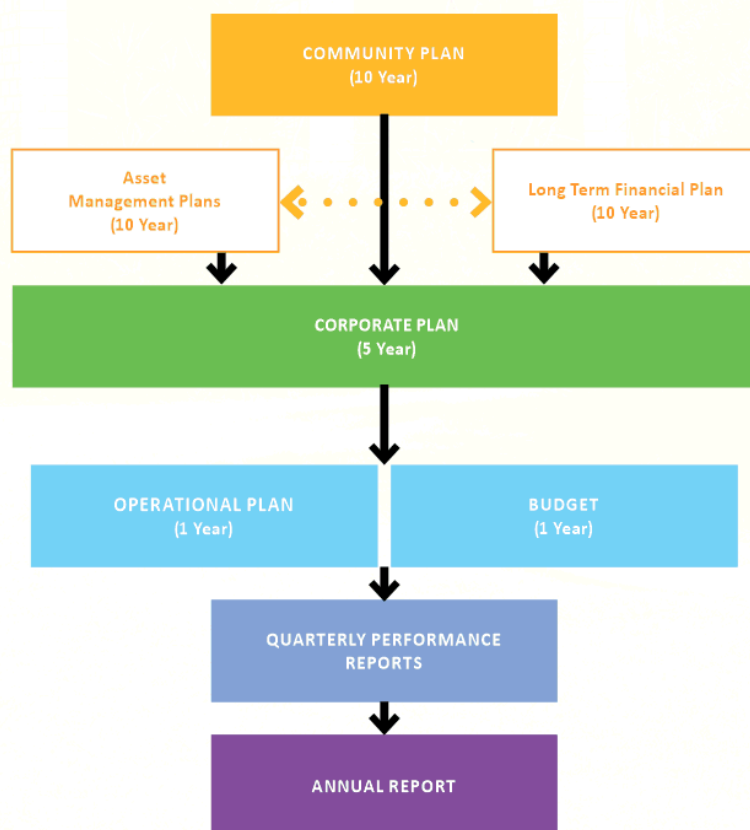

- Community Plan – Lockyer: Our Valley, Our Vision Community Plan 2017-2027
- Corporate Plan 2022-2027
- Operational Plan 2022-2023
- Asset Management Plan 2021

The adoption of a financial strategy is important to provide a tool for ensuring that all financial decisions are made within the context of long-term financial sustainability.

It is also a requirement of the Local Government Regulation 2012 for Councils to have a long term asset management plan that is part of, and consistent with, the long term financial forecast.

STRATEGIC CORPORATE PLANNING FRAMEWORK

The diagram below represents the strategic planning framework used by Council:

2.2 KEY LEGISLATIVE REQUIREMENTS

Section 104 (2) of the Local Government Act 2009 ("the Act") states:

"A local government is financially sustainable if the local government is able to maintain its financial capital and infrastructure capital over the long term."

Section 178 of the Local Government Regulation 2012 – Chapter 5 Financial planning and accountability – Division 1 Financial sustainability statements states:

"(2) A local government's long-term financial sustainability statement must state—

(a) the relevant measures of financial sustainability for the 9 financial years following the year to which the statement relates; and

(b) an explanation of the local government's financial management strategy that is consistent with the long-term financial forecast."

Section 169 of the Local Government Regulation 2012 – Chapter 5 Financial planning and accountability – Division 3 Annual Budget Preparation and content of budget states:

"(5) The relevant measures of financial sustainability are the following measures as described in the financial management (sustainability) guideline – (a) asset sustainability ratio; (b) net financial liabilities ratio; (c) operating surplus ratio."

2.3 POLICY LINKAGES

Section 104 of the *Local Government Act 2009* ("the Act") requires a local government to establish a system of financial management.

The Act requires systems to be implemented so that:

Financial risks are managed prudently and financial policies are formulated to ensure a reasonable degree of equity, stability and predictability so that current services, facilities and activities are financed by current users; and having regard to the effect of the policies on the future users of these services, facilities and activities.

The long term financial plan is influenced by the following policy documents. The policies are reviewed on an annual basis and adopted as part of the budget process.

FINANCIAL SUSTAINABILITY POLICY

The policy covers the key principles as they relate to operating surpluses, expenditure management, asset management, debt, commercial opportunities, and the ratios Council will use to measure financial sustainability.

ASSET MANAGEMENT POLICY

The Asset Management Policy outlines Council's commitment to the effective stewardship of its community assets and infrastructure.

REVENUE POLICY

The Revenue Policy sets out the principles used by Lockyer Valley Regional Council for the making and levying of rates and charges, determining the purpose of and the granting of concessions for rates and charges, recovering overdue rates and charges, methods for setting cost recovery fees and the extent to which physical and social infrastructure costs for new developments are to be funded by charges for the development.

REVENUE STATEMENT

The Revenue Statement is an explanatory statement, detailing the revenue measures adopted in the current budget.

DEBT POLICY

The Debt Policy must state new borrowings for the current financial year and the next nine years and the time over which Council plans to repay existing and new borrowings.

INVESTMENT POLICY

The Policy provides Council's finance officers with an investment framework within which to place Council investments to achieve competitive returns whilst adequately managing risk exposure and ensuring cash funds are available to meet Council's short term cash requirements. In order of priority, the order of investment activities is preservation of capital, liquidity and return.

3. OUR VISION OF FINANCIAL SUSTAINABILITY

3.1 OUTCOMES

Lockyer Valley Regional Council's intent is to maintain financial sustainability now and into the future. Incorporating key areas of focus for all financial decisions to guide the direction for non-negotiable governance within our organisation.

- Reach financial sustainability targets whilst minimising the impact on our ratepayers
- Achieve an annual operational surplus
- Manage current debts and expenditure and seek reductions
- Maintain assets and provide services that meet the needs of the community
- Deliver financially sustainable infrastructure programs with financial sustainability and minimising the operating costs for our rate payers

Making informed financial estimates allow Council to determine future financial trends for short, medium and long term planning. Modelling provides analysis and insights into complex financial scenarios, allowing Council to make informed decisions on how the business will perform in the future. This aligns with Council's vision, mission and values and ensures Council is meeting the needs of our community.

3.2 PRIORITIES

PRIORITY DEVELOPMENT INFRASTRUCTURE

Developments must promote and encourage growth in the Lockyer Valley. The Local Government Infrastructure Plan (LGIP) identifies the local shared infrastructure needed to support planned urban development in the local community. In accordance with the requirements of the *Planning Act 2016* and *Planning Regulation 2017*, Council adopted a resolution that new developments within the region need to ensure they off set transport, stormwater, parks and land for community facilities with infrastructure charges.

CAPITAL WORKS PROGRAM

The capital works program includes the design and delivery of new, upgraded or renewed infrastructure assets. The capital program should consider the risk associated with the new assets considering whole of life costs for the duration of the assets life from construction through to and including its disposal. Funding for this program ranges from, infrastructure contributions, grants and subsidies, reserve funding, general revenue, sales of assets and loans. Council revenue is used to offset operating deficits, fund capital expenditure and debt repayments. Council must use innovative solutions to ensure that infrastructure, especially community assets are generating income to contribute to the renewals program, ensuring that infrastructure and assets meet the requirements of the community and into the future.

FUNDING PROGRAMS

State and Federal grants and funding assist with economic support for Council to deliver infrastructure projects and programs to our region. Investment in our regional Council is imperative to allow economic stimulus to fast-track new community assets and infrastructure. Funding programs are designed to encourage growth, employment opportunities and economic benefits to the community, where Council may not have otherwise had the financial capacity to be able to fund such projects.

FINANCIAL SUSTAINABILITY

Council must ensure coverage of operating activities and net investments in non-financial assets used in the provision of goods and services. Measurement of the businesses strength and our ability to cover financial payments, loans and debt is imperative to meet financial sustainability targets. The reduction in Council's debt balance is important to ensure that costs can be kept to a minimum and loan repayments are reduced where possible to minimise the life of these financial commitments and therefore reducing interest and avoiding Consumer Price Index (CPI) increases.

CASH BALANCES

Due to prudent financial management in recent years, Council currently has a healthy cash balance which is forecast to remain sufficient over the life of the Long Term Financial Plan.

Management of cash reserves and returns from investments require regular review as part of our financial planning model to ensure we optimise our cash reserves. Investing cash in high interest funds can ensure that Council receives good return on investments. Council needs to maintain a healthy reserve to ensure the ability to withstand financial shocks from natural disasters or other unforeseen events.

Council's financial management over the last 10 years has evolved to ensure that we are working towards strengthening our cash balance, whilst minimising the impact on ratepayers. By working towards a lean budget model approach, Council are ensuring that we are making financially responsible decisions whilst providing the community with essential services.

DEBT BALANCES

All borrowing decisions must be carefully considered. The decision on Council's ultimate levels of debt will require a balance between the levels of service provided, affordability for the community and Council's long term financial sustainability.

At present there are three loans from the Queensland Treasury Corporation (QTC), most of which were taken up during the 2011 and 2012 financial years and form a significant portion of our liabilities. These loans are paid on an interest and principal basis and the balances in the plan are forecast on the current loan schedules. The total debt outstanding at 30 June 2022 is \$19.94 million.

Council has also expressed a desire to use surplus cash to make additional repayments and therefore reduce the loan costs with additional payments being made in 2016/2017, 2017/2018, and 2018/2019.

A review is conducted annually and taken to Council to determine if sufficient surplus cash exists and there is a net benefit to making an additional loan repayment to reduce the life span of the loan.

Council have committed to paying down an additional \$6.93M in outstanding debt in the 2022/23 financial year. The remainder of outstanding debt will continue to be repaid over the term of the loan, with all debt due to be fully paid by 2031.

ECONOMIC, ENVIRONMENTAL AND SOCIAL SUSTAINABILITY

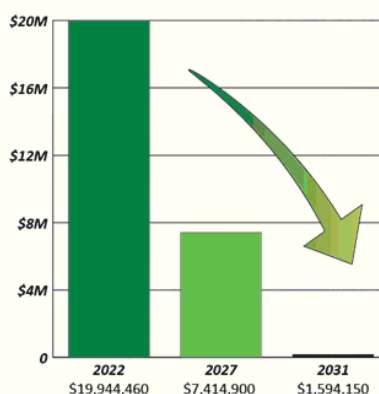

Council's approach to corporate social responsibility can be defined by our long term financial stability, how we care for the environment and collectively growing our social responsibilities and impacts in our community.

Council promotes environmental protection through our consideration of how we procure goods and services by using an environmentally friendly and sustainable methodology for materials that are being used in our projects within the community.

Economic benefits to our region are realised through the effective use of resources and harnessing innovative approaches to design and technology. Environmental sustainability and innovation go hand in hand with our regional long term development and viability.

By driving development and growth, supporting local industry and contributing to socio-economic benefits, this is an integral way in which we are creating a stronger and more resilient community. By showing a commitment to aligning our corporate values to business decisions made by Council, we are ensuring the economic and social systems drive a sustainable standard of living benefiting our region.

\$18.35M REDUCTION IN COUNCIL DEBT OVER THE LIFE OF THE PLAN

3.3 COMMITMENTS

Council have identified a number of commitments that we will be focusing on in the short to medium term to remain financially stable now and into the future. These commitments align with strategic priority areas such as:

- Asset and Service Delivery Management
- Financing and Investment
- Rating
- Process and Efficiency Improvement

Managing our risks and focusing on these key areas will allow council to secure long term financial sustainability.

FINANCING AND INVESTMENT

Scoping and investigating other possible revenue streams to minimise impacts to rate payers.

Regular review of investments and cash reserves to optimising financial benefits to our region.

Ensuring the capital and borrowing programs are regularly reviewed as part of our financial modelling.

RATING

Regularly review Council's rates and charges along with rating strategies and policies to establish that we are meeting legislative and regulatory requirements.

PROCESS AND EFFICIENCY IMPROVEMENT

Continue to improve internal controls and mechanisms for efficiencies. Ensure that information technology (IT) architecture suits the current requirement of the business and ensure regular reviews are made to investigate consolidation options of systems to drive time and cost efficiencies.

Explore and capture efficiencies and improvements by assessing service level and core business areas by investigating opportunities for improvement via innovation and good governance.

LOCAL BENEFITS AND VALUE FOR MONEY

By ensuring the circulation of Council money within our community, local businesses are reaping the benefits of employment and financial stimulus. Procuring local goods, services and employing members of the community ensures that we are contributing and developing our local industries and businesses.

Our region boasts a diverse agricultural landscape and an environmentally fluctuating scenery. Ensuring we procure local businesses where we can, guarantee that our contractors have local knowledge on what is the best way to undertake works, obtain locally sourced resources and ensure that the right people are being utilised on our projects within Lockyer Valley.

Using local business allows value for money decision making, in turn ensuring that we are encouraging economic benefits by being cost conscious and encouraging competition.

Council ensure that procurement decisions are evidence based, efficient and proportionate to maximising our investments. By ensuring that the effectiveness of our projects Council use procurement principles such as performance and risk management, drive for specific results and ensuring that investment in innovative approaches is delivered.

Organisationally Council's accountability and transparency is our responsibility to our community to strengthen continuous improvements and organisational processes. This ensures Council are accountable to all beneficiaries and rate payers so that our results are targeted and delivered on time.

3.4 CHALLENGES AND RISKS

External factors beyond Council's control will always impact our region and Council's financial sustainability. These include changes in the national economy, natural disasters, demographic shift, technological, political and cultural changes. Council is well placed to deal with external challenges as confirmed by Council's Queensland Treasury Corporation (QTC) Credit Rating of "Moderate with a Neutral outlook".

External factors influencing our region are integral components in the development of our strategic plans and policies. Factors such as Consumer Price Index (CPI) movements, growth rates, exchange rates, interest rates are all economic comparative measures of growth that are unknowns and can only be modelled and assumed.

Climate change and natural disasters are environmental unknowns that have impacted our region over the last ten years. Part of our financial planning is to understand potential future risks that cause vulnerability within our region. Enhanced resilience is imperative as the effect of climate change is most likely to continue to occur and impact our community.

Supply of materials and availability of contractors to undertake capital and operational work programs have been affected most recently by a global pandemic. The flow on effects have been felt by every single person in our community and Council is not immune to these impacts. There is also additional pressure on Council to ensure grant funded projects are completed within specified timeframes. If these are not met the financial responsibility falls back to Council.

Lockyer Valley Regional Council are shareholders in Urban Utilities (UU), who are responsible for the management, supply and maintenance of water and wastewater. Distribution of dividends received from Urban Utilities are dependent on their current earnings as determined by the financial stability of their business.

3.5 RISK MANAGEMENT AND MITIGATION

CONSEQUENCE	Catastrophic	Major	Moderate	Minor	Insignificant
LIKELIHOOD	Almost Certain	Likely	Possible	Unlikely	Rare
RISK RATING	Extreme	High	Medium	Low	

RISK	RISK COMMENT	CONSEQUENCE	LIKELIHOOD	RISK RATING	REVIEW
Government Grants	Changes in the amount or timing of the payment of the Federal Assistance Grants will result in a reduction in cash flows and Operating Surplus.	Moderate	Possible	Medium	Quarterly
Project Costing and Due Diligence	Failure to undertake accurate costing and due diligence on funded projects (ie Queensland Reconstruction Authority) may result in council needing to financially support grant funded projects.	Moderate	Possible	Medium	Quarterly
Urban Utilities Dividends	An Unfavourable change to the Urban Utilities (UU) dividend policy will result in a reduction in cash flows and operating surplus.	Moderate	Possible	Medium	Quarterly
Infrastructure Cash Balances	The timing of the cash outflows for the construction of new infrastructure does not match the timing of the cash inflows from infrastructure charges which may impact adversely on Council's general cash balances.	Moderate	Possible	Medium	Quarterly
Procurement Strategy and Planning	Lack of strategic procurement and planning means Council is not optimising its buying power which could result in value for money not being obtained and increased cost sustained by Council.	Moderate	Likely	High	Monthly

4. KEY AREAS OF INTEREST

4.1 COUNCIL'S ASSET MANAGEMENT AND SERVICES

Financial sustainability systematically requires a strong underlying asset management enterprise. Proactive strategies are designed to prevent challenges by ensuring activity schedules, expectations and opportunities are planned for future requirements.

New and emerging infrastructure need to meet the needs of the community by ensuring they are fit for purpose and can facilitate future growth in technology and expansion. Assets that are well maintained as they age can remain effective and sustainable infrastructure. Investment in maintenance and operations of Council owned assets such as roads, community sports and recreational facilities should last years to come.

Effective acquisition, operation and disposal of assets requires effective planning with supportive asset maintenance via upgrades and consolidation. Socio-ecological impacts can be reduced by ensuring that future assets are built in a sustainable manner and meet designated timeframes for completion. Council facilities must meet the needs of the community whilst ensuring we are providing a high quality of service.

4.2 COUNCIL'S QUEENSLAND TREASURY CORPORATION CREDIT RATING / BORROWING CAPACITY

As an organisation Council strives to deliver purposeful, cost effective and substantiable projects that align with the communities expectations whilst meeting a financial sustainability outlook.

The Queensland Treasury Corporation (QTC) undertakes a financial review as part of the Local Government Borrowings Program or as requested by the State Department, Infrastructure, Local Government and Planning (the Department) or Council. Predominantly the reviews are aimed at Council's capacity to repay existing debt and additional borrowings. QTC Reviews provide an independent assessment of Council's financial position and stability.

Council's rating is currently "Moderate with a Neutral outlook" which improved from the 2016 review. As per QTC's definitions, a rating of moderate means:

"A local government with a capacity to meet its financial commitments is moderate in the short to medium-term but is at an acceptable limit in the long-term. This capacity may be weakened by adverse changes in general business and economic conditions including unforeseen financial shocks. It may also be weakened by adverse changes to its business and operational environment. The capacity to manage core business risks is moderate."

A neutral outlook means:

"There are no known foreseeable events that would have a direct impact on the local government's capacity to meet its financial commitments. It may be possible for a rating upgrade or downgrade to occur from a neutral outlook, if such an event or circumstance warranted as such."

REVIEW DATE	RATING	OUTLOOK
2012	Moderate	Neutral
2013	Moderate	Negative
2014 (March)	Moderate	Negative
2014 (December)	Weak	Neutral
2016	Weak	Neutral
2020	Moderate	Neutral

4.3 LONG TERM FINANCIAL FORECAST

In developing the long term financial forecast, Council has applied the principles of equity, effectiveness, simplicity and affordability.

4.4 LONG TERM FINANCIAL PLAN – THE NEXT 10 YEARS

In the short term, financial viability is important to ensure we deliver benefits to the current community. Due to the current environmental factors that have ravaged our region, it is important to ensure Council is contributing and delivering on projects and remedial works which support the community infrastructure and recovery.

The impacts of these events will have medium to long term financial and socio-economic effects. The development of strategies and investing for the future will ensure that we maintain a financially viable and stable outlook. Long term our goal is to ensure we are future proofing our region for generations to come.

The way forward is through responsible and sustainable development strategies and ensuring that Council is reducing our debt balances.

Council's long term agenda must always be the driving force behind our short and medium term financial planning.

4.5 KEY ASSUMPTIONS

There are some key assumptions in our Long Term Financial Plan are based on factors that are out of our control.

- Consumer Price Index (CPI) – Consumer Price Index is a key variable within our financial planning model.
- Council Cost Index (CCI) – advertised in December each year by Local Government Association Queensland (LGAQ).
- Growth Projection – Population modelling data is used in conjunction with property growth and development based on historical data.
- Urban Utilities – Water and Wastewater are reviews and based on the Queensland Competition Authority (QCA) Guidelines.
- Grants and Subsidies – Ongoing eligibility and receivability of State and Federal Government grants.
- Other Income Sources – Fees and charges, recoverable contract work, rental income etc.

4.6 FINANCIAL SUSTAINABILITY RATIOS

The results for Council's measures of financial sustainability are shown below. The future ratios are based on the 2022-23 budget and long term financial forecast.

Operating Surplus Ratio: Operating result as a percentage of operating revenue. This indicates the extent to which revenues cover operational expenses only or are also available for capital funding. A positive ratio means that the surplus can be used for capital expenditures or debt repayments.

Net Financial Liabilities Ratio: (Total liabilities – current assets) ÷ operating revenues. This indicates that net financial debt can be serviced by operating revenues. A ratio greater than zero implies that liabilities exceed current assets.

Asset Sustainability Ratio: Capital expenditure on replacement assets ÷ depreciation expense. This is an approximation of the extent to which the infrastructure assets managed by Council are being replaced as service potential is used up. Ongoing review of Asset Management Plans will influence our year results.

	Target	2023	2024	2025	2026	2027	2028	2029	2030	2031	2032	Average

Net Financial Asset / Liability Ratio (((Total Liabilities - Current Assets) / Total Operating Revenue)	<= 60%	28.6%	30.6%	31.0%	34.0%	33.2%	30.0%	27.2%	20.7%	16.1%	15.2%	26.7%
Asset Sustainability Ratio (Capital Expenditure on the Replacement of Assets (renewals) / Depreciation Expense)	>90%	174.1%	113.4%	93.7%	94.8%	86.6%	87.0%	85.8%	90.3%	93.8%	87.3%	100.7%

Council also utilises the Cash Expense Cover Ratio when assessing our financial sustainability.

The cash expense cover ratio is a key indicator utilised to measure Council liquidity (i.e. current financial health) and to also assess ongoing financial sustainability risk.

This ratio calculates how long Council can continue paying its day-to-day expenses from retained earnings without needing additional cash flow injections.

6. SENSITIVITY ANALYSIS

In order to understand the potential impacts of changes to key drivers over the life of the plan, the following sensitivities include:

1. General Rates Revenues +/- 1%
2. Employee costs +/- 1% on EB increase
3. Depreciation – tri annual valuation +/- 5% of estimated asset base 2022
4. CAPEX – renewals -\$1.00M

The Queensland Audit Office (QAO) report “Forecasting long term sustainability of local government 2016-17” states that *Council’s should undertake sensitivity analysis on the variables that have the biggest impact on the budget and long term financial forecast.*

As part of our budget process, Council model the above sensitivities separately. The difference in the 10 year average by applying each sensitivity can be seen in the following table.

	BASE CASE	RATES		EMPLOYEE COSTS		VALUATIONS		RENEWALS
		+1.00%	-1.00%	+1.00%	-1.00%	+5.00% of base	-5.00% of base	
OPERATING SURPLUS	1.7%	2.3%	1.0%	1.2%	2.1%	0.5%	2.8%	N/A
NET FINANCIAL ASSET/LIABILITY	26.7%	23.5%	29.8%	29.0%	24.4%	N/A	N/A	N/A
ASSET SUSTAINABILITY	100.7%	N/A	N/A	N/A	N/A	95.8%	106.5%	94.4%
CASH COVERAGE	4.81	5.26	4.36	4.44	5.18	N/A	N/A	5.67

Of the sensitivities modelled, changes in rates have the biggest impact on the operating surplus ratio through the impact on the amount of revenue being raised. Ratios are within the recommended targets and a year-by-year basis some ratios go above or below the thresholds depending on the scenario.

5.7 Operational Plan 2022-2023

Author: Madonna Brennan, Risk, Audit and Corporate Planning Advisor
Responsible Officer: Ian Church, Chief Executive Officer

Purpose:

The purpose of this report is to seek Council's adoption of the annual Operational Plan for the 2022-2023 financial year, with the adoption of the annual Budget.

Officer's Recommendation:

THAT Council adopt the Operational Plan 2022-2023, as attached this report.

Executive Summary

The *Local Government Act 2009* and *Local Government Regulation 2012* require Council to prepare and adopt an operational plan for each financial year. The operational plan identifies planned activities for the organisation, consistent with the Corporate Plan 2022-2027 and the annual Budget.

Proposal

The annual Operational Plan 2022-2023 (as attached) is a key financial planning and corporate performance reporting document for Council and is presented in accordance with the legislative requirement of the *Local Government Act 2009* and the *Local Government Regulation 2012* for adoption at the same time as Council considers and adopts the 2022-2023 Budget.

The Operational Plan 2022-2023 is the first annual plan developed to achieve the Outcomes and Commitments of the 2022-2027 Corporate Plan. Seventeen deliverables of strategic significance have been included to be completed to the identified milestone for this financial year.

A breakdown of the deliverable for each Corporate Plan theme is as follows:

Theme	Total Action Items for 2022-2023
Lockyer Community	3
Lockyer Business, Farming and Livelihood	4
Lockyer Nature	2
Lockyer Planned	3
Lockyer Leadership & Council	5

Previous Council Resolutions

INTRODUCTION

ABOUT THE OPERATIONAL PLAN

The Operational Plan (the Plan) is a strategic document that is developed and adopted annually with the Budget. The Plan captures strategic deliverables for the 2022-2023 financial year to ensure Council delivers the Commitments and Outcomes of the Corporate Plan 2022-2027.

The Operational Plan 2022-2023 sets the one year direction for Council. The Plan articulates our deliverables, areas of responsibility, addresses Council's risks and monitors the overall performance of Council.

Section 104 (5)(v) of the *Local Government Act 2009* requires that Council must under its system of financial management establish an annual Operational Plan. Sections 174 and 175 of the *Local Government Regulation 2012* determine the preparation, adoption and content requirements of the annual Operational Plan.

BUILDING OUR OPERATIONAL PLAN

Like the Corporate Plan, the Operational Plan utilises the seven (7) themes of the Community Plan as the framework with the inclusion of an eighth theme, Lockyer Council.

Below are the eight themes, some of which have been combined in the Corporate and Operational Plans where similar outcomes exist:

- Lockyer Community
- Lockyer Business, Farming and Livelihood
- Lockyer Nature
- Lockyer Planned
- Lockyer Leadership and Council

The development process was undertaken in conjunction with the 2022-2023 budget preparation in consultation with Council staff. The Plan was presented to Council for adoption with the Budget at the Special Meeting of Council on 20 July 2022.

VISION, MISSION AND VALUES

VISION

We will deliver sustainable services to enhance the liveability of our community while embracing our economic, cultural and natural diversity.

MISSION

Lead, engage and empower.

OUR VALUES

Values form the basis of our culture. They add meaning to work and they provide a basis for consistent planning and decision making across the organisation. To ensure that staff live our values, every employee of Lockyer Valley Regional Council is expected to demonstrate articulated behaviours in their daily activities and in the way they make decisions. Our values are:

LEADERSHIP

We lead through excellence and partner with the community to achieve Council's vision and mission.

ACCOUNTABILITY

We accept ownership of our role and take responsibility for our actions. We are results focused, take pride in our successes and efforts and learn from our mistakes.

INTEGRITY

We strive to be valued and trusted by the Lockyer Valley community. We are respectful, open, transparent and honest in our dealings with the community. At all times we act in the best interests of the community.

COMMUNICATION

We embrace diversity and communicate openly and honestly. We listen actively, consider and value the views of others. Our communication is clear, concise and consistent.

CUSTOMER FOCUS

We strive to engage and communicate with our internal and external customers to meet agreed outcomes. We identify and aim to meet the needs of all customers in a responsive and equitable manner.

TEAMWORK AND COLLABORATION

We value creative thinking and look for opportunities to collaborate and connect to deliver a better Lockyer Valley. We work together by recognising and sharing our talents, skills, experience and knowledge.

FEDERAL, STATE AND LOCAL GOVERNMENT RESPONSIBILITIES

The priorities raised by the community present challenges which cannot be addressed by Council alone. Many of these priorities are the responsibility of the Australian and Queensland Governments and community organisations. In “Lockyer: Our Valley, Our Vision Community Plan 2017-2027”, these organisations are identified for the Lockyer Valley region.

Where Council is not responsible for the provision of a particular service we can advocate to the relevant agency to secure support, funding and agreements for the benefit of the Lockyer Valley community.

OUR ROLE

As we work towards our outcomes, we recognise that not all of them can be achieved by Council alone. Council will fulfil a range of roles in working to achieve the outcomes outlined in this plan.

These roles include:

COUNCIL ROLE DESCRIPTION

Provider	Delivering services
Funder	Funding other parties to deliver services
Regulator	Regulating activities through legislation, local laws or policies
Partner	Forming partnerships and strategic alliances with other parties in the interests of the community
Facilitator	Assisting others to be involved in activities by bringing groups and interested parties together
Advocate	Promoting the interest of the community to other decision makers and influencers

COMMITMENT TO HUMAN RIGHTS

Council is committed to protecting and promoting human rights by ensuring that human rights are considered in all the work we do – from the decisions we make to the services we provide. This commitment is in accordance with Council’s obligations under the *Human Rights Act 2019*.

STRATEGIC CORPORATE PLANNING FRAMEWORK

The diagram below represents the strategic corporate planning framework used by Council

MONITORING OUR PROGRESS

QUARTERLY PERFORMANCE REPORT

Every quarter, a performance report is prepared and presented to Council by the Chief Executive Officer. This report outlines performance against the outcomes of the Corporate Plan and activities of the Annual Operational Plan.

ANNUAL REPORT

At the end of the financial year, Council produces an Annual Report that reviews the performance achieved. The Annual Report provides the community with operational and financial information about Council's performance against the outcomes and service delivery commitments set out in the Corporate and Operational Plans.

FINANCING OUR OPERATIONS

The following table outlines Council's 2022-2023 Budget against the themes of the Corporate Plan 2022-2027.

Theme	Operating Revenue	Operating Expense	Capital Revenue	Capital Expense
Lockyer Community	\$2,246,831	\$5,592,172	\$95,000	\$211,000
Lockyer Business, Farming and Livelihood	\$1,069,500	\$2,483,137	-	\$725,000
Lockyer Nature	\$655,456	\$654,562	-	-
Lockyer Planned	\$18,117,076	\$23,493,645	\$13,170,307	\$28,415,971.00
Lockyer Leadership and Council	\$44,064,357	\$33,026,655	\$1,115,000	\$2,717,300
Total	\$66,153,220.00	\$65,250,170.02	\$14,380,307.00	\$32,069,271.00

MANAGING OUR RISKS

To ensure a streamlined and simplified approach to identifying and managing our risk, Council has identified its key categories of risk in the Corporate Risk Management Policy, Framework and Risk Register. These risk categories, identified below, have been incorporated into the strategic corporate planning process with operational risk identification included against each deliverable of the Operational Plan:

- Financial and Economic (FE1) – financial sustainability to support the achievement of strategy, goals and objectives in the medium to long term.
- Financial and Economic (FE2) – decision making governance, due diligence, accountability and sustainability.
- Infrastructure and Assets (IA1) – Planning, managing and maintaining assets now and for the future
- Infrastructure and Assets (IA2) – Deliver major projects (time, cost, scope and quality)
- Infrastructure and Assets (IA3) – Information and technology capacity and management.
- Business Continuity and Systems (BC1) – Provision of core services now and into the future
- Environment and Community (EC1) – Environment and the community, including sustainable development, social and community wellbeing, relationships, public health, recreation, regional profile and identity.
- Legal compliance and liability (LCL1) – Compliance management – regulatory or contract compliance, litigation, liability and prosecution.
- Political (P1) - Intergovernmental relationships/relationships with other key stakeholders.
- Reputation (R1) – Reputation and goodwill
- Staff (S1) – Strategic workforce planning and management
- Workplace Health and Safety (WHS1) – Health and Safety

Council has also adopted a Risk Appetite Statement which defines the amount of risk Council is willing to pursue, retain, take or turn away from in the achievement of its strategic vision, commitments and outcomes and delivery of its services and projects.

1

LOCKYER COMMUNITY

Our healthy community welcomes the spirited diversity found within our region. Times of hardship highlight our resilience. Our high standards support our quality of life and vibrancy while providing a dynamic and safe place full of opportunity. We strive to build on who we are and all that our region has to offer by connecting business, the community and government.

CORPORATE PLAN OUTCOMES

- A community with fair and reasonable access to services.
- Council optimises the use of its open spaces and facilities by improving access to and the quality of the facilities for individuals and groups for cultural, recreational and community activities.
- Enhanced wellbeing and safety of the community.
- Council seeks to understand community needs, resulting in partnerships that realise long-term benefits for the community in a timely manner.
- Events and activities that bring together and support greater connectivity in the community.
- The community's preparedness for disasters is improved through community education, training and strong partnerships between Council and other agencies.
